## A.3 Foreword by the MEC of Finance, Mr. RR Pillay –

As the MEC for Finance in KwaZulu-Natal (KZN), it is both an honour and a privilege to lead this Department as we enter the second term of the 6<sup>th</sup> Administration. This Department is mandated with a huge responsibility of promoting sound financial management practices and fiscal management to achieve good governance.

Provincial Treasury is further required to promote sound processes, controls and improved capabilities in Departments, Municipalities and Public Entities. This is not an easy task, particularly as it is aimed at reducing unauthorised, irregular, fruitless and wasteful expenditure thereby improving audit outcomes.

The economic indicators show that 2019/20 was one of the most challenging financial years in the history of South Africa (SA). Though the real gross domestic product (GDP) demonstrated an impressive moderate growth of 3.2% in the second quarter of 2019, this was short-lived as the country's economy contracted by 0.6% and 1.4% in the third and fourth quarters of 2019, respectively. SA unfortunately, closed the 2019/20 financial year with an uninspiring negative GDP growth rate of 2% in the first three months of this year.

The disappointing contraction that perpetuated the on-going technical recession at the beginning of 2020 was to a large extent due to the coronavirus (COVID-19) pandemic. This virus continues to shut down economic activities in advanced economies and across the globe. It is disrupting billions of lives and jeopardising decades of development progress. As a result of this pandemic, major financial institutions such as the International Monetary Fund, World Bank, Organisation for Economic Cooperation and Development and the South African Reserve Bank are already expecting the economy of SA to contract by between 6% and 8% this year.

In KZN, GDP is projected to shrink by close to 10% this year, after the estimated contraction of 0.1% in 2019. These depressive growth rates are unfortunately detrimental to the creation of job opportunities and reducing poverty as envisaged in the National Development Plan and the Provincial Growth and Development Plan (PGDP) and the 2019-2024 Medium Term Strategic Framework (MTSF).

Despite these subdued economic conditions, we, as Provincial Treasury, continued to implement financial governance through cash blocking system for the effectiveness of cash management by departments to disburse payments to suppliers only when they have cash available.

This control mechanism ensured that the province continued to remain cash positive. We also provided support to departments, municipalities and public entities on supply chain management policies and

procedures. While implementing these strategic financial management interventions, we obtained the

eleventh consecutive clean audit report for 2018/19.

In collaboration with other Departments, we conducted a review of the adequacy and effectiveness of

internal controls to enhance overall good governance. This process was undertaken to strengthen the

adequacy of Departments' audit improvement strategies to address previous Auditor General's adverse

findings. We further embarked on advisory service projects that were designed to capacitate

departments on strategic interventions such as business continuity plans and fraud prevention plans,

among others. Other critical frameworks undertaken to improve good governance, included the

combined assurance model and reviewed the risk management framework. These initiatives were

prioritised and finalised and are already implemented during the turbulent 2020/21.

Notwithstanding the budget cuts and financial constraints due to sluggish economic performance and

the population data used by National Treasury when allocating funding to provinces, we completed a

total of 54 forensic investigations. We also conducted 65 follow-ups to track the status of

implementation of recommendations arising from forensic investigation reports. The Anti-Corruption

Task Team was revitalised, and the Fraud Case Management system was developed. These

interventions will be used to record, consolidate and track all forensic investigations conducted within all

spheres of government.

As required by the Municipal Financial Management Act, we continued to provide technical support to

delegated municipalities. The key activities included monitoring of the implementation of the budgeting

framework by municipalities, providing guidance on budget planning and implementation, monitoring,

evaluating and reporting on budget implementation, as well as the monitoring and reporting on

compliance.

We further continued to provide support on infrastructure reporting using the Infrastructure Reporting

Model, Infrastructure Delivery Management and the KZN Infrastructure Master Plan for all provincial

infrastructure projects. These interventions were undertaken to enable the province to implement

economic and social infrastructure projects required to kick-start economic development that is needed

for the benefit of the most vulnerable communities in KZN.

Mr R.R. Pillay

MEC for Finance (KwaZulu-Natal)

## A.4 Introduction by the Head of Department, Mrs Neli Shezi (Acting)

The financial year 2019/20 came with a change of leadership for government in general, who in turn had to lead departments that were faced with the task of managing the shrinking fiscal resources.

While tabling the national budget, the Honourable Minister of Finance, Mr Tito Mboweni had said that we had expected economic growth of 0.7% in 2018 and that this was still our estimate. He further said they expected a slower, but still steady recovery after the 2018 technical recession, with real GDP growth in 2019 expected to rise to 1.5% and to strengthen moderately to 2.1% in 2021. Sadly, the economy remained fragile.

As if that was not enough, KwaZulu-Natal suffered substantial budget cuts over the previous MTEF periods. Some of these cuts related to the annual data update of the equitable share formula, while others related to National Treasury's fiscal consolidation plan. Unfortunately, we were not spared from budget cuts over the 2019/20 MTEF either.

Despite the challenges mentioned above, KZN Treasury continued to perform its mandate as prescribed by the Public Finance Management Act (PFMA) and Treasury Regulations, resulting in the department receiving a 10<sup>th</sup> consecutive clean audit report around June last year - a milestone and an historic moment in the history of public administration.

This bears testimony that KZN Treasury has continuously ensured that fiscal discipline in the provincial administration is achieved through careful oversight and continued implementation of the cost-cutting measures, together with careful budget and cash management. We are proud to say that we ended the financial year under review with the bank balance of the province remaining cash positive as it has been since May 2010.

This achievement is a direct consequence of consistently and efficiently implementing all the elements of good governance, characterised by prudent financial controls.

Unfortunately, however, not all public institutions have mastered the art of good governance. This is evident from the persistent negative findings by the Auditor General. The Provincial Treasury has been called upon by the Executive Council to intensify its support to departments, with a view to assisting them to improve their audit outcomes.

The concept of good governance has been measured, studied and defined by numerous agents, international organisations and academics around the world, who have developed an array of theories as well as multiple and diverse standards for outlining what constitutes good governance.

The outbreak of the coronavirus and the need to find resources to deal with it had sadly added to our financial woes. However, Provincial Treasury remains committed to fiscal prudence and has therefore put measures in place to reduce risks which may arise from Covid-19 emergency procurement. We are performing oversight over all covid-19 related procurement and KZN Treasury will play its role to ensure that the province navigates this storm successfully.

As KZN Treasury, we pride ourselves in the knowledge that the management of public finances is in good hands as a result of strong and dedicated professionals that work collaboratively and efficiently with other departments, public entities and municipalities. This happens despite the challenging fiscal environment we face.

Even in turbulent economic times like these that the country and the globe find themselves in, as KZN Treasury-the Guardian of the Public Purse, we remain committed to becoming the centre of excellence in the management of fiscal resources going forward.

Mrs Neli Shezi

A Lozi

## A.5 Report by the Accounting Officer to the Executive Authority and the KwaZulu-Natal Legislature

### **OVERVIEW OF THE OPERATIONS OF THE DEPARTMENT**

Provincial Treasury (PT) received an allocation of R721, 629 million in 2019/20 financial year. During the 2019/20 adjustments this allocation was adjusted to R727, 654 million and this was largely for financial management for general oversight and support to all Departments, Municipalities and Public entities, in areas such as:

- Infrastructure Management Support,
- Financial management support,
- Supply Chain Management (SCM),
- Support for transversal financial systems,
- Internal audit services, as well as
- Municipal Support Programme,

PT has made reasonable progress in respect of providing support and guidance to provincial departments in improving their planning and implementation of infrastructure programmes and project initiatives to obtain value for money. The department has Technical Advisors which assist the departments in the infrastructure delivery through the application of the principles and guidelines of the Infrastructure Delivery Management System (IDMS).

During the adjustments estimate the department introduced the Irregular expenditure project to assist provincial departments to clear the backlog of irregular expenditure in the province. The project was allocated a total amount of R13 million which was a reprioritization within the department's budget.

Through financial management support, SCM and Accounting Services has provided a hands-on support and undertook comprehensive compliance assessments of departments, municipalities and public entities to help reduce irregular expenditure on SCM-related processes.

PT has through Provincial Internal Audit Services (PIAS) performed Risk-based audits with specific focus on overall good governance, and continued assisting Departments in ensuring that risk assessments are performed. Through the Municipal Support Program (MSP), PT managed to provide a hands-on technical support to delegated municipalities with the primary aim of ensuring compliance with the MFMA and other relevant legislation with the aim to improve the audit results of the delegated municipalities.

The department continues to enforce the adherence to the cost-cutting measures, as every cent saved through cost-cutting allows us to redirect these funds to service delivery spending areas.

There are no other material facts or circumstances which may have an effect on the understanding of the financial state of affairs not addressed elsewhere in this report that I'm aware of.

### **GENERAL REVIEW OF THE STATE OF FINANCIAL AFFAIRS**

## **GENERAL REVIEW OF THE STATE OF FINANCIAL AFFAIRS**

The table below shows the revenue budget and collected for Provincial Treasury for the year-ending 2019/20.

|   | 2019/20    |                               | 2018/19                    |            |                               |                            |

| Interest, dividends and rent on land                      | R 365, 000 | R 599, 025                    | R 234, 025                 | R 295, 219 | R 471, 010                    | R 175, 791                 |
| Sale of capital assets                                    | R 204      | R 1,434                       | R 1,230                    | R 203      | R 0                           | R 203                      |
| Financial<br>transactions in<br>assets and<br>liabilities | R 410      | R 2,194                       | R 1, 784                   | R 407      | R 433                         | R 26                       |
| Total   | R 365, 842 | R 602, 957                    | R 237, 115                 | R 296, 056 | R 471, 730                    | R 175, 674                 |

The actual revenue collected in the 2019/20 financial year was R602 957 million against a budget of R365 842 million, resulting in an over collection at year end of R237 115 million. The over collection is explained per economic classification as follows:

- Sale of goods and services other than capital assets The revenue collected under this category relates to parking fees, gaming licenses, commission received on PERSAL deductions and sale of tender documents. The over collection is mainly from commission on garnishee fees, sale of tender document and sale of assets <R5000 that was higher than anticipated.
- Fines, penalties and Forfeits There were no fines or penalties collected under this category.
- Interest, dividends and rent on land Revenue collected against this category is from interest earned on the Inter-Governmental Cash Co-ordination (IGCC) and the Pay Master-General (PMG) accounts. The enormity of the interest earned by these accounts is related to the amount of cash on hand and interest rate volatility, as the IGCC account has been cash positive due to the implementation of cost-cutting measures and tight cash flow management by provincial departments
- **Sale of capital assets** The over collection against this item was due to the sale or auctioning of old motor vehicles, machinery and equipment.
- Transactions in financial assets and liabilities Revenue generated against this category is mainly attributed to recovery of debts from previous financial years. It is often difficult to accurately forecast for this category due to its indeterminate nature.

The main appropriation of Provincial Treasury was R721 629 million in 2019/20. During the year, the department's budget was increased by R6, 025 million to R727, 654 million which was appropriated during 2019/20 Adjustments Estimate.

The main adjustments that led to the increase in the budget are summarised below;

Roll-overs: Approval was granted for the roll-over of R4 million from 2017/18 financial year.

**Other adjustments**: Additional funding of R2, 025 million was allocated to *Households* under Programme 1 in respect of the Severance Package for the ex-MEC exit.

Spending in respect of *Programmes* can be summarised as follows:

- Programme 1 This programme spent 86% of the allocated budget. The substantial underspending of (14%) was mainly due to; -
  - delays in the appointment of Resources in respect of Irregular Expenditure project,
  - slow spending on the Health/Treasury Assistant project,
  - savings were also realised due to no purchasing of Motor Vehicles during the year, and
  - Further savings due to the delays in the filling of vacant funded posts mainly from the office of the MEC of (R2, 1m), HOD of (R2,3m) and Corporate Services of (R1,4m) due

to lengthy recruitment process. The adherence to cost cutting measures also resulted in savings on Subsistence and Travel and other operational items.

- Programme 2 This programme spent 92% of the allocated budget. The under-spending of (8%)
  was mainly due to; -
  - slow spending in the Infrastructure Crack team with regard to infrastructure support offered by the unit which is mainly driven on a needs basis of departments/municipalities,
  - savings were realized via an IDA claims in relations to the appointment of the DDG as Acting HOD of DARD and the Director: Provincial Own Revenue post which was vacated during the year,
  - Further savings were realised on S&T, Training & Development and the balance is the operating costs.
- Programme 3 This programme spent 98% of the allocated budget. The slight under-spending of (2%) was mainly due to; -
  - savings were realised from Bank charges being lower than budgeted,
  - savings on advertising and S&T being lower than anticipated,
  - further savings were realised on Training, Computers, Communication and Stationery being lower due to adherence to the cost cutting measures.
  - Under-expenditure as a result of the late filling of vacant funded posts mainly under Assets & Liabilities as well as PPP.
- Programme 4 This programme spend 93% of the allocated budget. The under-spending of (7%) was mainly due to; -
  - orders of (R6.1m) that were not issued in 2019/20 in respect of planned Risk Management projects such as Risk Maturity Reviews as projects were brought forward from previous financial years,
  - savings were realised on Compensation of Employees due to delays in the filling of vacant funded posts within this programme,

- further savings were also realised from S&T, Stationery, Training, Communication, and Computers.
- the balance is savings from other operational items.
- Programme 5 This programme spent 98% of the allocated budget. The under-spending of (2%)
  was mainly due to; -
  - the delays in the filling of vacant funded, and
  - savings were also realised on S&T, other operating expenditure due to cost cutting measures, as well as Computers.

### Spending in respect of *Economic Classification* can be summarised as follows:

- Compensation of Employees was under-spent by R12. 885 million i.e. (3%) mainly due to:
  - Unfilled vacant funded posts and the recruitment processes that are unfinalised, as well as vacant posts that were vacated during the financial year.
- Goods and Services was under-spent by R33.484 million i.e. (9%). This was attributed to the following:
  - Health/Treasury assistance budget was not fully spent,
  - Slow spending on the Irregular expenditure project as the project started very late in the year.
  - Slow spending in the Infrastructure Support project with regard to infrastructure support offered by the unit which is mainly driven on a needs basis of departments/municipalities;
  - orders of (R6.1m) that were not issued in 2019/20 in respect of planned Risk Management projects such as Risk Maturity Reviews as projects were brought forward from previous financial years,
  - pending Forensics and Criminal cases that are outside the control of the department,
  - balance of the savings is coming from S&T, Training, Communication and other operational costs due to strict adherence to the cost-cutting measure circular.

- Transfers and Subsidies was under-spent at year-end by R371 000 i.e. (6%) mainly due to:
  - Provinces and Municipalities in respect of the Motor Vehicle licenses was under-spent by R1000 i.e. (2%) at year-end as they were lower than budgeted for.
  - Non-profit Institutions was under-spent at year-end by R138 000 i.e. (27%) in respect of cash donations that were lower than budgeted.
  - Households was under-spent at year-end by R231 000 i.e. (4%) due to external bursaries being lower than budgeted.
- Payments for Capital Assets was under-spent at year-end by R8, 897 i.e. (55%) mainly due to:
  - Machinery and Equipment was underspent by R7, 537 million (51%) as the department did not need to procure or replace motor vehicles during the financial year.
  - Software & Other Intangible Assets was not spent.

## The following post virements were made between Programmes:

## Programme 1

An amount of R3.476 million was moved out of this programme to programme 3 as follows:

- An amount of R906 000 was moved to Accounting Services (P3) under compensation of employees to cover for salary costs that were higher than anticipated.
- An amount of R2.570 million was moved to Systems (P3) under goods and services to cater for Computer Services as a result of higher exchange rate on Forex (Microsoft).

## The following post virements were made between Economic Classification:

- R3.427 million was moved out from Compensation of employees as follows:
  - R2.129 million was moved to Goods and Services to defray over-expenditure.
  - R581 000 was moved to Transfers and Subsidies under various items to defray overexpenditure.
  - R670 000 was moved to Machinery & Equipment.
  - R47 000 was moved to Payment for financial assets.

Various post virements and shifts were made between economic classification items within the various programmes and sub-programmes.

All Virements were approved by the Accounting Officer of the department in terms of Section 43(1) of the Public Finance Management Act and Public Finance.

### 2019/20 Rollovers

The department has requested a roll-over of R10 million for *Goods and Services* budget in respect of Irregular Expenditure Project with the aim of reducing Irregular expenditure in the province.

## Fruitless, Wasteful or Irregular Expenditure

The value of irregular transactions condoned for 2019/20 financial year was R662 000.

## Future plans of the department

The department will continue to implement its strategic plan targets as contained in the revised 2020/21 Annual Performance Plan document.

## **Public Private Partnerships**

The department had no PPP project in the 2019/20 financial year and there is none planned currently.

### Discontinued activities / activities to be discontinued

The Forensic unit under Programme 4 will be transferred to the Office of the Premier effective 1 August 2020.

## New or proposed activities

None.

## Supply chain management

## Prevention of Irregular expenditure and SCM challenges

The department incurred irregular expenditure relating to the legal fees (proper SCM process not followed in the appointment of the Service Provider)

## Gifts and Donations from non-related parties

The department was offered the Budget Breakfast in Durban by ABSA.

The department received an amount of R100 000 from Standard Bank towards Year-end Service Excellent.

## Donations made in Kind (R'000)

## **Donor Funding**

The department had no new Donor funding during the 2019/20 financial year.

## **Global Funding**

Provincial Treasury was responsible for project managing the Global Fund programme whose main objective is to address the social and structural drivers of HIV and TB prevention, care and impact,

preventing new HIV, STI and TB infections, sustaining health and wellness, as well as ensuring

protection of human rights and improving access to justice. The project was allocated an amount of

R420 million over a period of three years and at the end of the project, a total amount of R335, 261,

890.00 was spent on the project. This project has since came to an end at 31 December 2019. The

balance of the unspent funds will be surrendered.

**Exemptions and deviations received from the National Treasury** 

There were no exemptions received by the department during 2019/20 financial year.

Events after the reporting date

The province experienced the world's outbreak of the Corona Virus before the close of the 2019/20

financial year. The department is currently using the allocated budget to fund any related expenditure,

and reprioritisation will be necessary to cover for this unplanned expenditure.

The departmental appropriation for 2020/21 financial year was revised to cater for the proposed budget

cuts of R114, 354 million that were imposed to the department to fund COVID19 pandemic. This will

have a huge impact in the structure of the department as some posts have also been frozen to

accommodate this proposed cut.

The Forensic unit will be transferred to Office of the Premier (OTP) as from 01 August 2020. The initial

budget of the unit was R38, 733 million however it was subsequently decreased by R10, 239 million to

cater for the budget cut. The remaining budget as at 31 July 2020 that will be transfer to OTP is R19,

996 million.

**Acknowledgement/s or Appreciation** 

I would like to express my special thanks to the MEC for Finance for his support, Treasury Management

and Staff for their hard work during the year.

Conclusion

This report presents the annual financial statements and performance information report for the financial

- 24 -

year 2019/20.

Mr S. Moodley

**Accounting Officer** 

31 July 2020

A.6 Statement of Responsibility and Confirmation of Accuracy for the Annual Report

To the best of my knowledge and belief, I confirm the following:

All information and amounts disclosed throughout the annual report are consistent.

The annual report is complete, accurate and is free from any omissions.

The annual report has been prepared in accordance with the guidelines on the annual report as issued

by National Treasury.

The Annual Financial Statements (Part E) have been prepared in accordance with the modified cash

standard and the relevant frameworks and guidelines issued by the National Treasury.

The Accounting Officer is responsible for the preparation of the annual financial statements and for the

judgements made in this information.

The Accounting Officer is responsible for establishing, and implementing a system of internal control

that has been designed to provide reasonable assurance as to the integrity and reliability of the

performance information, the human resources information and the annual financial statements.

The external auditors are engaged to express an independent opinion on the annual financial

statements.

In my opinion, the annual report fairly reflects the operations, the performance information, the human

resources information and the financial affairs of the Department for the financial year ended 31 March

2020.

Yours faithfully

Mr S. Moodley

**Accounting Officer**

## A.7 Strategic Overview

### 6.1 Vision

Be the centre of excellence in financial and fiscal management in the country.

#### 6.2 Mission

We, the KZN Provincial Treasury, seek to enhance the KwaZulu-Natal Provincial Government service delivery by responding to the expectations of all stakeholders in the value chain as a key driver through:-

- Optimum and transparent allocation of financial resources whilst enhancing revenue generation and financial management practices in compliance with applicable legislation and corporate governance principles;
- Our competent and dedicated employees who are at centre of ensuring best value of our stakeholders.

### 6.3 Values

The core values of the Department are as follows:

- Responsibility
- Efficiency
- Service Excellence
- Financial Discipline
- Professionalism
- Integrity
- Respect
- Loyalty

### A.8 Legislative and Other Mandates

The Department is governed by the following pieces of legislation and policy directives:

- The Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996)
- Public Finance Management Act (Act No. 1 of 1999, as amended).

- Municipal Finance Management Act (Act No. 56 of 2003)
- Promotion of Access to Information Act (Act No. 2 of 2000)
- Annual Division of Revenue Act
- Annual Provincial Appropriation Acts
- Preferential Procurement Policy Framework Act (Act No. 5 of 2000)
- Broad-Based Black Economic Empowerment Act (Act No. 53 of 2003)
- Intergovernmental Relations Framework Act (Act No. 13 of 2005)
- Borrowing Powers of Provincial Governments Act (Act No. 48 of 1996)
- Government Immovable Asset Management Act (Act No. 19 of 2007)
- Construction Industry Development Board Act (Act No. 38 of 2000)
- Public Audit Act (Act No. 25 of 2004)
- Provincial Tax Regulation Process Act (Act No. 53 of 2001)

### 7.1 Constitutional Mandates

Sections 213, 215, 216, 217, 218, 219, 226, and 228 of the Constitution of the Republic of South Africa (Act 208 of 1996) deal with general financial matters for the national and provincial spheres of government. These sections require the national legislation to give effect to the following;

- i. To establish a national treasury,
- ii. To introduce generally recognised accounting practices,
- iii. To introduce uniform treasury norms and standards,
- To prescribe measures to ensure transparency and expenditure control in all spheres of government, and
- v. To set the operational procedures for borrowing, guarantees, procurement and oversight over the various national and provincial revenue funds.

## 7.2 Legislative Mandates

The following pieces of legislation that give mandate and outline the key responsibilities on the Department are as follows:

## 7.2.1 Public Finance Management Act (Act No. 1 of 1999, as amended) and its regulations

The Act promotes the objective of good financial management in order to maximise delivery through the efficient and effective use of limited resources.

### The key objectives of the Act may be summarised as being to:

- a) Modernise the system of financial management;
- b) Enable public sector managers to manage, but at the same time be more accountable;
- c) Ensure the timely provision of quality information; and
- d) Eliminate waste and corruption in the use of public assets.

## 7.2.2 Municipal Finance Management Act (Act No. 56 of 2003)

Chapter 2 of MFMA outlines the general functions of National and Provincial Treasuries.

Section 5(3) and (4) of the MFMA highlight the supervisory responsibilities of Provincial Treasuries in relation to ensuring sound and sustainable management of the fiscal and financial affairs of municipalities and municipal entities by establishing norms and standards and other requirements.

To the extent necessary, to comply with its responsibilities in terms of the MFMA, a provincial treasury:

- a) must monitor:
  - i. compliance with the MFMA by municipalities and municipal entities in the province;
  - ii. the preparation by municipalities in the province of their budgets;
  - iii. the monthly outcome of those budgets; and
  - iv. submission of reports by municipalities in the province as required in terms of the MFMA;
- b) may assist municipalities in the province in the preparation of their budgets;
- c) may exercise any powers and perform any duties delegated to it by the National Treasury in terms of the MFMA; and
- d) may take appropriate steps if a municipality or municipal entity in the province commits a breach of the MFMA.

## 7.2.3 Promotion of Access to Information Act (Act No. 2 of 2000)

Section 14 requires the Department to produce a manual with detailed information about the Department's procedure to access it, the form to be used and which information is readily available and which needs to be requested. Section 32 of the Act stipulates that the Department must submit an annual report to the Minister of Justice detailing requests received, those acceded or rejected and reasons for rejection.

#### 7.2.4 Annual Division of Revenue Act

- a) This Act provides for the equitable division of revenue anticipated to be raised nationally among the national, provincial and local spheres of government.
- b) It promotes better co-ordination between policy, planning, budget preparation and execution processes between and within the different spheres of government.
- c) It promotes predictability and certainty in respect of all allocations to provinces and municipalities in order that such governments may plan their budgets over a multi-year period.
- d) It promotes transparency and equity in the resource allocation process.
- e) It promotes accountability by ensuring that all allocations are reflected on the budgets of receiving provinces and municipalities.

## 7.2.5 Annual Provincial Appropriation Acts

These Acts provide for the appropriation of money from the Provincial Revenue Fund for the requirements of the Province.

## 7.2.6 Preferential Procurement Policy Framework Act (Act No. 5 of 2000)

This act gives effect to Section 217 (3) of the Constitution by providing a framework for the implementation of procurement policy.

The framework for the implementation of preferential procurement policy requires all organs of state to have their preferential procurement policy and implement them within a prescribed set of criteria that applies preference points system with emphasis to previously disadvantaged groups.

## 7.2.7 Broad-Based Black Economic Empowerment Act (Act No. 53 of 2003)

The object of this Act is to promote the achievement of the constitutional right to equality, increase broad-based and effective participation of black people in the economy and promote a higher growth rate increased employment and more equitable income distribution; and

Establish a national policy on broad-based black economic empowerment so as to promote the economic unity of the nation, protect the common market, and promote equal opportunity and equal access to government services.

## 7.2.8 Intergovernmental Relations Framework Act (Act No. 13 of 2005)

The object of this act is to provide within the principle of co-operative government set out in Chapter 3 of the Constitution a framework for the national government, provincial governments and local governments, to facilitate co-ordination in the implementation of policy and legislation, including:

- (a) Coherent government;
- (b) Effective provision of services;
- (c) Monitoring implementation of policy and legislation; and
- (d) Realisation of national priorities.

## 7.2.9 Provincial Borrowing Powers Act (Act No. 48 of 1996)

This Act provides for norms and conditions in respect of the borrowing powers of Provincial governments and for matters incidental thereto.

## 7.2.10 Government Immovable Asset Management Act (Act No. 19 of 2007)

The Department has a responsibility to implement all applicable sections of this Act in managing its immovable assets or when providing support and advisory services to the provincial Departments.

## 7.2.11 Construction Industry Development Board Act (Act No. 38 of 2000)

The objective of this Act is to provide for the establishment of the Construction Industry Development Board; to implement an integrated strategy for the reconstruction, growth and development of the construction industry and to provide for matters connected therewith.

## 7.2.12 Public Audit Act (Act No. 25 of 2004)

The Department has a responsibility to comply with all applicable provisions of the Public Audit Act as an auditee.

## 7.2.13 Provincial Tax Regulation Process Act (Act No. 53 of 2001)

This Act provides the regulation of intergovernmental process that must be followed by provinces in the exercise of their power in terms of section 228 of the Constitution to impose taxes, levies and duties, the flat-rate surcharges on the tax basis of any tax, levy or duty imposed by national legislation; and to provide for connected therewith.

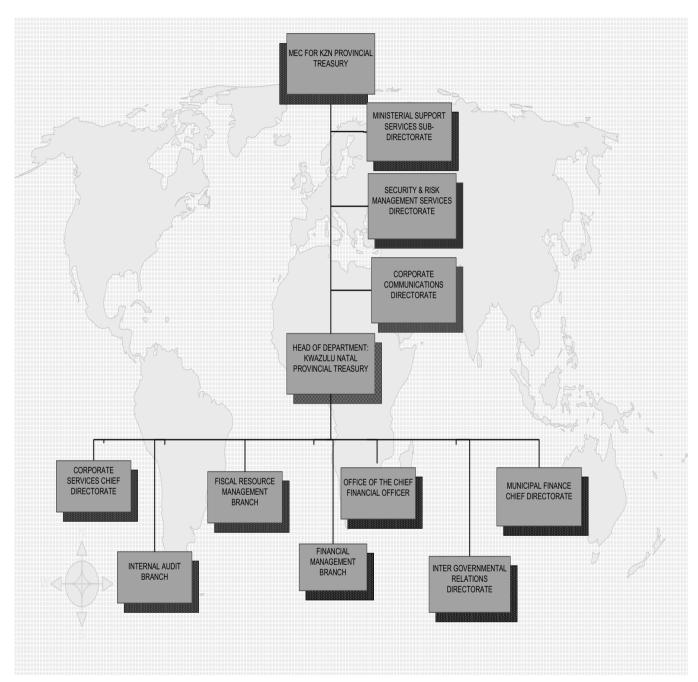

## 7.3 Policy Mandates

The following policies outline the key responsibilities for the Department:

(a) PPP policy, this policy provides guidelines for administration and managing Public Private Partnership's transactions in the public sector environment.

- (b) SCM and PPPFA policy, this policy provides guidelines for the administration of a Supply Chain Management in line with broad government objectives. It also aims at promoting emerging enterprises with particular emphasis on black economic empowerment.
- (c) Budgeting process policies, they provide framework within which budgeting process must be managed in the public sector in line with the relevant Acts.
- (d) Treasury Regulations, provides procedural guidelines of implementation of the Public Finance ManagementAct (Act 1 of 1999 as amended by Act 29 of 1999).

## A.9 Organisational Structure

## A.10 ENTITIES REPORTING TO THE MINISTER/MEC

N/A

## PART B:

## PERFORMANCE INFORMATION

#### 1. AUDITOR GENERAL'S REPORT: PREDETERMINED OBJECTIVES

Refer to page 209 of the Report of the Auditor General, published as Part E: Financial Information.

### 2. OVERVIEW OF DEPARTMENTAL PERFORMANCE

## 2.1 Service Delivery Environment

### Office of the MEC (Community Outreach and Social Responsibility)

The Constitution of the Republic of South Africa mandates Provincial Treasuries to coordinate dialogue between government and the public on service delivery issues. Provincial Treasury provides information and interacts with communities and other stakeholders to ensure a two-way process of sharing ideas.

The nature of Provincial Treasury as a department, not directly involved in service delivery, requires a unique approach to its community outreach programme. As mass gatherings are usually not appropriate, the department identifies and assists non-governmental organisations and/or non-profit-making institutions that operate within communities to develop and improve the quality of lives of people.

The Provincial Treasury's objective is to make an impact and provide tangible assistance to address specific needs.

In line with this, the Office of the MEC for Finance has led multiple community outreach programmes both in urban and rural areas across the province of KwaZulu-Natal with the objective of empowering communities to fight poverty and underdevelopment.

By engaging in these meaningful programmes, KZN Provincial Treasury has made a significant contribution in helping to transform a number of lives. This has also further opened an opportunity for an effective two-way communication and engagement which is mostly required by the constitution in order to solve problems effectively.

Since taking over the reins at KZN Treasury, MEC kicked off with an outreach event in Dukuduku area, near Mtubatuba where he donated sewing and overlocker machines to Janitor Co-operative. The objective was to help beef up resources of this young women enterprise. This is a youth Co-operative that specialises in sewing various type of clothing, furniture making and repairs as well as upholstery. KZN Treasury further supported this Co-operative with upholstery raw materials in order to help them grow and create more jobs for the other youth in the area.

During this three-legged outreach, local elderly women received blankets and walking sticks while one impoverished family of 6 members that survives through the 66 year-old's pension received a donation of grocery.

Similar outreach campaigns were undertaken in areas that include Ezinqoleni under Ray Nkonyeni Municipality in the south coast, eShowe area in ILembe District, Bhongweni area in Kokstad as well as Phoenix where various women-owned Co-operatives received donations that include different types of sewing machines and sewing material and were also empowered with advice on running and growing their Co-operatives.

Further, various categories of communities have been touched and this includes MEC's donation of 20 mattresses, 50 blankets, a refrigerator, urn, microwave as well as colouring books and pencils to 50

children in Mbulula crèche which is one of the impoverished Non-Profit Organisations in KwaDumisa area under uMdoni Municipality as part of Mandela Day in July 2019.

The MEC further undertook visits to Angels' Care Crisis Centre and Khazimula Orphanage Centres in ward 2 and 4 under UMngeni Municipality in July 2020, where he made donations of blankets, grocery, sanitizers, masks and warm sleep wear. These Non-Profit Organisations assist children who are abused, orphaned and victims of gender-based violence.

This was driven by the belief that the various Non-Profit Organisations assist government in its task to alleviate poverty and because of this, it is critical that government supports the work they do in communities.

In an attempt to assist learners who come from various poor families, the MEC has made numerous donations of full school uniform to five different schools that have benefitted hundreds of learners.

These schools include Dududu Primary and Phindavele High schools under uMdoni Municipality in the south coast as well as Baniyena, Thimoni Primary Schools and Ntsongeni Secondary School in Mid-Illovo area under uMkhambathini Municipality respectively.

In recognition of Womens' and Mens' Months (July and August), the MEC held an engagement session with all Treasury staff which was attended by external experts on health, beauty, gender-based violence and lifestyle disciplines. This was an attempt to encourage staff to help fight the high incidents of gender based violence and abuse of women and children in society.

The MEC, as Political Champion of uMgungundlovu District, has led various other transversal community activities with the support of the Department of Agriculture and Rural Development. These include the launch of the Planting Season in Swayimane area under uMshwathi Municipality, Launch of Covid-19 One Home One Garden Programme in Dambuza location under uMsunduzi Municipality as well as the Launch of Msunduzi Service Delivery War Room whose main purpose is to help improve the functionality of the municipality in various areas. The objective of these engagements is to give a sharp focus to community empowerment and targeted service delivery.

By the same token, the business community has equally been an important sector for KZN Treasury given our strategic mandate in terms of Public Finance Management Act. Ministry has led business engagements in the form of Budget Breakfasts attended by the business community in Durban mostly. The objective has always been to involve and engage with business-minded people on the configuration and focus of the provincial budget. This is the platform where the department gets to have a robust two-way communication on the "good and the bad" in respect of the management of public finances.

Of particular importance for Ministry and government in general is for government to know what role the business fraternity should and need to play in the development of the socio-economic landscape of KwaZulu-Natal.

The Department further secured a partnership with the Provincial Banker, Absa Bank, for the allocation of R70 million to complement the Provincial Youth Business Fund as well as setting aside a fund of R500 million to help SMMEs and Co-operatives doing business with the provincial government. This is the contribution to the realisation of one of the seven priorities of government: "Economic Transformation and job creation".

Another example of private public partnership is the association of KZN Treasury with the South African Institute for Chartered Accountants (SAICA) that has seen KZN Treasury accorded the status of being the Training Office for Chartered Accountants in KwaZulu-Natal in December 2015. This is particularly significant in that it allows government to literally "grow its own tree" in creating and enlarging the pool of skills in the area of financial management for the public sector.

In January 2020, this department welcomed a further three trainee Chartered Accountants, making a total of fourteen in the programme, nine of whom are currently undergoing training towards becoming Chartered Accountants (CA), and five who have been successfully signed off as Public Service trained Chartered Accountants and who are currently within an internal two year Management Development Programme. This programme is responding to the call from the President to increase the capacity of the state and to expand the pool of financial skills in the country. Through this initiative, Treasury will also strengthen the capacity of Departments and Municipalities to manage their finances prudently. These Chartered Accountants will be utilised as skilled resources within the Audit Improvement Strategy of the province.

Furthermore, Provincial Treasury has made financial investments through the Thuthuka Bursary Fund for previously disadvantaged students in financial management who want to pursue Chartered Accountancy. There are a total of 86 students who have been funded by the Department. All of these students come from various district municipalities in KwaZulu-Natal and are expected to serve the province upon completion of their studies. They feed into the training programme mentioned above, and to other government programmes, for example, in the eThekwini Municipality and the office of the Auditor-General.

Conversely, the outbreak of coronavirus has disrupted the work of government. One of our main tasks as the Provincial Treasury, during this time of the Covid-19 crisis, is capacitating Supply Chain Management on the new Covid-19 emergency procurement regulations. We are acutely aware of the risks that are already manifesting themselves. We will undertake the training of Supply Chain Management to ensure that departments can procure commodities on an emergency basis in line with the emergency procurement regulations without compromising on quality, specifications and value for money. It must be stressed that Provincial Treasury cannot do the procurement itself. Departments remain responsible and Accounting Officers remain accountable.

The Provincial Treasury is currently monitoring expenditure related to Covid-19 by Municipalities, Public Entities and Departments. Risks such as the possible purchase of items not related to Covid-19 while using the emergency procurement regulations and instruction notes have been identified.

It is events, engagements and interventions like these that have consistently ensured that Ministry is visible and demonstrates its resolve to better the lives of communities across all racial, political, creed and gender lines.

Guided by the Public Finance Management Act (PFMA) and the Municipal Finance Management Act (MFMA), Provincial Treasury will continue to strive to be the "Guardian of the Public Purse."

# **Management Services (Office of the HOD)**

This sub-programme provides support to the Executive Authority in providing strategic and political direction to provincial department, municipalities and public entities.

Achievements of the Office of the Head of Department are:

- (a) The Office of the Head of Department continues to ensure that the department fulfils its mandate in terms of the PFMA & MFMA. This includes facilitating the tabling of the MTEF and Budget Adjustment process to Cabinet.
- (b) The HOD continues without fail to emphasise the need to save by continuing with the implementation of the cost cutting measures together with careful budget and cash management.
- (c) The Head of department also continues to be very instrumental in the implementation of key projects that have an impact on financial management and social governance in KZN, such as the Provincial Recovery Plan, Contract Management.
- (d) The Head of department continued to provide strategic leadership in policy development through his co-chairmanship of the Economic Sector and Infrastructure Development Cluster (ESID) and his participation in various policy discussion on financial management and economic development.
- (e) The office of the HOD remained very instrumental in driving certain programmes which have received a good success over the 2019/20 financial year:
  - Operation Sukuma Sakhe
  - The Municipal Finance Management Internship Program (MFMIP)
  - Minimum Competency Regulation
  - Drought Relief Project
  - School Adoption Project

## **OPERATION SUKUMA SAKHE**

Operation Sukuma Sakhe (OSS) aims to rebuild the fabric of society by

- Promoting human values,
- Fighting crime, diseases, deprivation and social ills,

Ensuring moral regeneration and

Unblock service delivery through effective intergovernmental partnerships.

As HOD Champion in Ethekwini Operation Sukuma Sakhe, the office of the head of department/IGR

participated in various outreach programmes for the youth in schools, supported all 110 war rooms'

programmes in eThekwini Metro and programmes that sought to mitigate the water scarcity issues

throughout the Province by donating and installing jojo tanks. Over the 2019/20 financial year, the

following were Treasury's deliverables in Ethekwini and other districts:

• Windy Heights Primary School (eThekwini) - Supply of 10 x Desktop computers for learners

with bags and lock chains

Mbazwane Primary School (Zululand) - Supply of 4 x self-filing water tanks powered by

engine support

Esiphakama Crèche (EDumbe) – Supply & Installation of the Jojo septic tank

Ombimbi Primary School (Nongoma) - Supply of computer for the principals' office

• Emkhombe High School (Nongoma) - Supply 10 x Desktop computers for learners with bags

and lock chains

The Municipal Finance Management Internship Program (MFMIP)

The MFMIP seeks to assist municipalities to develop the knowledge and skills of the interns employed

under this program in areas such as strategic planning and management, municipal budgeting and

finance management. It is an organized professional training and work experience program with the

goal of providing high quality training and practical exposure in all aspects of municipal finance

management.

In 2017/18, Treasury coordinated Municipal Interns MFMA Induction Programme for all municipalities

where both Treasury and COGTA made presentations that gave a broad overview and understanding of

the public sector ethos and ethics, including the municipal service delivery mandate, as well as the

municipal finance environment and MFMA reforms. Unfortunately, only 50% of the municipalities in the

province participated hence the coordination of the 2019/20 once off workshop to accommodate those

who missed out the previous financial year for various reasons.

The attendance for the 2 day workshop was as follows:

Metro:

15

- 38 -

Mthonjaneni: 4

Umngeni: 4

KCM: 4

Impendle: 3

Umzinyathi: 1

# **Minimum Competency Regulations**

Sections 83, 107 and 119 of the MFMA requires that the Accounting Officer, senior managers, the Chief Financial Officer and other finance and SCM officials of municipalities and municipal entities meet the prescribed financial management competency levels. The Municipal Regulations on Minimum Competency Levels were promulgated in 2007 to give effect to the aforementioned sections of the MFMA.

Tables 6.19 to 21 show the compliance with the Municipal Regulations on Minimum Competency Levels as at 10 September 2018 in KZN, South Africa as a whole and per province as per National Treasury.

Table 6.19: Compliance with Municipal Regulations on Minimum Competency Levels in 54 KZN Municipalities as per National Treasury - 10 September 2018

| Position                             | Total municipalities | appointed | Appointed officials who meet minimum competency requirements | Percentage Appointed officials who meet minimum competency requirements % |
|--------------------------------------|----------------------|-----------|--|---|
| Accounting Officers                  | 54                   | 38        | 20   | 52.6  |
| Chief Financial Officers             | 54                   | 43        | 14   | 32.6  |
| Senior Manager                       | 54                   | 116       | 32   | 27.6  |
| Head of Supply Chain Management unit | 54                   | 11        | 3  | 27.3  |
| Supply Chain Management Manager      | 54                   | 32        | 16   | 50.0  |
| Middle Manager                       | 54                   | 401       | 165  | 41.1  |
| Other Official                       | 54                   | 778       | 323  | 41.5  |
| Total                                | 54                   | 1419      | 573  | 40.4  |

Source: National Treasury

Lastly, the South African public sector is transforming at a rapid rate and this increases the exposure to elements of **risks** and opportunities that may impair or promote the achievement its objectives.

**Risk management** in the public sector presents some significant differences from its private sector counterpart. In the private sector, it is generally true that the higher the risk, the higher the reward – usually in the form of profits. However, in the public sector this trade-off doesn't necessarily apply. Integrated risk management requires an ongoing assessment of potential risks for an organisation at every level, and then aggregating the results at the corporate level to facilitate priority setting and improved decision-making.

The department has integrated risk management into existing decision-making strategies through report-back by risk owners on progress of actions plans at various management meetings. The departments risk committee continues to be proactive and acts as an oversight committee that facilitates the management of risk facing KZN Provincial Treasury on a central basis in accordance with the requirements of the PFMA, and the relevant National Treasury Regulations. In addition, the risk committee continues to assist the Accounting Officer in discharging his accountability for risk management by reviewing the effectiveness of the department's risk management system, practices and procedures and proving recommendations for improvement.

# Financial Management (Office of the CFO)

The objectives of this unit are to render financial and supply chain management functions to Provincial Treasury.

Some achievements of the Office of the CFO include the following:

- The department continued to maintain an error free asset register and there were no audit findings raised in this area of work.
- The Treasury internal control unit has been responsible for the reviewing of invoices submitted for payment by services providers, the unit has been able to prevent, detect and correct any internal control deficiencies.
- Averages of 99% of all invoices received were settled within prescribed 30 days' period as per treasury regulations.
- The office of the CFO office has facilitated the departmental audit and received 11th consecutive clean audit for the 2019/20 financial year and the target is to maintain the status quo through continuous improvement. All audit issues raised during the previous audit were resolved timeously.
- The payments and revenue units have achieved their legislative mandates, there were no material findings raised by the Auditor General during the year 2019/20. The unit has continued to implement optimal financial management processes.
- The budget of the department was managed successfully and there was no over spending.

- Various strategies to bring down the vacancy rate were explored hence various vacant funded posts
  were filled within the Office of the Chief Financial Officer. There are five (5) vacant posts that will not
  be filled in the 2020/21 financial year due to the budget cuts that were initiated by National Treasury
  to fund the COVID-19 expenditure.
- The Office of the Chief Financial Officer has continued to attract, motivate and retain competent personnel through developing skills and empowering our employees. We also help them perform at consistently high level by encouraging their professional and personal development.

## **Corporate Services**

This sub-programme contains various support services to ensure that the service delivery units of Provincial Treasury are adequately supported by an effective Legal Services, and Auxiliary Services support. Furthermore, the Human Resource Management unit within Provincial Treasury provides strategic human resources management and development support services to the Department and ensures compliance with relevant national and provincial legislative mandates.

# **Human Resource Management**

- During 2019/20, the Human Resource Management Directorate fulfilled all of its legislative mandates and delivered an efficient and professional Human Resources function to the Department. The unit has successfully implemented all planned Human Resource Planning and WSP strategies for the year, thereby ensuring a well capacitated and healthy workforce that is appropriately skilled and empowered.
- The unit has exceeded its requirements in terms of empowering the organisation as a whole on all Human Resource related knowledge and information in terms of the number of policies that were developed and work-shopped. The organisation as a whole is 100 per cent compliant to all requirements of the performance management and development system, which is efficiently and professionally implemented and monitored by the Human Resources Directorate.
- The Employee Health and Wellness Section within HRM continues to make a visible impact on the lives of employees by increasing the number of Wellness Clinics per month within the Department, with noticeable improvements in the number of voluntary on-site testing. Monthly articles instilling responsible life style disease management as well as encouraging physical fitness and awareness are distributed throughout the organization and have been extremely well received. The Work and Play policy is actively implemented, with the introduction during this period of an Outdoor Wellness Sanctuary for outdoor activities, relaxation, outdoor meetings and gatherings, and a dedicated

- space for planting, flowers, trees and vegetables. This facility is also used for Aerobics during Office hours, as approved by the Head of Department.
- There has been a significant reduction in the number of grievances and misconduct cases within the
  Department which is largely attributed to the monthly articles that stem from the Labour Desk of the
  Directorate as well as engagements at Line Directorate meetings to empower both staff and
  management on the managing of sound employer/employee relations. Leadership impact surveys
  and overall employee satisfaction surveys have also contributed positively in this area.
- The Unit continues with strategies to implement the Head of Department's commitment to improving EE targets of women in management and people with disabilities. A strong focus is on Youth development Programs and the development and improvement of existing skills and qualifications through vigorous skills and empowerment programs. Integrated efforts of the sections within HRM during the year has ensured a strong drive for policy compliance, eradication of fraud and corruption, responsible sick leave management, well aligned departmental structures, adequately skilled employees and a healthy and well informed workforce.
- Provincial Treasury's partnership with SAICA on the Thuthuka Bursary Fund, where Treasury is currently sponsoring previously disadvantaged students studying towards becoming Chartered Accountants is in its 8<sup>th</sup> year since inception. The partnership has further resulted in the Department receiving SAICA accreditation as a Training Office during December 2015, and the Department has received its 5<sup>th</sup> allocation of three Trainee Accountants as at January 2020 making it a total of nine (9) trainees who are currently undergoing training towards becoming chartered accountants. The program has since inception, yielded a total of five (5) Public Service trained Chartered Accountants, who are all now employed on a further three-year management development program within the Department.
- Provincial Treasury's proposed Organizational Structure, aligned to the generic structure of Treasuries developed by DPSA, was concurred by the Minister of Public Service and Administration for approval and implementation at the end of the financial year.

# **Information Technology Management**

- During 2019/209, the unit maintained high levels of good governance in ICT. The General Controls
  Review audits by the Auditor General and the Internal Audit unit resulted in no audit findings. This
  means from an ICT governance perspective that IT was able to provide business value to the
  department and assist it in achieving its strategic objectives.
- In order to improve service resilience a distributed electronic mail system was implemented to ensure that the email system remained available in the event of any server failure.

- The journey to the Cloud continued with the registration of a tenet for Treasury. This has enabled us to roll-out collaborative platforms like Microsoft Teams and document sharing with OneDrive.
- The Disaster Recovery site in Durban was made fully functional. Data is backed up and replicated on a daily basis.

## **Programme 2: Sustainable Resource Management**

# **Economic Analysis and Infrastructure**

This sub-programme will continue to *support* and enhance infrastructure and economic development in the province by:

Developing strategic policies and frameworks;

Ensuring the implementation of policies and frameworks;

Managing the implementation through monitoring and evaluation; and

Providing continuous support to the relevant stakeholders

The mandate of the sub-programme is fivefold, namely.

To provide and oversee the provisioning of infrastructure management and economic services in the province in terms of legislative mandates.

To determine and evaluate economic parameters and socio-economic imperatives that inform the provincial and local resource allocation and to provide a platform to enhance regional economic growth and development through quality research.

To monitor infrastructure planning and delivery performance in the province.

To co-ordinate and facilitate the implementation and institutionalisation of the Infrastructure Delivery Management System (IDMS) regulations and methodologies.

To support the funding and implementation of strategic infrastructure projects in the province

## Economic Services

The economic analysis unit continued with its mandate of providing an informed, and well-researched fiscal framework for the allocation of resources within the provincial government departments.

The economic analysis unit has several publications which are accessible on the departmental website for both internal and external stakeholders who wish to do business in the province. The Unit continued to contribute to several speeches for the MEC. Participation in the assessment of the

Integrated Development Plans (IDPs) and Local Economic Development (LED) forums in the municipalities was conducted. Support was also provided at the municipal level through Operation Sukuma Sakhe (OSS).

Economic presentations were conducted at various organisations including public, private, institutions of higher education, Non-Profit Organisations (NPOs), to name a few: Trade and Investment KZN, Chartered Institute of Government Finance, Auditing and Risk Officers, Durban Chamber of Commerce, South African Diversity Council and the University of KwaZulu-Natal (UKZN), MillaSA.

The Unit also participated in bid evaluations, provided newsletters for the department's quarterly publication "Dialogue". Members of the Unit were also seconded to RASET programme for three months.

Publications such as the Socio-Economic Review and Outlook (SERO) and departmental analysis reports were produced, and contributions towards other in-house publications such as Municipal Finance's Close-Out Report and Public Finance's Overview of Provincial Revenue and Expenditure (OPRE) were made.

## Infrastructure Management

The Infrastructure Management Unit has continued to support the infrastructure development in the province and the introduction of the IDMS principles to all Departments that have an infrastructure budget including Health and Education where IDMS was piloted. The infrastructure planning and reporting schedule circular which indicates the milestone and the timeline for each activity required with regard to infrastructure planning and reporting is now applicable to all Departments that have budgeted for infrastructure projects.

The 2020/21 Estimates for Capital Expenditure (ECE) which was published together with the Provincial Budget is one of the highlight achievement of this financial year. This annual publication provides detailed infrastructure expenditure plans for provincial departments and is aiming at improving the infrastructure planning and contribute to ensuring effective and efficient delivery of infrastructure projects. The ECE includes each provincial department's infrastructure development programme and project lists planned to be delivered during the 2020/21 MTEF period. The programmes and projects were then captured Infrastructure Reporting Model (IRM). This will assist to improve reporting and monitoring.

Through improved planning and reporting departments of Health and Education has managed to receive the incentives for infrastructure development for Health Facilities Revitalisation Grant and Education Infrastructure Grant respectively.

## Infrastructure Delivery Management System (IDMS)

The IDMS is Government policy for implementing the Government's strategy to enhance socioeconomic growth and development through infrastructure delivery. Its legality is based on:

- The 9 Provincial IDMS Framework documents which were approved by Provincial EXCO (thereby endorsing IDMS in each Province);
- The Division of Revenue Act (DoRA);
- Endorsement of the IDMS by the Presidential Infrastructure Coordination Committee (PICC);
   and
- The Standard for Infrastructure Procurement and Delivery Management (SIPDM).

Having one standard system to unify infrastructure delivery management in all spheres of government continues to be the vision of the Government. This is not only evident from the aforementioned policies but also from the National Development Plan, 2030, decisions by the PICC, the Budget Council (BC), the Technical Committee of Finance (TCF) and the Cabinet.

Government's IDMS comprises three core legislative requirements, namely asset management, planning and budgeting, and supply chain management. Infrastructure Delivery Management comprises of portfolio, programme, operations, maintenance and project management processes. Performance and risk management are integrated in the delivery management processes. Finally, the institutional system provides organisations guidance on a generic approach towards building their own institutional Infrastructure Delivery Management System.

The KZN EXCO approved the KZN-IDMS Framework document for the Departments of Health, Education, Public Works and Treasury on 22 September 2012. Given the time lapsed to implement the KZN-IDMS Framework; the PT Infrastructure Unit determined that a detailed progress review be undertaken. The progress review is also informed by the DoRA 2016/17, Chapter 4, and Section 27:

In March 2017 Provincial Treasury issued a circular to all Provincial Departments (PT/INFR 1 of 2016/17), which principally states: The Province of KwaZulu-Natal adopted the Infrastructure Delivery Management System (IDMS) for the planning, delivery, management and reporting on the infrastructure programme. The IDMS requires departments to have long, medium and short term plans for infrastructure delivery. The infrastructure long term plan known as the User Asset Management Plan (UAMP) covering a minimum planning forecast of 10 years, the Medium term plan known as the Infrastructure Programme Management Plan (IPMP) focuses on the next 3 years (or MTEF) and the Infrastructure Programme Implementation Plan (IPIP) focus is detail planning implementation for the next financial year or a 1 year plan. The in year reporting of infrastructure performance and spending is monitored and reported in the Infrastructure Reporting Model (IRM).

During the 2019/20 financial year, National Treasury strategic direction and initiatives in IDMS implementation changed with the repealing of Instruction Note 4 of 2015/16: Standard for Infrastructure Procurement and Delivery Management (SIPDM). The SIPDM was replaced with Instruction No. 3 of 2019/20, the Framework for Infrastructure Delivery and Procurement Management (FIDPM) addresses issues of inconsistences with National Treasury infrastructure delivery management and separate Procurement systems. The National Treasury Instruction No. 3 of 2019/20 in this respect was issued on 26th April 2019.

## KZN Infrastructure Integrated Master Plan

The KwaZulu-Natal Provincial Planning Commission lead in development of the KwaZulu-Natal Provincial Growth and Development Strategy and Plan (PGDS/P), which is underpinned by and aligned to the National Development Plan (NDP). Both the NDP and the PGDS/P emphasises the need for improved co-ordination, alignment and integration of infrastructure planning. This resulted

in KZN EXCO approving the establishment of the provincial Infrastructure Co-ordination Work Group (ICWG) to facilitate integration and co-ordination of all Infrastructure programmes and projects in KwaZulu-Natal, that are identified as being strategic to the extent that they have the ability to advance the strategic objectives and interventions identified in the PGDS/P. The ICWG is chaired and coordinated by KZN Department of Public Works with support from Provincial Treasury.

The developments of the Provincial Integrated Infrastructure Master Plan (IIMP) provides a high level overview of the nature, extent and status of alignment of and between the abovementioned categories with organisations infrastructure planning within the Province of KwaZulu-Natal. Where the IIMP identifies critical infrastructure priority gaps due to singular sector infrastructure planning. The need therefore, for such a Provincial Integrated Infrastructure Master Plan that keeps pace with sector planning developments; is driven by the fact that there is no institutional framework to facilitate a coordinated and integrated approach to planning of strategic infrastructure at a provincial level.

Progress on sector planning developments, that were received, were reviewed and included or updated in the IIMP, and was presented in August/September 2019 and January/February 2020 to:

- KZN Provincial Planning Commission (PPC);
- Economic Sector Infrastructure Development (ESID) Cluster; and
- KZN Lekgotla

## Infrastructure Crack Team

The provision of public infrastructure is integral in the realisation of government's goal to provide basic services to all South Africans. However, low capital expenditure by Departments and municipalities necessitated the establishment of an infrastructure Capacity support initiative otherwise called "Crack Team". The infrastructure support team (a panel comprising of Built Environment Firms) was established in 2011 by the Provincial Executive to assist Departments and Municipalities in delivering cost effective and efficient infrastructure in the province. The initial panel consisted of 18 built environment professional companies which included engineers, town planners, architects, project managers, and quantity surveyors. A new three year contract commenced in April 2015 with 23 built environment professional companies, and now in the 2020-21 financial year - a new increased 90 firm panel has been put in place.

The objective of the "Crack Team" is to assist provincial Departments, entities and municipalities in the infrastructure delivery value chain in assessing, planning, identifying and unblocking of bottlenecks - in the delivery of the essential infrastructure services to communities.

One key project that has arisen out of this initiative is the support provided to the Department of Health in undertaking repair works to health facilities damaged by storms of 10<sup>th</sup> of October 2017. Due to the magnitude of the damages and the need for extra capacity for professional services over and above what the Department of Public Works carries, Provincial Treasury was requested to avail a Professional Service Provider to ascertain the extent of damage, determine remedial measures and cost these interventions. Subsequently contractors were appointed to undertake repair works as follows:

- Wentworth Hospital for the main buildings and a collapsed embankment
- Roof replacement and improvements to the Stormwater system
- Repairs and improvement to the Stormwater management system

Listed below are some other projects undertaken in the 2019/20 financial year.

- Mpofana Municipality Electricity System Assessment
- uMngeni Municipality Conditional Investigation into Municipal Flats
- Ndumo Irrigation Scheme A Review

# Provincial Regional Technology Hub Project

The focus and purpose of the project is based on what has been experienced and achieved internationally through the establishment of innovation technology hubs. The establishment, financing, designing, initial construction of phase 1 and the preparation for the operating of FOUR regional technology hubs in the province.

- The four locations are:
- uMsunduzi (at the Pietermaritzburg airport)
- Newcastle (at the Newcastle airport)
- Richards Bay (at the Richards Bay Industrial Development Zone (RBIDZ) Phase 1A site)
- Hibiscus Coast (opposite the Shelly Mall, Shelly Beach)
- Funding of R120m through the General Budget Support Programme was secured over the MTEF (2015/16 to 2017/18).

- The four "hub hosts" (the three municipalities and the RBIDZ) own the hubs. Each hub
  host has put forward an incentive policy for prospective tenants and investors.
- The project was completed by the 31 March 2018 within time and 100% of the R120 million grant was fully utilized.
- The technology hubs have been formally handed over to the hub hosts by KZN Treasury.
- EDTEA have taken over the Provincial oversight and strategy for the Technology Hubs
- King's Palaces Maintenance Repairs Project

The KZN Treasury was mandated by the Honourable Premier in November 2015 to implement the Palaces Maintenance Repairs Project. It is important to clarify the role of KZN Treasury in a project at implementation level. The circumstances of this project were unique and the KZN Treasury role included a broader objective – which was to provide technical support to Departments. Funding of R8m was made available through the Office of the Premier for the 2016/17 financial year. A summary of completed progress includes:

- The final tendered award of 9 selected projects amounted to R 7 629 870.55 or 95.4% of the R8m.
- The carry-over was requested was approved for the 2017/18 financial year was R 2 616 946.78.
- The final expenditure at completion of the 9 selected projects selected, amounted to R7 220 810.68 or 90.3% of the R8m.
- The final project completion of the 9 projects achieved final completion certification by the project engineer on the 23rd October 2018. This date also marks the point of final handover of the last project competed to the Office of the Premier. The final completion certification point also provides all contractual retentions payments that were paid in the final account in 2018/19 financial year.

## **Public Finance**

The Public Finance unit continued to perform its mandate as prescribed by the PFMA and Treasury Regulations.

The department continued to monitor and report on the performance of the budget and service delivery achievements for all 14 departments, the Provincial Legislature and 16 public entities to National Treasury, the Provincial Executive Council, as well as the Finance Portfolio Committee (FPC). The Standing Committee on Oversight (STACOV) was also updated on the budget performance of the Provincial Legislature.

The 2019/20 main budget was finalised and tabled on time as stipulated by the PFMA. The main budget

was accompanied by the tabling of the 2019/20 EPRE, which provides provincial spending plans for the

next three years. Also tabled in 2019/20 was the 6<sup>th</sup> Democratic Administration Budget Speech.

Reviving the 2019/20 MTEF Budget in the Provincial Legislature and the reprint of the 2019/20

Estimates of Provincial Revenue and Expenditure (EPRE).

The 2019/20 Adjustments Estimate of Provincial Revenue and Expenditure (AEPRE) was prepared and

tabled in the Legislature as stipulated by the PFMA. The implementation of cost-cutting measures by

departments and public entities continued to be overseen with approximately (1416) such submissions

being processed during the year.

The impact of these achievements is as follows:

The fiscal discipline in KwaZulu-Natal continues to be noteworthy and is achieved through careful

oversight and continued implementation of the cost-cutting measures, together with careful budget and

cash management. These measures are constantly being improved upon, through the introduction of

new measures and amendment of existing measures. The province was the first in the country to

institute controls around the process of filling of vacant posts. These measures have all contributed to

the province remaining cash positive, continuing with a trend which started in May 2010.

The Public Finance unit will continue to monitor the spending and revenue collection of departments

and public entities against budget will continue in 2020/21, with the aim of keeping provincial spending

within budget. The Provincial Executive Council will continue to be kept regularly informed of the

province's budget performance. The 2020/21 EPRE and 2020/21 AEPRE will be prepared. The

enhancement of Provincial Own Revenue will remain a focus area in view of the fiscal consolidation and

PES data updates budget cuts that continue to reduce the province's equitable share and conditional

grant allocations. Departments' and public entities' adherence to the cost-cutting measures will continue

to be monitored.

**Programme 3: Financial Governance** 

**Asset and Liabilities Management** 

The Cash Blocking system has ensured more effective cash management by the departments during

the 2019/2020 financial year, as departments were not able to disburse payments to suppliers unless

they had the funds available in their cashbook.

- 50 -

The banking section provided a support service to KZN departments in all areas of the banking function. Liaison with departments on a monthly basis has continued to improve the zero balances on the banking-related suspense accounts and Chief Financial Officers of departments were made aware of any risks identified in respect of outstanding transactions.

Municipalities were informed of the reporting requirements in terms of the Municipal Finance Management Act and the submission of reports by municipalities continued to improve in the 2019/2020 financial year.

The tax section provided on-going support to the KZN provincial departments in respect of payroll tax functions during 2019/2020. There has been a noticeable improvement in the knowledge and skills of the tax supervisors at some departments in the Province.

Amendments to tax legislation which impacted PAYE or payroll tax were communicated to departments. Where gaps were identified in the required knowledge and skills of tax supervisors at the departments, one-on-one training sessions were conducted to address individual training needs.

The PAYE Tax Manual was updated to include new legislation amendments and is used by departments in conjunction with SARS Employer Guide. During the 2019/2020 year the training and support continued to be specifically focused at supervisory level to address the issue whereby the tax supervisors lacked the necessary tax knowledge and skills to assist and train their staff on all areas of the payroll tax function.

A quarterly risk analysis was conducted on the status of the tax functions at each department to ensure that any risks were identified and corrective action taken to ensure compliance with tax legislation and year-end practices. Where deemed necessary the Chief Financial Officer was informed of the risks identified and requested to take further action within the relevant department.

# **Public Private Partnerships (PPPs)**

Service Delivery Achievements

Feasibility Study for Inkosi Albert Luthuli Hospital was conducted, outcome was presented to the Provincial Executive Council for its approval before application for Treasury Approval 1. KZN Provincial Department of Health has since obtained Treasury Approval 1 from National Treasury, it is unfortunate however that the department did not seek nor obtain Provincial Treasury approval 1 as required by Treasury Regulation 16.4.1 and 16.4.2.

The PPP unit continued to provide technical support to KZN Department of Health in its contract management of its concession contract with Impilo consortium.

Procurement of Transaction advisors to undertake investigation of a possible Public Transport solution linking King Shaka International Airport to the Cities of Durban, Pietermaritzburg, Richards Bay and Port Shepstone.by KZN Department of Economic Development, Tourism and Environmental Affairs was completed during the year under review.

Even though the five-year review for the concession contract of iLembe District Municipality in its Water and Sanitation concession contract with Siza Water was not concluded at year end such review has since been finalised. The PPP unit had continued with its support in management and monitoring of this concession contract

## **Supporting and Interlinked Financial Systems**

The directorate continues to provide support for financial systems such as BAS and HardCat in the province. The Persal is technical supported by the directorate, whilst the Office of the Premier is handling the functionality and policy.

The directorate remains committed to provide optimal protection to both BAS and Persal transversal systems thus mitigating any financial loss to the province. The use of the Biometric Access Control System (BACS) has significantly strengthened the non-repudiation in both BAS and Persal.

The directorate started to embark on improving the performance of HardCat Asset Management in the Province for all participating departments with KZN Department of Education being the first moving their standalone database to the centralized database. Training on the latest version was also conducted to their users in 14 -16 October 2019.

# **Provincial Supply Chain Management (SCM)**

- Routine SCM compliance assessments, operational support and investigations were conducted in Departments, Municipalities and Public Entities to ensure compliance with all relevant SCM prescripts. The unit also provided training to Institutions mainly on Local Production and Content and SCM Bid Committees, where necessary.
- Capacity building interventions were conducted in SCM components of Institutions which were found to have unfavourable audit outcomes. As per a Cabinet Resolution, an SCM intervention at the Department of Health commenced in the 2017/18 financial year and continued into the

2019/2020 financial year. Additional interventions will be identified in terms of the Audit outcomes, for Departments, Municipalities and Public Entities.

- The Policy Development Unit continued to review SCM Policies from the Departments, Public Entities and Municipalities on request. The Unit also commenced the process of consolidating comments on the Draft Public Procurement Bill which was published in February 2020 for public comments.
- The Contract Management Unit assisted Municipalities in developing their Contract Management Policies in line with the Provincial Contract Management Policy Framework and on-going monitoring and support was provided to all Municipalities. The site visits were undertaken to assess the on-site implementation of Contract Management within all Municipalities in the Province and comprehensive reports were submitted to the Municipalities, setting out areas that required attention and providing comprehensive action plans to address any weaknesses and potential areas which needed attention. Training was provided on request by Municipalities.

The SCM Unit further embarked on an exercise aimed at providing post-implementation support to all Departments within the Province, where site visits commenced in November 2019 with an aim of analysing the situation in relation to Contract Management in all Departments. Ten (10) Departments were visited during the reporting period and the remaining Department visits were disrupted by the National Lockdown, which is planned for completion as soon as the situation allows such visits. The process to source more resources to be deployed in the Departments was underway and the Department had appointed two (2) additional resources on a two (2) year contract. Recommendations had already been sent to the Departments where site visits had been conducted as some of the Departments did not have fully functional Contract Management Units.

- The unit identified the use of Regulation 32 contracts, at municipalities, as one of the major contributors to irregular expenditure. The Regulations were being improperly applied and the result of which was the incurrence of irregular expenditure by the Municipality utilising the said contracts. The Unit continues to ensure good governance and transparency in the procurement process by overseeing the approval and monitoring of the use of Regulation 32 requests. The unit has processed twenty two (22) Regulations 32 requests.
- The unit provided direct support to all Departments, Municipalities, Public and Municipal Entities to
  facilitate the reporting, compliance, data uploads and registration of suppliers onto the Central
  Supplier Database (CSD). CSD training was facilitated to all municipalities and departments in
  order to provide SCM practitioners with knowledge on the functionality of the CSD.

- In accordance with Instruction Note 3 of 16/17, the Unit ensures accountability and good governance at Provincial level and has processed Two Hundred and Forty-Five (245) applications for deviations. It is our view that this has gone a long way in curbing the incurrence of irregular expenditure.
- Specialised Support is a new unit that has been established within the Provincial SCM Unit to assist
  provincial departments and public entities in creating an enabling environment for government
  procurement to enhance opportunities for Historically Disadvantaged Individuals through vetting of
  bid specifications to ensure compliance with Preferential Procurement Regulations 4 and 9 of 2017
  and to review high value bids in an effort to curb irregular expenditure.
- The Provincial Bid Appeals Tribunal has facilitated a number of cases relating to the appeals against bids that were awarded by the Departments in the Province. The table below reflects the appeals handled during the 2019/2020 financial year:-

| SCHEDULE OF APPEALS – DEPARTMENTS                             |          |                  |    |           |                 |  |  |

## **Accounting Services (Financial Reporting)**

I. Provincial Departments and Public Entities

An executive overview of the financial management support provided to Provincial Departments and Public Entities by the Accounting Services Unit during the year is as follows:

- Provided assistance in preparation of monthly general ledger reconciliations and monitoring of the quality of financial management reconciliations and accounting processes;
- Provided guidance with technical queries on implementation of accounting standard requirements for both Provincial Departments and Public Entities;
- Engaged with National Treasury and Office of the Auditor General on contentious matters relating to interpretation of accounting standards and any National Treasury reforms;
- Provided monitoring support to Provincial Departments and Public Entities on the submission of mandatory information to Provincial Treasury and Auditor General;
- Reviewed the Interim Financial Statements of 14 Departments and 1 Public Entity;
- Conducted a pre-audit review of the annual financial statements and working papers for 14
   Departments and 8 Public Entities;
- Facilitated training on Unauthorised, Irregular and Fruitless and Wasteful Expenditure for Departments and Public Entities;
- Training material developed and circulated to Departments on updates to the Modified Cash Standards;
- Facilitated GRAP update training for Public Entities;
- Reviewed the monthly reconciliations of interdepartmental accounts in the province;
- Provision of assistance in terms of addressing government debt owed to Municipalities;
- Provision of support rendered to Departments in terms of addressing long outstanding payments to suppliers;
- Support suppliers to resolve payment disputes with departments when payment is delayed.

- In addition to the above support, the Unit undertook specific interventions at the following Departments to address audit risk areas:
  - Continued financial management support to KZN Department of Arts and Culture, including preparation of the annual financial statements, irregular expenditure and asset registers;
  - Continued asset management support to KZN Department of Health;
  - Provided asset management support and training on "accruals and payables not recognised" to KZN Department of Economic Development, Tourism and Environmental Affairs;
  - Financial management support provided to KZN Office of the Premier in preparation of the financial statements;
  - Provision of financial management support to KZN Department of Agriculture on commitments for the 2019 financial year end and updating of the irregular expenditure register for both the 2019 and 2020 financial years;
  - Financial management support to KZN Department of Cooperative Governance and Traditional Affairs, including assistance with preparation of the monthly financial statements, irregular expenditure and commitment registers for the 2019 financial year;
  - Financial management support to KZN Department of Social Development, in reviewing and monitoring the preparation of the annual financial statements and support in preparation of working papers for the 2019 financial year;
  - Financial Management support to the Department of Sport and Recreation;
  - Financial Management support to the Acting CFO at the KZN Department of Education.

In addition to the above the unit undertook the following:

- Prepared the consolidated annual financial statements for the province and public entities;
- Prepared the annual financial statements for the Provincial Revenue Fund;

- Reviewed the condonation of irregular expenditure submissions made by departments and public entities. The teams managing the sub-programmes of Accounting Services and Supply Chain Management have been instrumental in this process to ensure compliance with the Irregular Expenditure Framework.
- II. Implementation of the Municipal Regulations on Standard Chart of Accounts (mSCOA)

In keeping with the Provincial Treasury's mandate to assist and support municipalities in strengthening and building their financial management capacity, the Accounting Services Unit in collaboration with the Municipal Finance Management Unit continued to provide mSCOA support to municipalities and their related entities in the province. In leading the initiative, the Accounting Services Unit played an instrumental role in spearheading a technically integrated engagement with municipalities and the Municipal Finance Unit with specific focus on MSCOA implementation and champion training, skills development and transfer to ensure continuation and inculcation of MSCOA support plans in action.

An executive overview of the deliverables accomplished is as follows:

- Management of the review of the detailed monthly transactional data of municipalities and municipal entities to ensure correct alignment to the mSCOA chart requirements, as well as completeness and accuracy of transaction information.
- Train municipalities and municipal entities in various mSCOA areas.
- Manage the support to municipalities in correcting the monthly transactional information in readiness for interim and annual financial statements.
- Provide hands on support to municipalities and their entities based on needs identified in relation to mSCOA budget preparation, monthly transactional information and/or financial statement preparation.
- Provide guidance and review the mSCOA adjustment budget for the 2018/2019 financial year and the mSCOA annual budget for the 2019/2020 financial year to ensure correct use of the mSCOA segments and assist municipalities and entities in clearing identified errors.
- Monitor the planning and implementation of the business process change in municipalities and municipal entities.

- Conduct a systems assessment on progress made by the municipalities and the entities and provide guidance in addressing these challenges.
- Provide guidance to municipalities and entities in the implementation of outstanding mSCOA modules including the integration of modules.
- Attend project steering committee meetings, forum and other stakeholder and role-player engagements as and when required including active participation.
- Compilation of presentations and progress reports for various platforms engagements.

In addition to the above, Provincial Treasury established a dedicated support team to assist municipalities, with a resource allocated to two districts each in order to provide hands on support as required.

The function of mSCOA support to municipalities and their entities has been transferred to the Municipal Finance Unit with effect from 1 April 2020.

Future Plans

Provincial Departments and Public Entities:

The Financial Management Unit will continue to play a significant role in the implementation of the province-wide, multi-level PFMA audit readiness financial management support plan that has been developed to achieve the broad and overarching goal of improved financial management practices and the achievement of 90% unqualified audit outcomes by 2024. The improvement of the effectiveness of financial management in the Province remains a priority in the attainment of improved audit outcomes.

The following targeted projects and initiatives have been identified by the Accounting Services Unit to achieve the outcome outlined above:

- Provision of specialist financial and asset management support to provincial departments and public entities to enhance financial management skills and capabilities and ensure audit readiness.
- Provision of technical support and financial management training to strengthen capacity of officials at departments and public entities on financial reporting standards.

- Monitoring of financial management processes and analysis of monthly key accounts and reconciliations
- Support to departments in the interim and annual financial statement preparation process with the object of improving the availability of quality supporting documentation.
- Monitor compliance with month-end closure procedures and submission of interim and annual financial statements.

In addition to the above the sub-programme will continue to provide support to the Province in terms of:

- Operation "Pay-On-Time": A dedicated "operation pay on time" team is available to supports
   SMMEs in particular with resolving of payment disputes that arise and reporting to National
   Treasury on compliance with Instruction Note No. 34.
- Inter-Governmental Debt Management: Assistance with reconciliation of Inter-Departmental Accounts and Municipal Debt Recovery.
- Condonation of Irregular Expenditure: Assist with the reduction of irregular expenditure
  through a process of condonation in compliance with Instruction Note No. 2 of 2019/2020.
  Provincial Treasury will continue enforcement of the Framework for the condonation of
  irregular expenditure, by ensuring that all requests for condonation, made by Departments and
  Public Entities are in accordance with the requirements thereof.
- Preparation of the consolidated annual financial statements for the province and public entities.
- Preparation of annual financial statements for the Provincial Revenue Fund.

# **Norms and Standards**

# **Policy Assistance to Departments**

The unit reviewed eight (8) standard operating procedures as per the annually determined review schedule. All proposed amendments were consulted with departments and proposals incorporated, where applicable, in anticipation of its adoption and implementation. Eight (8) policies were reviewed for four identified departments (2 per department) to ensure alignment with regulatory prescripts and financial norms and standards, with a comprehensive report issued on the findings, for incorporation and implementation, where relevant.

# **Policy Assistance to Municipalities and Entities**

The unit's annual plan is informed by the annual policy support survey conducted prior to commencement of the financial year and numerous ad-hoc requests received during the course of the financial year.

The unit provided support on finance-related policies to four (4) municipalities and 8 (eight) entities that included Mkhambathini local, Dr Nkosazane Dlamini-Zuma local, uMzimkhulu local, KZN Agri-business Development Agency, KZN Ezemvelo, and Trade & Investment KZN.

# **Monitoring Compliance and Evaluation**

A compliance monitoring and evaluation exercise was conducted to assess financial management compliance within all provincial departments which assessed unauthorised, irregular and fruitless and wasteful expenditure and included a compliance checklist where documentary evidence was requested to support the responses indicated in the questionnaire. Departments were required to provide reasons for non-compliance when completing the questionnaire and formulate action plans with stipulated deadlines to address deviations.

The completed questionnaire was analysed and thereafter compliance assessment reports issued per department which detailed compliance achievements and provided recommendations to address identified weaknesses or non-compliance. Additional guidelines were provided for incorporation within the working environment, where applicable, to strengthen existing internal control measures and enhance financial management and control.

A compliance follow-up report was issued per department to ensure that recommended remedial or control measures were implemented to address compliance deviations or non-conformance with regulatory prescripts and financial norms and standards.

Compliance monitoring was conducted within eight (8) entities which was a more detailed analysis articulated from the assessment conducted during the 2018/19 financial year. A questionnaire was developed which assessed the Debt Management and Revenue Management in a more comprehensive manner. The process commenced with the development and issuing of the standardised assessment questionnaires that were submitted to the entities for completion. The completed questionnaire was

analysed and thereafter compliance assessment reports issued per entity which detailed compliance

achievements and provided recommendations to address identified weaknesses or non-compliance.

Implementation of the Financial Delegation Framework

Support was provided to four (4) public entities within KZN Province to assess the implementation of the

Delegations Framework, as envisaged in National Treasury's principles document. The entities

supported were Trade and Investment KZN, KZN Agri-business Development Agency, KZN Sharks

Board and Dube Tradeport.

Follow-ups were conducted in all departments for previously assessed financial delegation frameworks

to establish whether the recommendations provided were incorporated in the departmental System of

Delegations, ensure compliance with legislative prescripts, Delegation Frameworks and accountability,

functionality and achievement of expected standards regarding results and performance.

**Audit Improvement Plan 2019** 

The unit conducted three critical assessments in line with the Operation Clean Audit Improvement

Strategy for the Province:

Review adequacy of departments' policies, based on the findings contained within the Management

Report and Auditor-General Report for 2018/19 and taking into account the mitigation strategy per

department to address such findings. Support are provided on an ongoing basis in reviewing

identified policies per department, based on the audit findings and identified control deficiencies.

Evaluation of financial management qualifications of officials in the Office of the Chief Financial

Officer (CFO) and all payment points, identifying any deviations with minimum qualification criteria

as per job descriptions and DPSA requirements and ensuring remedial measures are implemented

based on the findings. A comprehensive report was issued on the outcomes of the analysis.

Review adequacy of Financial Management Delegations of Authority. A report was issued on the

current status of Departments delegation frameworks and any new matters arising subsequent to the

matters reported on as at 31 August 2019.

**PROGRAMME 4: INTERNAL AUDIT** 

**Assurance Services** 

- 62 -

The shared internal audit function for the Province was provided by the Assurance Services sub-programmes within PIAS. All 14 provincial departments were serviced by the unit during the 2019/20 financial year. The Unit operated under the control and direction of the Provincial Audit and Risk Committee (PARC); and provided internal audit services as well as consulting activities designed to add value and improve Departments operations. The internal audit function operated with objectivity and independence, in compliance with the Standards for the International Professional Practices of Internal Auditing (SPPIA) issued by the Institute of Internal Auditors (IIA).

In executing its responsibilities as a shared internal audit function, the Unit assessed the effectiveness of controls over various processes by conducting 232 audit reviews. These reviews were based on the risk profiles of each Department and included both full scope audit reviews as well follow ups to determine the extent of implementation of previous audit recommendations.

In line with efforts to improve audit outcomes within the various provincial departments, the financial audits component conducted various transversal audits. These included reviews of the in-year monitoring processes, reviews of the completeness and adequacy of audit improvements plans developed by departments to address AG findings; as well as conducting AG follow audits to provide accounting officers with assurance on the effective implementation of these audit improvement plans.

The unit focused on assisting departments by conducting cyber-security assessments as a consulting activity to assist Departments by providing an independent assessment of its state of preparedness to manage cyber-security threats and risks. In addition, various IT governance reviews were concluded in a number of departments. Other core business activities were also reviewed across various departments; as well transversal audits on supply chain management, reviews of performance management processes, human resource management, asset management and transfer payments.

The unit enhanced the number of follow up reviews conducted to ensure that audits remained effective in assisting Departments improve internal controls. These follow up reviews were aimed at ensuring that management implemented actions to remedy weaknesses reported by Internal Audit. These follow ups focused on both Internal Audit findings as well as Auditor General Follow-ups and the progress of implementation was reported to Heads of Departments on a quarterly basis.

The Provincial Audit and Risk Committee, together with the Cluster Audit and Risk Committees, discharged their oversight responsibilities over audit processes during the financial year. The Provincial Audit and Risk Committee met regularly; including meetings with the MEC: Finance as well as the Audit General. The Cluster Audit and Risk Committee meetings were held quarterly with the presence of Heads of Departments and their senior management; the Internal Audit Unit and the Auditor General.

during the financial year. The Provincial Audit & Risk Committee comprises of independent members from outside the public service. The Committee reported on all critical matters that were identified in these meetings which needed escalation and action; to all Accounting Officers via quarterly CARC reports; as well reports to individual MECs. Committee members also attended AG Audit Steering Committee meetings and certain SCOPA meetings by invitation; as part of their oversight role.

## **Risk Management**

Risk and Advisory Services is a Unit within the Provincial Internal Audit Services which has been established to assist provincial departments, public entities and municipalities to comply with their risk management obligations as stated in the PFMA and the MFMA. Due to budget constraints, the support to public entities was curtailed, whilst the support to municipalities is done on a limited basis.

During the financial year, the Unit developed various frameworks which are envisaged to enhance departments' and municipalities' risk management and internal control practices. These frameworks, which are envisaged to be approved and rolled-out during the 2021/22 financial year, include the updated Provincial Risk Management Frameworks for departments and municipalities and the Provincial Combined Assurance Framework.

The Unit also continued its support to departments and municipalities through, among other things, facilitation of risk assessments at over 20 municipalities; and monitoring departments' compliance with:

1) Minimum risk management standards as set by the Provincial Executive Council in 2015; 2) Occupational Health and Safety Act; and 3) Sound Business Continuity Management Practices.

With regard to the Health Intervention Project, the Unit produced a detailed close-out report on the internal control work stream which was shared MECs for Finance and Health, the Department of Health, and the Provincial Audit and Risk Committee. Further work on the internal control work stream has been scoped and is awaiting approval for implementation. Further work includes assisting the Department with the recruitment and training of internal control practitioners to ensure the sustainability of the internal control work that was provided by the Unit.

In response to various COVID 19 control measures issued under the Disaster Management Act, the Unit has produced risk assessment guidelines and compliance checklists which have been issued to departments and municipalities for customisation. The Unit has also performed high level assessments of how departments are complying with selected COVID 19 control measures.

**Forensic Services** 

Four hundred and fifty-eight (458) investigation requests were received by the unit for the period

December 2009 to 31 March 2020 from provincial departments, public entities, and municipalities. The

amount of fraud and corruption that is currently under investigation is in excess of R9 billion.

accumulated from December 2009 to date.

Approximately 83% of the investigation requests received were investigated and completed. Those that

warranted criminal investigation were referred to the law enforcement agencies for further investigation.

The remaining 17% of alleged corruption and fraud cases reported are currently under investigation.

The Audit and Risk Committee oversight role with regards to forensic investigations (conducted and

those still in progress) has been limited to three hundred and twenty-nine (329) of the four hundred and

fifty-eight (458) allegations received against the provincial departments.

Most of the allegations received and investigated are serious and complex in nature. These

investigations are very costly and had created serious financial pressures for the unit. The unit has thus

requested local government institutions and public entities to fund their own investigations, disciplinary

hearings and criminal investigations. Provincial Treasury will however assist wherever possible, but will

prioritise investigations requests from provincial departments. The unit had also requested provincial

departments to fund their own disciplinary hearings and in some cases criminal investigations.

The forensic unit is committed to the fight against fraud and corruption and has assisted law

enforcement agencies such as the Anti-Corruption Task Team (ACTT), National Prosecuting Authority

(NPA), South African Police Services (SAPS), SCCU and Asset Forfeiture Unit on matters under

criminal investigation. The unit also assisted Accounting Officers of Departments with the compiling of

affidavits for registering of criminal cases and are in regular contact with the investigating officers and

prosecutors to determine the status of the registered cases and to determine whether any further

assistance is required.

The unit is tasked with monitoring the implementation of recommendations contained in the finalized

forensic reports by the respective Accounting Officers of all departments relating to criminal, disciplinary

and civil proceedings by conducting follow-up exercises. Through the work done during the 2017/18

financial year, a preservation order amounting to R543 000 000.00 was obtained.

**Programme 5: Municipal Finance Management** 

**Municipal Budget** 

- 65 -

The Municipal Budget sub-programme provides support to delegated municipalities and monitors the preparation and performance of municipal budgets as well as the compliance by all delegated municipalities with the relevant and applicable sections of the Municipal Finance Management Act, Act No.56 of 2003 (MFMA) and the Municipal Budget and Reporting Regulations (MBRR).

During the 2019/20 financial year, the primary focus of the Municipal Budget unit was the promotion of credible and funded municipal budgets and sound fiscal management. Monitoring of the municipal budgets included the following:

- Provision of support to all delegated municipalities in the preparation of their 2019//20 Medium Term
   Revenue and Expenditure Framework (MTREF) Budgets;
- Assessment of the 2019/20 MTREF budgets to establish whether the budgets were credible, sustainable and complied with the provisions of the Municipal Finance Management Act (No.56 of 2003) (MFMA), the Municipal Budget and Reporting Regulations (MBRR) and other applicable legislation. It is critical that the funding position (i.e. funded or unfunded) of the municipal budgets are evaluated to determine the sustainability of municipalities in the province as this impacts on the municipality's ability to deliver services; and
- Monitoring the implementation of municipal budgets and preparation of monthly and quarterly reports in terms of Sections 71(6) and 71(7) of the MFMA, as well as assessing the 2019/20 Mid-Year Budget and Performance Assessment Reports on the budget performance of all delegated municipalities.

The Municipal Budget unit assessed the 2019/20 Tabled and Approved Budgets of all 51 delegated municipalities and reports containing feedback on the key findings of the assessments were submitted to the delegated municipalities.

Technical support for the 2019/20 budget preparation process was provided on request to the following six municipalities as indicated below.

## Onsite technical support to municipalities on the 2019/20 budget preparation process

| No | Name of municipality | No | Name of municipality |

To guide all 51 delegated municipalities with the preparation of their 2019/20 budgets and to monitor compliance with the Municipal Budget and Reporting Regulations (MBRR), Provincial Treasury (PT)

issued Circular PT/MF 10 of 2018/19 dated 12 March 2019 (Preparation, submission and publication of the 2018/19 MTREF) to the municipalities. The PT Circular included some of the areas of weaknesses and common mistakes identified by both Provincial and National Treasuries in prior years that should have been considered and addressed (where applicable) by municipalities when preparing their 2018/19 MTREF budgets.

Furthermore, Provincial Treasury offered training to the BSCs and/or EXCOs of all the delegated municipalities on the preparation of funded budgets for the 2019/20 MTREF. Only two municipalities had invited Provincial Treasury to their BSC meetings.

## Municipalities who invited Provincial Treasury to their BSC meetings

| No | Name of municipality | Date of BSC meeting |
|----|----------------------|---------------------|
|    | Nquthu               | 12-Feb-19           |
| 2  | uMvoti               | 22-Mar-19           |

Source: KZN Provincial Treasury

Provincial Treasury conducted the 2019/20 budget assessment in two phases. The objective of the first phase was to assess the Tabled Budgets of the municipalities and provide comments for consideration by municipalities as per the requirement of Section 23(1) of the MFMA. The assessment process also included compliance checks on all Tabled Budgets received to establish the level of compliance with the requirements of the MFMA and MBRR in general and to verify amongst others, whether the Tabled Budgets submitted were in the correct version of the prescribed format.

Copies of the 2019/20 Tabled Budgets were received from all 51 delegated municipalities in the prescribed format. Comprehensive assessments were conducted and bi-laterals engagements with 50 municipalities within the months April and May 2019 were undertaken to discuss Provincial Treasury's findings on the municipalities' 2019/20 Tabled Budgets before formal feedback was provided to all 51 delegated municipalities. Provincial Treasury could not engage the remaining delegated municipality due to the unavailability of senior municipal officials at the municipality.

The second phase entailed the high level assessment of the budgets approved by the municipal Councils. Copies of the 2019/20 Approved Budgets were received from all 51 delegated municipalities in the prescribed format. High level assessments were conducted and feedback was provided to all 51 delegated municipalities. The main purpose of the assessment of the Approved Budgets was to establish whether the Approved Budgets took into consideration the comments and recommendations of Provincial Treasury provided on the Tabled Budgets. This process also included a compliance check to establish the level of compliance of the Approved Budgets with the requirements of the MFMA and

## MBRR.

National Treasury recognised the unforeseen consequences of municipalities adopting unfunded budgets and therefore afforded municipalities that had unfunded 2019/20 Approved Budgets the opportunity to rectify the situation through the Special Adjustments Budgets. The requirement for the municipality to table and approve the Special Adjustments Budget was communicated to municipalities by National Treasury as per the correspondence to municipalities dated 08 October 2019. Provincial Treasury was required to engage with municipalities that had unfunded 2019/20 Approved Budgets before the end of October 2019. Provincial Treasury engaged all 16 delegated municipalities that had unfunded 2019/20 Approved Budgets over the period 14 October 2019 to 22 October 2019. Thereafter, detailed assessments were performed on the Special Adjustments Budgets submitted by the municipalities and the findings thereof were communicated to municipalities during the bi-lateral meetings.

Provincial Treasury also monitored the submission of the 2019/20 Mid-Year Budget and Performance Assessment (Section 72) Reports which were due to both the Provincial and National Treasuries by 25 January 2020, in line with the provisions of the MFMA. Provincial Treasury conducted an assessment on the Mid-Year Budget and Performance Assessment Reports submitted by the delegated KZN municipalities, with a view of providing recommendations which would influence their 2019/20 Adjustments Budgets.

Provincial Treasury requested municipalities in Circular PT/MF 06 of 2019/20 dated 18 December 2019 to refrain from tabling their 2019/20 Mid-Year Budget and Performance Assessment Reports together with their 2019/20 Adjustments Budgets. This was requested in order for the Provincial Treasury to effectively assess the 2019/20 Mid-Year Budget and Performance Assessment Reports and provide meaningful contribution thereon in the preparation of the municipalities' 2019/20 Adjustments Budgets.

In order to improve on the quality of the bilateral engagements with municipalities, the Supply Chain Management (SCM) and internal Audit Units of the Provincial Treasury were invited to participate at the engagements. Due to the large number of municipalities in the province, it was not feasible to conduct joint engagements with all municipalities but rather to select those to be visited for the joint engagements.

The SCM Unit attended the bi-lateral engagements of 19 municipalities, which represents 37 percent of the engagements convened.

List of the 19 bi-lateral engagements on the 2019/20 Mid-Year Budget and Performance Assessment Reports that were attended by the SCM Unit

Engagements on the 2019/20 Mid-Year Budget and Performance Assessments Reports were conducted with a total of 49 municipalities including the joint engagements with the Provincial Treasury's SCM and Internal Audit Unit. Provincial Treasury did not engage with the Nquthu LM due to the poor quality of the 2019/20 Mid-Year Budget and Performance Assessment Report submitted and the KwaDukuza LM due to the unavailability of municipal officials.

The Municipal Finance Management Unit prepared 12 monthly Consolidated Budget Performance reports on all delegated municipalities and submitted these reports to National Treasury in terms of Section 71(6) of the MFMA.

Four quarterly reports on the Consolidated Budget Performance for all delegated municipalities including the three non-delegated municipalities were prepared in line with the requirements of Section 71(7) of the MFMA.

All municipalities which provide Electricity are expected to submit applications for an electricity tariff increase to the National Energy Regulator of South Africa (NERSA) in line with Section 43 of the MFMA. To ensure an improvement in the quality and timeliness of the tariff increase applications to be submitted, NERSA jointly with Provincial Treasury conducted a two day workshop on 15 and 16 October 2019 in Durban.

The purpose of the workshop was mainly to highlight the correct process of completing and submitting the relevant application forms and to remind municipalities of the deadlines for other related processes. The workshop was conducted for all delegated and non-delegated municipalities which are licenced to provide electricity services and was attended by 77 municipal officials from 22 municipalities.

Provincial Treasury consistently monitors payments of electricity and water accounts by all delegated municipalities to Eskom and the Water Boards respectively. Provincial Treasury has assisted in ensuring that defaulting municipalities enter into payment arrangements with Eskom with a view of settling their outstanding Eskom debt.

# **Municipal Accounting and Reporting**

In keeping with the Provincial Treasury's mandate to assist and support municipalities in strengthening and building their financial management capacity, the Municipal Accounting and Reporting Subprogramme provided on-site financial management support to identified municipalities within the province. The fundamental objective of this program is to improve the financial management accounting and reporting processes at the delegated municipalities and assist in addressing audit findings.

The on-site support intervention strategy conducted by the initiative entailed the following:

- An assessment of the status of financial management practice at identified municipalities and the development of a project plan;
- Review or perform monthly general ledger reconciliations and monitoring of the quality of financial management reconciliations and accounting processes, as required;
- Address prior year audit matters as raised by the Auditor-General to ensure that such matters are resolved adequately;
- Provide guidance and oversight in the asset register preparation process and asset management processes or assist in the preparation of the asset register as required;
- Monitor and assist in the preparation of the Interim Financial Statements and Annual Financial Statements (AFS);
- Preparation of AFS and supporting reconciliations and schedules, as required;
- Assist in the preparation and review of the audit working paper file including all financial reconciliations and disclosure requirements;
- Training and development, including continuous on-the-job training of municipal officials in terms of financial management throughout the project;

- Monitor and implement compliance with the Municipal Finance Management Act No. 56 of 2003 (MFMA), and other relevant local government legislation;
- Provide support with the alignment and compliance of Municipal Standard Chart of Accounts (mSCOA) requirements for financial management transactions;
- Attendance at audit steering committee meetings. Provide guidance and support during the audit process to the CFO in addressing all financial management audit queries until the issue of the final audit report; and
- Attendance at management meetings that relate to financial management within the municipality.

The 2019/20 annual targets for Financial Management Support to Municipalities include:

- <u>Target for 2019/20</u>: Pre-audit assessment report in four (4) municipalities by 31 August 2019.
   <u>Actual</u>: During the 2019/20 financial year Municipal Accounting and Reporting assisted eight (8) municipalities to review the Annual Financial Statements prepared by the municipalities.
- <u>Target for 2019/20</u>: Progress reports on intensive on site financial management support to six (6) municipalities.

<u>Actual</u>: On site financial management support was provided to seven (7) municipalities during the 2019/20 financial year.

# List of municipalities that received support from Municipal Accounting and Reporting during 2019/20

Municipal Finance Improvement Programme (MFIP III) - Asset Management

In response to the continuing challenges faced by municipalities and the resulting impact on audit outcomes, particularly as it relates to Asset Management, Provincial Treasury continued to provide hands on assistance to municipalities whom require asset management support. National Treasury deployed an Asset Management Technical Advisor as part of the Municipal Finance Improvement Programme (MFIPIII) to provide assistance and guidance to Provincial Treasury and municipalities in all aspects of Asset Management. The advisor assisted to address weaknesses identified with the establishment of an asset management steering committee, capacitation of the asset management unit and assistance with the development of policies and procedures.

An assessment of the status of asset management in the province was undertaken by a review of the prior year audit findings. A total of ten (10) municipalities received dedicated support during 2019/20 from the MFIP Advisor, with assistance from the Municipal Accounting and Reporting team.

### List of municipalities that received MFIP III Asset Management Support during 2019/20

### Implementation of the Municipal Regulations on Standard Chart of Accounts (mSCOA)

The Minister of Finance promulgated Government Gazette No. 37577, Municipal Regulations on Standard Chart of Accounts (mSCOA), on 22 April 2014. All municipalities and related municipal entities were required to transact in compliance with the mSCOA Regulations from 01 July 2017.

The objective of mSCOA is to provide a national standard for the uniform recording and classification of municipal budget and financial information at a transactional level by providing a standard chart of accounts.

Provincial Treasury continued to monitor the implementation of mSCOA in the Province during the 2019/2020 municipal financial year by means of providing onsite support and engagements to assist all delegated municipalities with the implementation of the chart and ensuring transfer of skills.

Municipalities were provided with support through various platforms including:

CFO Forums.

- Individual municipal training on request.
- Telephonic and email support to assist in clearing of validation errors, assistance to register on the LG Portal and queries relating to budgeting and accounting related matters.
- Attendance at project steering committee meetings.
- Technical queries on the chart within regards to inadequate guids not included in 6.3 and 6.4 of the mSCOA chart.
- Provision of an audit checklist including review of the working paper files that municipalities have in place.
- Review of the Adopted budget for the 2019/20 and the Adjustment budget of the 2019/20 financial year and feedback provided to municipalities on the use of segments.
- Review of the In-Year-Reporting and provide feedback on areas of improvement required and misuse of the mSCOA chart.
- Advise with regards to the procedure to be followed as indicated in Circular 80 of the MFMA. All supply chain management queries in respect of the RT25/2016 was forward to the Office of Chief Procurement officer for input where necessary.
- Execution of onsite assessments to determine the overall status of municipalities. This was completed and an mSCOA Implementation status dashboard provided to all delegated municipalities.

Training provided consisted of the following:

- mSCOA and Annual Financial Statement Alignment.
- The use of segments and corrections required.
- Budgeting and Transacting in mSCOA.
- mSCOA Fundaments and mSCOA reporting requirements at identified municipalities.

The mSCOA team continues to support municipalities in addressing queries with the chart and assisting with budgeting and clearing of validation errors on the data files. The focus is further on ensuring that the transactional data and the annual financial statements are credible.

### **Municipal Support Program (MSP)**

The Municipal Support Program (MSP) within Municipal Finance Management was established to assist and provide technical support to delegated municipalities. The MSP is committed to supporting its clients and identifying ways to improve service delivery by supporting and assisting municipalities. The program also places emphasis on capacity building to ensure improvements effected are sustainable.

The 2019/20 target was for MSP to implement 10 projects at municipalities. A total of eleven (11) projects were implemented at nine (9) municipalities during 2019/20.

The VAT Review initiative was implemented at two (2) municipalities in the 2019/20 financial year. The initiative is intended to address the shortcomings relating to the management of VAT. The filing of VAT returns by municipalities and the processes associated with this function have often been outsourced to service providers which resulted in external resources preparing and filing the returns on behalf of the municipality at a considerable cost thereto. In addition, the municipal officials have not necessarily been trained in the tasks involved and could be unaware of the best practices to follow in fulfilling these responsibilities. The VAT Review initiative aims to capacitate municipalities to undertake the function on their own.

The PAYE Review was implemented at three (3) municipalities in the 2019/20 financial year. The initiative is intended to assist municipalities in complying with SARS to ensure that no VAT refunds are withheld due to PAYE non-compliance, the PAYE returns are processed to prevent fruitless and wasteful expenditure in the form of interest and penalties as well as to capacitate municipal officials. The review is conducted for the previous five financial years.

Municipal Finance Management also identified the need to instil the practice of effective grant management in a municipal environment. The MSP provided structured support through the grant management training initiative at five (5) municipalities during the 2019/20 financial year. The MSP performed on site assessments of the grant management function at the selected municipalities in order to identify any weaknesses or inefficiencies which were addressed in the customised training sessions that were conducted. This initiative presents a holistic approach to effective grant management with the intention of embedding key foundation principles in a municipal environment, covering areas such as municipal planning, budgeting, financial accounting and reporting, cash management, compliance as well as document management.

The MSP also provided Municipal Finance technical support to one municipality as part of an intervention team to address the outstanding Eskom debt.

### List of Municipalities supported by MSP during 2019/20

### 2.2 Service Delivery Improvement Plan (SDIP)

The Service Delivery Improvement Plan (SDIP 2018 – 2021) for KZN Provincial Treasury is informed by the 2015-2020 Strategic Plan and is aligned to the Annual Performance Plan for 2018/19. To this end, the primary focus to the Department is the optimum and transparent allocation of financial resources whilst enhancing revenue generation and financial management practices in compliance with applicable legislation and corporate governance principles so as to ensure prudent financial management within provincial departments, municipalities and public entities within KwaZulu-Natal. With this in mind, this SDIP had set out the priority areas of service improvement that KZN Treasury will focus over the next three years.

Assurance Services within the Internal Audit Unit assesses its performance on an annual basis. This business component has, for the past and current years, experienced two main challenges. The first challenge has been human resources constraints which has compelled the unit to utilize external service providers who have put a lot of pressure on the unit's budget. Another challenge has been poor cooperation from client departments in terms of timely submission of management responses to the audit reports. The third and key challenge has been inadequate allocated budget for the unit which has led to curtailing the annual audit plans for client Departments.

The annual audit plans of all fourteen (14) Provincial Departments were not completed by the end of the financial year (31st March 2020) which has led to ineffectiveness of the Unit's service. In terms of the provincial arrangements, Departments are entirely depending on Provincial Internal Audit Service to comply with Sections 38 & 77 of PFMA, and failure to complete annual audit plans has led to automatic failure by Departments to comply with the relevant legislations. On average the unit has achieved 85% of the combined annual audit plans (14) for the financial year under reporting. The percentage of achievement was as a result of 15 audit projects that were cancelled/carried over to the 2020/21 financial year, out of a total of 267 audits that were initially planned. Non-achievement of the 267 audits for 2019/20 financial year was mainly due to the challenges with the Departments not being timely responsive to audit requests. In addition, some of the audits were under planned in terms of the nature and complexities of the audit areas.

Due to the low level of risk management maturity in provincial departments, public entities and municipalities, Provincial Treasury, through the Risk Management Unit is required by the PFMA, and the National and Provincial Risk Management Frameworks to assist these institutions in building the necessary capacity and to monitor these institutions' compliance with the prescribed risk management processes. The key challenges faced by the Unit is that most of these institutions seek Provincial Treasury's assistance on risk assessments and other risk-related needs such as risk management training, whereas the Unit has limited human resources and budget capacity to promptly and adequately respond to these requests. The Unit has revised the Provincial Risk Management Framework to expand on the minimum risk management standards, and to provide guidelines to provincial departments and municipalities. These two frameworks have been shared with the Provincial Audit and Risk Committee and the MEC, and they are envisaged to be approved by 30 June 2020. Once approved, these frameworks will assist in providing guidance in the development of credible risk registers and facilitation of risk assessments at departments and municipalities levels.

### 2.3. ORGANISATIONAL ENVIORNMENT:

In terms of the SDIP for the period 2018-21, the department focused on the following key services:

- Provide management with the assurance on the compliance with the relevant legislations and prescripts, and effectiveness of the internal control systems (here referred to as key service 1).
- Facilitation of risk assessments in line with approved risk assessment methodology and provision of risk management training (here referred to as key service 2).

### 2..3.1 SITUATIONAL ANALYSIS (AS PER THE SDIP):

### **Current analysis** Regulations. This included the preparation and execution of perform its mandate as prescribed by the PFMA and Treasury The Internal Audit Unit, Assurance Services continued to the annual audit plans for all Provincial Government reports, assist audit clients to improve their control systems Departments and some of the public entities. Through audit which help to accomplish the organizational goals and objectives. However, the following should be noted: Key service 1 Assurance Services As per the approved SDIP

### a) Positive Reflections on PIAS

 The performance audit on S&T Expenditure conducted during 2014/15 and 2016/17 by PIAS across all Provincial Departments has led to reviews of Departmental S&T Policies by all Government

The situational analysis as per the approved SDIP has not changed for 19/20, with a few additional issues to note. The 19/20 situational analysis is thus reflected as follows:

### a) Positive Reflections on PIAS

- A Supply Chain Management internal audit was conducted for COGTA during Q3 and Q4 of 2019/20 financial year. Internal Audit was able to assist the department by preventing it from incurring irregular expenditure of R19 879 126.00. The department was able to cancel the tender that did not fully comply with the SCM process prior to expenditure being incurred.
- A cyber-security assessment was conducted during 2019/20 by PIAS across eleven (11) Provincial

Departments. In addition, the Province has collectively experienced expenditure reduction on the S&T Audit Report advised Departments to improve on scrutinizing S&T Claims. This control measure has helped to eliminate unnecessary trips and has also helped to eliminate the risk of processing fraudulent S&T claims. Most of the Departments have commended the audit as it had led to the improvement of control environment.

- The Auditor-General had placed reliance on the IT audit work conducted by the Internal Audit, Assurance Services through its IT Audit Component. The reliance of internal audit work by AG encourages the Assurance Services to continue to work hard and improve on other types of audits conducted by the Unit. Reliance on the internal audit work resulted on the AG's scope reduction and therefore led to reduced audit fees charged to the client Department.
- The appointment of the Audit Committee that is competent has contributed to the high level of professional respect received from all internal audit stakeholders such as Provincial Government Departments, Auditor-General, etc. In the past, audit committee meetings were not being attended by the

Departments. The objective was to assess the departments' state of readiness to identify to, protect against, respond to, and recover from, cyberattacks. The assessments have lead departments to re-evaluate their cyber security stance and readiness for potential attacks and enhanced protective controls in their network to both detect and prevent potential attacks. Most of the Departments have commended the audit as it had led to the improvement of the information security environment.

- The Auditor-General had placed reliance on the IT audit work conducted by the Internal Audit, Assurance Services through its IT Audit Component. The reliance of internal audit work by AG encourages the Assurance Services to continue to work hard and improve on other types of audits conducted by the Unit. Reliance on the internal audit work resulted on the AG's scope reduction and therefore led to reduced audit fees charged to the client Department.
- The Auditor-General conducts an audit on an annual basis. The detailed findings of the audit are issued to the department in a Management Report. The department is then tasked with developing a set of action plans (Audit Improvement Strategy) to address

Heads of Department and other key senior personnel, and in addition, audit reports produced by the PIAS were not being responded to by the audited Departments. As a result, Departments are taking the audit reports seriously and therefore implement the recommendations and/or action plans for which the implementation is tracked quarterly through the introduced audit logs.

### b) Negative Reflections on PIAS

The Internal Audit, Assurance Services has received negative comments from the Auditor-General and Provincial Government Departments due to noncompletion of the annual audit plans of several departments at the end of the financial years which has led to doubts on the effectiveness of the unit's service. In terms of the provincial arrangements, departments are entirely depending on Provincial Internal Audit Service to comply with Sections 38 & 77 of PFMA, and failure by Assurance Services to complete annual audit plans leads to automatic failure by departments to comply with the relevant legislations. For example, on average the unit has achieved 95% of the annual audit plans for the past three consecutive financial years due to inadequate resourced (financial & human) business

and prevent the reoccurrence of the findings. Internal Audit has conducted a review of the Audit Improvement Strategy to:

- Assess the completeness of management's action plans to address all findings in Auditor General's Management Report 2018/2019 and;
- Assess the adequacy of management's action plans to prevent the re-occurrence of the audit findings

From this audit, PIAS was able to advise client departments on the likelihood of AG findings reoccurring based on the actions developed in the Audit Improvement Plans. PIAS also provided recommendations on how to improve the Audit Improvement Strategies to better use as a monitoring and control mechanism to improve the control environment and hence the audit outcomes.

The re-appointment of the Audit Committee that is competent has continuously contributed to the high level of professional respect received from all internal audit stakeholders such as Provincial Government Departments, Auditor-General, etc. In the past, audit committee meetings were not being attended by the Heads of Department and other key senior personnel,

unit.

- neetings as well as strategic planning sessions. These ineffective with its service. For example, sometimes when audit reports are presented or discussed at the Client Departments do not invite internal audit to be represented during the departments' management factors have led to poor audit coverage on the areas of clients' concern which could render internal audit certain areas have not been covered mainly due to lack of communication of their expectations at the beginning completion of the audit, concerns are raised whereby of the audit.
- surveys, by the audited Departments regarding the value not added by some of the audit assignments conducted. Departments would like to have majority of satisfaction the audit findings by the external auditor (AG) being eliminated or avoided through the internal audit work Negative comments, through client

### Key service 2

the National and Provincial Risk Management Frameworks to with risk management support and assist these institutions in assist provincial departments, public entities and municipalities various advisory services. The risk management support includes

audit reports seriously and therefore implement the and in addition, audit reports produced by the PIAS were not being responded to by the audited Departments. As a result, Departments are taking the recommendations and/or action plans for which the implementation is tracked quarterly through the introduced audit logs.

### c) Negative Reflections on PIAS

audit plans for the past three consecutive financial On average the unit has achieved 92% of the annual years due to inadequate resourced (financial & human) business unit.

Education, Public Works, Provincial Treasury (Public Private analysis remained the same, but with more demands on other types of specialized risks such as project risk assessment, particularly for infrastructure-driven departments such as Health, The Risk and Advisory Services is mandated by the PFMA, and | As at the end of this current (19/20) financial year, the situational

provision of risk management training, facilitation of various types of risk assessments, monitoring and evaluating risk management maturity of these institutions. The following should also be noted:

### a) Positive Reflections on the Unit

- With limited capacity, the Unit is assisting its client institutions with risk assessments and development of risk registers;
- The Unit has a CURA Risk Management System that has built-in templates to produce and store risk registers.
- The Unit hosts various risk management fora to impart knowledge on risk management on a quarterly basis, to departments, and aimed to the same for public entities and municipalities twice a year

### b) Negative Reflections on Unit

- The Unit has no capacity and thus not able to facilitate risk assessments for specialized areas such as IT, Fraud and Occupational Health and Safety risk assessments.

  Consultants are utilized to complement internal resources;
- Because of the lack of a standardized documented risk assessment planning process, the risk assessments may not be complete and totally representative of the institution/organization.

Partnership Projects) and Transport. There is now an added need for each project to be re-assessed and risk registers maintained per project. Given the inadequate technical and resource capacity within departments, there will be now and added responsibility on the Unit to support departments in project-related risk assessments, which is a complex and technical area beyond the capacity of the Unit.

There is also now a renewed requirement for the Unit to develop the Provincial Risk Profile, which had to be a culmination of risks emanating from provincial departments, public entities and municipalities. This requirement would require a sophisticated risk aggregation system and a uniform approach on risk reports which the Unit has to drive in order to make it a reality. The Unit is also expected to be at the forefront of providing guidance on emerging risk issues such as risks currently posed by the COVID-19 pandemic, and monitor compliance by departments with COVID-19 regulations and circulars.

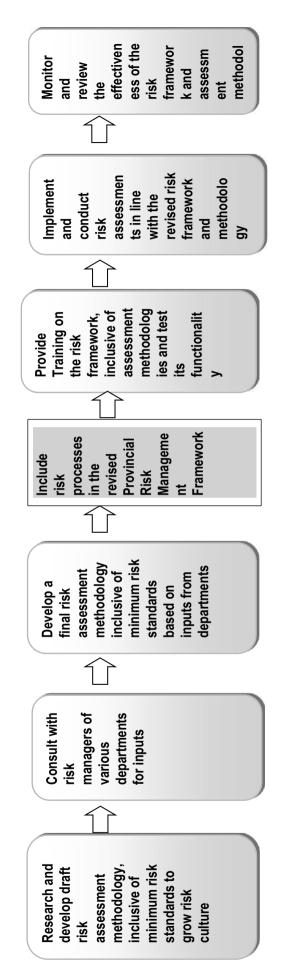

### 2.3.2 PROCESS MAPPING:

Key Service 1- provide management with the assurance on the compliance with the relevant legislations and prescripts, and effectiveness of the internal control systems.

| Process |  | Resources Involved  | Timelines                          |
|---------|--|---|------------------------------------|
| Step 1  | Prepare Draft Annual Audit Plans   | DD, D, CD & DDG   | 3 <sup>rd</sup> Quarter – Annually |
| Step 2  | Discuss Draft Annual Audit Plans with all<br>Provincial Departments, AG and Audit<br>Committee   | Plans with all DD, D, CD, DDG, HODs, AG 3 <sup>rd</sup> Quarter – Annually and Audit & AC | 3 <sup>rd</sup> Quarter – Annually |
| Step 3  | Implement or execute the approved annual audit DD, D, CD & DDG plans during the financial year   | DD, D, CD & DDG   | Annually                           |
| Step 4  | As part of monitoring, account quarterly to the relevant Department and the audit committee on the progress of the plan's implementation | DDG, HODs, AG & AC  | Quarterly                          |

Key Service 2: Facilitation of risk assessments in line with approved risk assessment methodology and provision of risk management training

Details of the current roll-out of the key service as per the SDIP:

| Steps  | Steps Activity  | Resources Involved                                       | Timelines                                 |

| Key service 2   |   |
| The Unit has a limited number of staff who ranges from 10 Deputy            | The Unit has a limited number of staff who ranges from 6 risk             |
| Directors, 4 Directors and 1 Chief Director who are expected to support 14  | practitioners (level 8), 8 Deputy Directors, 4 Directors and 1 Chief      |
| departments, 10 public entities and over 50 municipalities. Although the    | Director who are expected to support 14 departments, 10 public entities   |
| majority of provincial departments have risk managers, the level of risk    | and over 50 municipalities. Although the majority of provincial           |
| management maturity in these departments is still very low – based on the   | departments have risk managers, the level of risk management maturity     |
| recently (December 2016) conducted risk maturity gap analysis all           | in these departments are not at the same level, and is still developing - |
| departments still require hands-on support. One Risk Manager per            | based on the assessment of risk maturity levels that was initially        |
| department is also inadequate to carry out full risk management             | conducted in December 2016, that was re-assessed in June 2019. The        |
| responsibility for the whole department. All departments are yet to         | functioning of non-stand-alone risk management components (i.e.           |
| establish risk management structures and populate them as is required.      | Appointed risk managers at departments, also perform internal control     |
| The picture of municipalities and public entities is worse as most of these | and forensic functions, in addition to risk management functions) is      |
| institutions do not have internal risk management functions and capacity    | inadequate to carry out full risk management responsibility for the whole |
| to comply with their risk management obligations as per the MFMA and        | department. All Departments have since established risk management        |
| the PFMA.   | committees, which are chaired by Accounting Officers of departments,      |
|   | and which meet on a quarterly basis. The risk management committees       |
| The Unit is also expected to perform various reviews, provides advice and   | review the risks of the department and add value to risk registers,       |
| produces various risk related documents and policies to assist the          | although this still requires further capacitation and guidance from the   |
| institutions to improve their risk management maturity. The absence of a    | Unit. The Unit encouraged the risk committees to complete the E-          |
| documented risk assessment planning process should be prioritized.          | LEARNING programme on risk management that was offered by the             |
|   | National treasury, to which some departments' risk committee members      |

have completed and some still need to complete same. The Unit Plans to assist the departments' risk committee by putting in standard agenda items, as well as develop a process of re-rating risks, through an assessment of whether the implemented risk mitigation plans strengthened the control environment. The picture of municipalities and public entities is worse as most of these institutions do not have internal risk management functions and capacity to comply with their risk management obligations as per the MFMA and the PFMA.

The Unit is also expected to perform various risk management reviews and analysis; as well as provide advice and produce various risk related documents and policies to assist the institutions to improve their risk management maturity. The absence of a documented risk assessment planning process, inclusive of an updated risk management framework should be prioritized.

The Unit is also expected to compile the provincial risk profile, which is supposed to be a culmination or aggregation of critical and transversal risks emanating from provincial departments, public entities and municipalities. This obligation requires that the Unit has a sophisticated Risk Management Information System that is uniform or compatible to risk management information systems used by all these institutions, hence the currently revamped risk management framework and assessment methodologies has to take into account this requirement and has also been extended to municipalities.

## 2.3.5 OTHER CHALENGES AND SUGGESTED SOLUTIONS

| CHALLENGES  | SOLUTIONS   |   |
|---|---|---|

| KEY SERVICE | SERVICE<br>BENEFICIARY | CURRENT 8 | STANDARD   | DESIRED<br>STANDARD<br>2019/20   | ACHIEVED LEVEL OF PERFORMANCE  |
|-------------|------------------------|-----------|--|--|--|
|             |                        |           | Execute the audit as per the scope determined at the planning stage. | 100% audit coverage on all the areas of client's concern.                        | Achieved – all audits conducted to date have covered scope of work as per the plan and discussion with the client management. This is with the exception of the SCM at DSD where all the regions could not be covered due to budget constraints.                                 |
|             |                        | Quality   | Partially<br>Compliance<br>with IIA<br>Standards                     | Implement remaining action plans on external Quality Assurance review performed. | Not Achieved – TeamMate is continuously proving to be a challenge for the Unit and as a result, some of the action plans could not be implemented as desired.  |
|             |                        |           | Peer reviews<br>conducted on<br>an ad-hoc<br>basis                   | Perform bi-annual peer reviews.  | Not Achieved – peer review that was planned for the 2 <sup>nd</sup> & 3 <sup>rd</sup> quarter was not done due to capacity issues as the Director who had been tasked with responsibility has since left PIAS and the post is yet to be filled.                                  |
|             |                        |           | Fragmented implementatio n of desired structure                      | Update and implement register of training.                                       | Partially Achieved - the training plan for the period of 2019/20 had been developed in consultation with the staff. But the plan was not implemented due to financial constraints.   |
|             |                        |           |  | Obtain approval and implement the new revised structure on a phased in approach. | Not Achieved – Revision and approval of the IAU structure has been put on hold until the discussions on the Unit's future as a shared service in the Province have been completed. However, the structural issues are currently impacting the operations of the Unit negatively. |
|             |                        |           | Compile<br>Annual<br>Performance<br>Plan with<br>standards.          | Revise Annual<br>Performance Plan<br>with standards.                             | Achieved – the Annual Audit Plan for 2019/20 has been revised from the 3 year rolling strategic plan (2019/20 – 2021/22) in consultation with the client Departments. The plan is in the process of implementation.  |

| KEY SERVICE | SERVICE<br>BENEFICIARY | CURRENT 8    | STANDARD  | DESIRED<br>STANDARD<br>2019/20   | ACHIEVED LEVEL OF PERFORMANCE  |
|-------------|------------------------|--------------|---|--|--|
|             |                        | Consultation | Currently experiencing limited beneficial engagements with the auditor.                                       | Quarterly meetings to be expanded to include HOD's and Audit Committee.  | Partially Achieved – attendance of audit clients' MANCO and/or risk management committees' meetings to present and discuss audit engagements, IAU role and expectations from client Departments was achieved with only the Departments of Treasury, Health, Social Development, Human Settlements and Agriculture. This resulted to only 36% (5/14) achievement. IAU will continue or keep on knocking at the remaining Departments pleading for invitations to their key management meetings. It must be noted that as much as we wish to attend this meetings, this target is dependent on invitations from the Departments. |
|             |                        |              | Concerns are mostly raised at the conclusion of the audit instead of during the commenceme nt of the project. | Continuous client engagement throughout the audit process to ensure that concerns of the client are addressed. | Achieved – audit opening meetings were held with the senior management officials (CDs, DDGs or HODs). To this end, the Unit did not receive complaints from client management on not addressing concerns raised by the client Department at the commencement of the audits.  |
|             |                        |              | No<br>participation   | Participate during Risk Assessment process and ensure alignment of audit to the risk findings.                 | Not Achieved – this is still a challenge as our attendance of the sessions are dependent on invitation from the client Departments. This is despite of our plea with client Departments to extend invitations to us (IAU).   |
|             |                        |              | Client<br>satisfaction<br>surveys sent<br>out   | Monitor comments & implement improvement from client satisfaction surveys.                                     | Partially Achieved – so far, the CSS results are still reviewed on individual basis by the cluster audit managers, we have not implemented a process to collectively (Unit management) monitor and report on CSS results.  |

| KEY SERVICE | SERVICE<br>BENEFICIARY | CURRENT STANDARD                | NDARD   | DESIRED.<br>STANDARD<br>2019/20  | ACHIEVED LEVEL OF PERFORMANCE   |
|             |                        |                                 | Client<br>satisfaction<br>survey not sent<br>out.   | Send out client satisfaction surveys and address improvement areas.                              | Partly Achieved The surveys are only done for the Risk Forums. There is an intention for this to be extended to all aspects of our projects from Q1 of the new financial year (20/21). We were unable to kick this off in Q4 of the 19/20 financial year, as the risk reports have generally been accepted and are further still discussed and accepted at the departmental risk management committee meetings.               |
|             |                        | Access                          | Contact details of management team is known to clients and is available on Treasury website | Annual introduction of risk support team dedicated to each institution, and any changes thereof. | Achieved This is currently being done through signed internal audit plans as the team to support departments on risk management is stated in signed internal audit plans issued by the Audit Committee to each department before the commencement of audit and risk projects.   |
|             |                        | Courtesy                        | Responding to clients correspondence/ emails on an adhoc basis                              | Respond to clients' requests/emails within 7 days.   | These are generally responded to within the 7 day period. There was a request for fleet management risk assessment which was continuously postponed until it took place between January and March 2020, and was finalized in March 2020.  |
|             |                        | Openness<br>and<br>Transparency | Clients'<br>Accounting<br>Officer Reports<br>issued twice a<br>year.                        | Quarterly meetings with clients' Accounting officers prior to CARC meetings.                     | Achieved This is informally done through the CARC Dry-run Meetings and Risk Committee meetings. Further to this, a report to the Accounting Officer, which incorporates Assurance, Risk and Forensic, is done on a quarterly basis. A similar and more detailed report to the MEC of Departments has also been prepared from Q3 onwards. Meetings with some MEC were also held during this quarter, i.e. EDTEA, DSD, and DPW. |

## 2.3.7 CHALLENGES, MITIGATION FACTORS AND SUGGESTIONS

### Challenges/gaps encountered per service:

### Key service 1

- implementation. However, approval was granted to fill certain posts on contract. Although contract posts are There is still a heavy reliance on external service providers; as the structure of the Unit is on hold for approval and somehow filling the void, this option is not sustainable as contract staff continues to seek permanent job opportunities and as a result, we are continuously on a recruitment drive.
- There is also an increased cost implication in appointing external firms to conduct audit assignments versus the appointment of internal resources. This places an increased burden on the unit's budget as well as managers to oversee the work of the consultants.

### Key service 2

- On developing a revised risk management framework, inclusive of the standardized risk assessment methodology, the main challenge that we had was on timely approval of the revised Provincial Risk Management Framework by the Executive Council. The outgoing Provincial Executive Council took a decision to defer all major approvals/decisions after the National and Provincial Elections hence the revised Provincial Risk Management Framework could not be approved by March 2020, and this delay had also delayed the implementation of the risk assessment methodology and various guiding documents/templates.
- On risk management training, although the process of training needs analysis has commenced, there is no adequate and satisfactory response from departments.

### Mitigation factors/ intervention per service:

### Key service 1

to carry out its mandate. However, given the ongoing debate on the future of the Unit's centralized service in the There is an urgent need for the structure of the unit to be revised to ensure that there is sufficient internal capacity

• The revised Provincial Risk Management Framework will be fast-tracked for approval to the Provincial Executive Council by June/July 2020 as we have now the buy-in of the MEC. The revised Provincial Risk Management managers at the risk forum, as well as to the departments' risk management committees for inputs and Framework has been presented to the MEC for Finance, Provincial Audit and Risk Committee, departments' risk On risk management training, a generic approach on training needs analysis will be adopted for similar departments so that we can promptly finalize the development of integrated risk management training needs Province, the issue of the structural review would remain pending until there is clear direction on the Unit's future. analysis for all provincial departments. Key service 2 awareness.

### Suggestions/ Recommendations:

As a temporary measure whilst awaiting clear direction on the Unit's future as a centralized service, approval on the creation and appointment of junior resources on contract posts may assist the Unit by reducing heavy reliance on the consultants as the model on its own brings about further challenges.

### Key service 2

Further consultations will be done with key stakeholders to enhance the quality of the draft Provincial Risk Management Framework and to enhance quality of inputs into risk management training needs analysis.

### Conclusion:

### Key service 1

The Unit did not progress well with the implementation of performance targets due to prolonged process of appointment of the consultants to complement our internal limited resources. As a result, a handful number of audit projects were rolled over to the new financial year – 2020/21.

### Key service 2

Most of the outstanding action plans will be done once the revised Provincial Risk Management Framework is

formally approved.

### 2.3 Key policy developments and legislative changes

The department did not have any major changes to relevant policies or legislation that may have affected the operations during the 2019/20 financial year or future financial periods.

### **B3** STRATEGIC OUTCOME ORIENTED GOALS

The strategic goals of the Provincial Treasury are as follows:

- **Goal 1**: To promote sound financial management practices and fiscal management to achieve good governance.
- **Goal 2**: To ensure targeted financial resource allocation and promote utilization that contributes to improved service delivery.
- **Goal 3**: To promote sound processes, controls and improved capabilities in Departments, Municipalities and Public Entities in order to reduce unauthorized, irregular, fruitless and wasteful expenditure thereby improving audit outcomes.
- **Goal 4**: To facilitate and monitor infrastructure delivery in the province thereby contributing towards inclusive economic growth.

# PERFORMANCE INFORMATION BY PROGRAMME

### 4.1 Programme 1: Administration

**B**4.

Purpose: Programme 1 is responsible for providing support services to the core programmes within the department. The subprogrammes under this programme are Office of the MEC, Management Services, Financial Management and Corporate Services. The strategic objective of Programme 1 is to provide strategic leadership support in the area of Financial Management and Corporate Services (Human Resources, Auxiliary Services, Information Communication Technology and Legal Services) to the department.

The programme consist of the following measurable sub-programmes:

4.1.1 Sub-programme: Financial Management (CFO)

4.1.2 Sub-programme: Human Resources Management

4.1.3 Sub-programme: Information Technology Management.

## 4.1.1 Sub-programme: Financial Management (CFO)

## KWAZULU-NATAL PROVINCIAL TREASURY: VOTE 6

## PART B: PERFORMANCE INFORMATION FOR THE YEAR ENDED 31 MARCH 2020

### 4.3 PROGRAMME 3: FINANCIAL GOVERNANCE

The strategic objectives of Programme 3 are to:

- To assist departments in improving cash management.
- To provide substantial technical, financial and legal advice in support of all provincial PPPs in line with the PPP project cycle as regulated by National Treasury.
  - To support and monitor adherence of departments, public entities and municipalities on SCM.
- To assist departments and municipalities in the attainment of a clean audit outcome for the Province.
- To develop, facilitate implementation and monitor compliance with financial norms and standards in provincial departments, municipalities and public entities.
- To provide technical and functional support to supporting and interlinked financial systems.

The programme consists of the following measurable sub-programmes:

4.3.1 Sub-programme: Asset and Liabilities Management

4.3.2 Sub-programme: Supporting and Interlinked Financial Systems

4.3.3 Sub-programme: Supply Chain Management

4.3.4 Sub-programme: Public Private Partnerships (PPPs)

4.3.5 Sub-programme: Accounting Services (Financial Reporting)

4.3.6 Sub-programme: Norms and Standards

4.3.1 Sub-programme: Asset and Liabilities Management

### KWAZULU-NATAL PROVINCIAL TREASURY: VOTE 6

## PART B: PERFORMANCE INFORMATION FOR THE YEAR ENDED 31 MARCH 2020

### 4.4 PROGRAMME 4: INTERNAL AUDIT

The strategic objectives of Programme 4 are to provide departments and public entities with the following:

An efficient, effective and economical assurance service.

Build and maintain solid client relationships through providing value added services.

To promote good governance through effective risk management

Promote a culture of zero tolerance for fraud and corruption in the province.

The programme consists of the following measurable sub-programmes:

4.4.1 Sub-programme: Assurance Services

4.4.2 Sub-programme: Risk Management

4.4.3 Sub-programme: Forensic Services

4.4.1 Sub-programme: Assurance Services

### PART C: GOVERNANCE

### **PART C: GOVERNANCE**

### C. 1 Introduction

The world is grappling with the containment of the novel Covid-19 pandemic that has struck the globe and brought economies to its knees.

The UN's Framework for the Immediate Socio-Economic Response to the COVID 19 Crisis warns that "The COVID-19 pandemic is far more than a health crisis: it is affecting societies and economies at their core. While the impact of the pandemic will vary from country to country, it will most likely increase poverty and inequalities at a global scale. More than ever before effective and efficient governance in the public sector is now an obligation as it encourages better decision making and the efficient use of resources and strengthens accountability for the stewardship of those resources.

Against this backdrop, KZN Provincial Treasury continues its commitment to maintain the highest level of good governance through reporting and feedback that promotes honesty and accountability

### C. 2 Risk Management

Albert Einstein said "learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning." The world is collectively questioning everything as we navigate a new normal – COVID-19. More than ever before risk management has been thrust to the forefront.

The discipline of risk management, mainly consist of identifying threats and opportunities to an organization's short, medium and long-term strategic objectives; and presenting response strategies to tackle these uncertainties. The COVID-19 pandemic clearly presents risk managers with an opportunity to launch and strengthen value propositions. Hence, the "new" normal has created the need for revised policies and procedures that address. Consequently, KZN Provincial Treasury has strengthened its risk governance framework to include the emergence of a pandemic and how the department will respond in various risk related

The risk management committee continues to assist the Accounting Officer in discharging his accountability for risk management by reviewing the effectiveness of the departments risk management system, practices and procedures and proving recommendations for improvement.

During the period under review, the establishment of a COVID-19 committee was commissioned to deal with and respond to risks emanating as a result of the pandemic.

The department continues to maintain a consolidated risk register which encompasses strategic, operational, IT, Business Continuity and COVID-19 risks.

The Audit Committee continues to provide an independent oversight over the system of risk management and monitors its effectiveness. The *Audit committee* oversees the system of internal controls and ensures that the department is compliant with laws and regulations.

### C. 3 Fraud and Corruption

Corruption in the public sector has and always will continue to be a thorn in the side of any government throughout the world. Irrespective of what control measures are put in place, corruption remains a problem in many respects. It undermines the authority and the credibility of the government and its employees, it has an effect on the economic balance of the country and it plays a major role in the spread of economic crimes in general.

Over this period, the department has established an ethics committee. The ethics committee is chaired by the Accounting Officer and provides feed-back to the risk committee on matters within its scope. The Ethics Committee ensures that the department operates in an atmosphere of accountability, though, amongst other, the review of departmental Ethics Policies and recommended changes.

The department supports and fosters a culture of zero tolerance to fraud in all its manifestations. Our employees are encouraged to report all incidents of fraud to their immediate supervisors. All fraud is investigated by our forensic division and followed up by the application of all remedies available within the full extent of the law as well as application of appropriate prevention and detection controls.

The department's fraud prevention policy and plan has been revised. The department continues to utilise the National anti–corruption hotline for the reporting of suspected fraud and corruption incidents. The department follows up on all information received through the hotline.

### C. 4 Minimising Conflict of Interest

All officials in the department are expected to avoid all personal activities and financial interests which could conflict with their responsibilities to the department. In preventing conflict of interest, all officials were obliged to complete financial disclosure forms, which is an annual practice. The financial disclosures statements includes certification that the assets and financial activities of each staff member, their spouses and family do not pose a conflict of interest with their official duties. Due to the nature of their duties all employees in the Financial Management (CFO) unit were further expected to sign a code of conduct.

Declaration of interests and impartiality forms were signed by bid committee members during each sitting. Bid Committee members are required to excuse themselves if a conflict of interest exists in the process. Bidders are expected to declare their personal and business interests on the standard bidding documents when submitting offers.

### C. 5 Code of Conduct

The department continues to conduct workshops on the amended code of conduct in terms of the new Public Service Regulations 2016, to ensure that employees understand and adhere to the expectations of the public service code of conduct. Employees are discouraged to receive gifts or payments which are or may be construed as being a bribe. All employees are compliant with the submission of Financial Disclosures on an annual basis which is verified by the Ethics Officer of the Department to identify potential/actual conflicts of interest.

Declaration of interests and impartiality forms were signed by bid committee members during each evaluation (delete) sitting. Bid Committee members are required to excuse themselves if a conflict of interest exist in the process. Bidders are expected to declare their personal and business interests on the standard bidding documents when submitting proposals change to offers.

### C. 6 Health, Safety and Environmental Issues

The Department is committed to create a healthy and safe working environment for all its employees. Health and Safety is an element of an approved departmental Business Continuity Plan. In compliance with the Occupational Health and Safety Act 85 of 1993, the department has provided and maintained as far as reasonable and practicable a working environment that is safe and without risk to the health of its employees and its customers. An approved OHS Policy is available and Policy Statement is posted on strategic entrance areas as mandatory.

The department temporarily appointment an OHS Specialist for a period of twelve months, which is one of the mitigations to adhere to the mandatory appointments while the organisational structure is under review. Both the employer and employees have a joint responsibility in ensuring their safety and that of others such as visitors by complying with all the safety measures that are put in place. Mandatory fire drills are conducted within prescribed intervals while regular OHS inspections are conducted by appointed and trained OHS representative. The representatives further identify potential hazards and where possible, reduce the level of risk by recommending and putting in place safety precautions while elevating such in quarterly OHS Committee meetings for discussion.

Mandatory training of OHS representatives is maintained within prescribed period for new appointments and provisions of refresher trainings. OHS awareness are conducted by means of circulars and Policy workshops to business units at an ongoing approach. Mandatory quarterly reporting to Department of Public Service and Administration is maintained through a compliance tool signed by the HOD. Employees are encouraged to report any potential risk emanating from their work and all incidents that happen within their workspace that might cause injury, in order to prevent recurring incidents of the same nature. First Aid provision is available to Departmental employees through the appointed and trained First Aiders for minor injuries. First Aid boxes are well placed in all floors with relevant signage and they are regularly replenished.

### C. 7 Portfolio Committees

The department had the following meetings with the Portfolio Committee.

| Date of Meetings | Matters for discussion   |
|------------------|--|
| 10 July 2019     | Briefing on KZN Appropriation Bill   |
| 11 July 2019     | Presentation of the 2019/20 Budget and APP, Consideration of 2018/19 Fourth Quarter Financial and Non-Financial Performance Report   |
| 17 July 2019     | Briefing on the 2018/19 Unaudited Closeout Report for Departments and entities   |
| 04 October 2019  | Presentation of Strategic Plan 2019-2024, Presentation of First Draft 2020/21 Budget and APP, presentation of 2019/20 First Quarter Financial and Non-Financial Performance report |
| 08 November 2019 | Briefing on 2019/20 Midyear Budget Performance report  |
| 06 December 2019 | Stakeholder engagement in Durnacol, Amajuba District to present draft 2020/21 Budget and APP   |
| 19 March 2020    | 2020/21 Budget and APP presentation for Vote 6: Treasury   |

The department responded to all matters raised at the meetings in the form of written and oral representations. No major concerns were raised by the portfolio committee.

### C. 8 SCOPA Resolutions

During the year under review, the department was once invited to the Portfolio Committee for SCOPA resolutions. The following matters were raised for discussion.

| Resolution<br>No       | Subject   | Details   | Response by the department                           | Resolved<br>(Yes/No) |
|------------------------|---|---|--|----------------------|
| Resolution<br>17/2019  | Irregular Expenditure of R25 706 000                        | Investigation since treasury did not receive authorisation  | Report was submitted to the premier for action       | No                   |
| Resolution<br>18/2019  | Rationalisation of provincial public entities               | Progress on rationalisation of public entities  | Report submitted - rationalisation still in progress | No                   |
| Resolution<br>19/2019  | Condonation of irregular expenditure                        | Irregular expenditure in the AFS of KZN provincial departments  | Progress report for all departments was submitted    | Yes                  |
| Resolution<br>20 /2019 | Investigations by Provincial Internal Audit Services (PIAS) | Status of investigations by PIAS  | Report submitted                                     | Yes                  |
| Resolution<br>21/2019  | Provincial Bid Appeals<br>Tribunal                          | Composition of Committee, status of appeals received, turnaround times for completion and progress report | Progress report submitted                            | Yes                  |

### C. 9 Prior Modifications to Audit Reports

There were no prior modifications to the AG's report. KZN Treasury continued to maintain a clean audit opinion in the current year's audit.

### C. 10 Internal Control Unit

Internal Control is responsible for assisting management to ensure that adequate and effective financial control systems are in place and that the department complies with the financial management prescripts in its pursuit to achieve its strategic goals.

During the year under, Internal Control activities included amongst others the following:

- Verification of payments before and after processing in order to ensure validity and accuracy;
- o Identification of internal control weaknesses and provision of recommendations;
- Facilitation of Audit requests & Monitoring of the implementation of internal and external audit action plans;
- o Issuing of circulars to regulate internal processes and procedures;

- Review of monthly management accounts;
- Preparation of AFS working papers.
- o Review of policies and procedure manuals

### C. 11 Internal Audit and Audit Committees

### 1. Audit Committee

### 11.1 Objective of the Provincial Audit and Risk Committee

The Executive Council has established the Provincial Audit and Risk Committee (PARC) in accordance with regulations and instructions prescribed in terms of sections 76 and 77 of the Public Finance Management Act, Act No. 1 of 1999 as amended by Act No. 29 of 1999 (PFMA). The PARC reports to the Member of Executive Council (MEC) for Finance.

The KwaZulu-Natal Provincial Government has also established the following three Cluster Audit and Risk Committees (CARC), which report directly to the Provincial Audit & Risk Committee (PARC):

- Governance, State, Capacity and Institutional Development (GSCID) Cluster
- Economic Sector and Infrastructure Development (ESID) Cluster
- Social Protection, Community & Human Development Cluster

The Provincial Treasury is governed by the ESID Cluster Audit & Risk Committee which is constituted by 3 members of the PARC.

### 11.2 Key Activities of the ESID Cluster Audit and Risk Committee during the year

The ESID CARC exercised their responsibility as embedded in the audit and risk committee Charter as follows:

### Internal Controls, Accounting Systems & Internal Audit

Review of the internal audit reports to manage critical risks and to ensure the adequacy and effectiveness of the departmental internal control structure including:

- Financial and internal controls,
- Accounting systems and reporting and
- Corporate governance

Review any significant matters reported by the internal auditors and the extent to which the recommendations have been implemented by management; and provide any additional recommendations to Accounting Officers.

Direct the Accounting Officer to provide status reports detailing the progress made in implementing the Committee's recommendations.

Through PIAS reports, evaluate IT governance systems and the related internal controls.

Ensure that the relevant departmental management demonstrates accountability over internal control functions.

Consider the fact and potential of any limitation on the scope of internal audit, and if there is, report to the MEC for Finance via the Provincial Audit & Risk Committee.

### Fraud Prevention

Ensure that the Accounting Officer develops and implement strategies, policies, procedures and systems to prevent and detect fraud and corruption

Ensure that the Accounting Officer demonstrates some pro-activeness in maintaining anti-fraud and corruption strategies to protect the Provincial assets entrusted to them

Review and evaluate the effectiveness of such strategies, policies/procedures.

Should a report to the Audit Committee, whether from the PIAS or any other source, implicate the Accounting Officer in fraud, corruption or negligence, the chairperson of the CARC must promptly report this to the relevant executive authority via the Chairperson of PARC.

### **Financial Statements**

Ensure that the timing and nature of reports from the external auditor(s) are in accordance and comply with the requirements of the PFMA.

Consider key matters arising in the AGSA management report and audit report (including illegal acts or irregularities) and satisfy themselves that they are being properly followed up and resolved.

Consider the reports and function of the External Audit Steering committee to ensure that external audits are performed efficiently and that management co-operates with the AGSA.

Comment on its evaluation of the annual financial statements, the interim financial reports, the preliminary announcement of the AGSA report and any other announcement regarding the KZNPG's results or other financial information to be made public, prior to the submission to and approval by the Accounting Officer and/or Executive Authority.

Consider any accounting treatments, significant unusual transactions, or accounting judgments, which could be contentious to ensure that these are properly addressed.

In line with TR 3.1.13 (b), comment on the quality of IYM and monthly/quarterly reports submitted in terms of the PFMA and DoRA.

### **Risk Oversight**

The Committee is an integral component of the risk management process and shall oversee:

- Financial reporting risks
- Fraud risk as it relates to financial reporting
- IT risk as it relates to financial reporting
- All other strategic and operational risks that may impede the department from achieving their business objectives.

Review the procedures for identifying business risks and mitigating their impact on the department.

Ensure that the Accounting Officer and Accounting Authority maintains and regularly reviews the system of risk management within their areas of responsibilities.

Review the results of the risk assessment to determine the material risks to which the departments may

be exposed and evaluate strategies to mitigate those risks.

Ensure that the Accounting Officer has incorporated reputational and ethical risks and opportunities in the risk management process.

### **Combined Assurance**

Ensure a coordinated approach to all assurance activities, and in particular the CARC shall:

- Ensure that the combined assurance model relevant to the department is appropriate to address all the significant risks facing the department.
- Monitor the relationship between the external and internal assurance providers.
- Comment on the effectiveness of the combined assurance model.

### **Integrated Reporting**

Review the integrated report, including the financial statements, and should have regard to all factors and risks that may impact on the integrity of the integrated report, and in particular the Committee must:

- Have regard to all factors that may impact on the integrity of the integrated/ annual report, including
  factors that may predispose management to present a misleading picture, significant judgements and
  reporting decisions made, monitoring or enforcement actions by a regulatory body, any evidence that
  brings into question previously published information; forward looking statements or information.
  - a) Review disclosure of sustainability issues in the integrated report to ensure that it does not conflict with the financial information.
  - b) Comment in the annual financial report on the financial statements, the accounting practices and the effectiveness of the internal financial controls.
  - c) Consider whether the content of the summarised information provides a balanced view.

### **Ethics**

Review the internal audit reports on compliance with the ethical code of conduct and policies of the Department based on the number of statutory, common law and other requirements which cover the ethical behaviour of senior management, and officials of the Departments.

Identify through PIAS reports, any violation of ethical conduct, environmental and social issues.

Provide advice on any identified potential conflict of interest.

### Reporting Responsibilities

The Committees must report and make recommendations to the Accounting Officer on a regular basis (TR 3.1.12) – preferably quarterly.

The Committees should engage with Accounting Officers of respective departments at least on a quarterly basis.

The Committees may communicate any concerns they deem necessary to the executive authorities, Head of Provincial Treasury and the AG SA (TR 3.1.15).

### 11.3 Information on the Audit Committee Members

The following seven members served as Provincial Audit & Risk Committee members during the period under review. The Committee members' attendance of meetings during the 2019/20 financial year is as depicted in the following table:

| Name  | Qualifications                   | Internal<br>or<br>External<br>member | If Internal,<br>position in<br>the<br>Department | Date<br>Appointed   | Date<br>Contract<br>Renewed    | No. of<br>PARC<br>meetings<br>attended | No. of<br>CARC<br>meetings<br>attended |

### C. 12 Report of the Audit Committee

### 12.1 Objective and responsibility of the Audit and Risk Committee

The Committee reports that it has complied with its responsibilities arising from the Public Finance Management Act, No.1 of 1999 (PFMA), Treasury Regulations 3.1, including all other related prescripts and is pleased to present its report for the financial year ended 31 March 2020.

The Provincial Audit and Risk Committee (PARC) is the shared audit and risk committee for the provincial departments, and is further sub-divided into three Cluster Audit & Risk Committees (CARC's) that provide oversight of key functions to the KZN Provincial Government Departments. The KZN Provincial Treasury is served by the Economic Cluster Audit & Risk Committee.

The Committee has adopted appropriate formal terms of reference contained in its Audit and Risk Committee Charter and has regulated its affairs in compliance with this charter; and reports that it has discharged all of its responsibilities as contained therein.

### 12.2 Audit Committee Members and Attendance

The PARC and Economic CARC consists of the members listed hereunder who have met as reflected below, in line with the its approved terms of reference.

| No. | Name of Member                                      | PARC     | Economic CARC     |
|-----|---|----------|-------------------|
|     |   | Meetings | Meetings Attended |
|     |   | Attended |                   |
| 1.  | Mr S Simelane (Acting Chairman of PARC and Economic | 4 of 4   | 4 of 4            |
|     | CARC)   | 4 01 4   | 7017              |

### 12.3 The Effectiveness of Internal Control

Our review of the reports provided by the Provincial Internal Audit Service (PIAS), revealed that the systems of internal controls were effective in the Department, except for the problems surrounding the development of the E-Procurement system.

The Committee considered the appropriateness of the agreed management interventions to the address the control weaknesses identified and advised management to implement same timeously, to avoid the recurrence of findings.

### 12.4 Effectiveness of Internal Audit

The Committee has, through the CARC monitoring processes, considered internal audit reports on the adequacy and effectiveness of controls designed to mitigate the risks associated with the operational and strategic activities of the Department, at its quarterly meetings.

The PIAS planned to conduct seven (7) audit assignments for the period under review, of which six (6) were finalised and one (1) was carried over to the 2020/21 financial year with the approval of the Audit Committee.

The PIAS performed effectively during the period under review; notwithstanding concerns raised by the Committee in respect of the financial and other limitations imposed upon the unit. The Committee will monitor the progress made by the PIAS against its operational plans in order to ensure that it continues to fulfil its mandate and add value to the department.

### 12.5 Risk Management

The responsibilities of the Committee with respect to risk management are formally defined in its Charter. For the period under review, the Committee's responsibilities have been focused,

amongst other things, on the quarterly review of the Department's risk register and monitoring progress against the Risk Management Operational Plan.

As at the end of the 2019/20 financial year, the status of the Department's risk register was as follows:

|                                   |          |       | Risk Groupir | ng    |               | Total |
|-----------------------------------|----------|-------|--------------|-------|---------------|-------|
|                                   | Critical | Major | Moderate     | Minor | Insignificant | Total |
| Number of Identified Risks        | 2        | 2     | 11           | 29    | 5             | 49    |
| Number of Identified Action Plans | 5        | 8     | 18           | 8     | 1             | 40    |
| Number of Completed Action Plans. | 5        | 8     | 16           | 8     | 1             | 38    |

Although the department is commended on the recently updated risk register and the high completion rate of its risk mitigation plans, the Committee is still concerned about the department's failure to update its risk register regularly on a quarterly basis. The Department is urged to ensure the implementation of the outstanding risk mitigation plans and to regard the risk register as a dynamic document which should be reviewed and updated on a quarterly basis. The Department is also requested to address the slow progress it has made in implementing the agreed action plans in respect of Risk Maturity and Fraud Prevention.

### Quality of in year management and monthly/quarterly reports

The Committee was satisfied with the content and quality of quarterly reports in respect of in year management and quarterly performance, prepared and issued by the Accounting Officer of the Department during the year under review, in terms of the PFMA and the Division of Revenue Act.

### 12.6 Evaluation of Financial Statements

The Committee has:

- Reviewed and discussed the Annual Financial Statements, including the audit report, with the Auditor General and the Accounting Officer;
- Reviewed the Auditor General's Management Report;

- Reviewed the Department's processes for compliance with legal and regulatory provisions and did not identify any instances of material non-compliance; and
- Reviewed the conclusions regarding the reliability and usefulness of performance information.

### 12.7 Forensics Investigations

The Committee noted that there were thirteen (13) forensic investigations from 2009 to date, all relating to alleged procurement irregularities, HR irregularities and mismanagement of funds, which the Department has referred to the PIAS for investigation. Twelve (12) of these investigations were completed and one (1) is in-progress. The Committee further noted that there is a recommendation to register a criminal case emanating from one (1) investigation.

The department and the PIAS are urged to promptly finalize the outstanding investigation, and work together to implement the recommendations made in the finalised investigations.

The Committee further noted the PIAS' failure to develop and roll-out the Case Management System as planned.

### 12.8 Auditor-General's Report

The Committee has monitored the implementation of corrective action plans to address the audit issues raised by the Auditor General in the prior year. The Committee has met with the Auditor General of South Africa to discuss and evaluate the major issues that emanated from the current regulatory audit. The Committee will ensure that corrective actions in respect of the detailed findings emanating from the current regulatory audit continue to be monitored on a quarterly basis through the CARC processes.

The Committee concurs and accepts the conclusion of the Auditor General's unqualified opinion on the Annual Financial Statements, and is of the opinion that the Audited Annual Financial Statements be accepted and read together with the report of the Auditor General. The Committee commends the Department on obtaining an unqualified audit opinion without findings.

### 12.9 Appreciation

The Committee wishes to express its appreciation to the Management of the Department, the Auditor General of South Africa, and the Provincial Internal Audit Services for the co-operation and support they have provided to enable us to compile this report.

Mr S Simelane

**Acting Chairman: Provincial Audit and Risk Committee** 

27 August 2020

### 13 B-BBEE Compliance Performance Information

The following table has been completed in accordance with the compliance to the BBBEE requirements of the BBBEE Act of 2013 and as determined by the Department of Trade and Industry.

### Has the Department / Public Entity applied any relevant Code of Good Practice (B-BBEE Certificate Levels 1-8) with regards to the following:

| ,  | ,                    | 3·  |
|--|----------------------|---|
| Criteria   | Response<br>Yes / No | Discussion (include a discussion on your response and indicate what measures have been taken to comply)                                 |
| Determining qualification criteria for the issuing of licences, concessions or other authorisations in respect of economic activity in terms of any law? | No                   | The Department does not issue any authorisations in respect of economic activity  |
| Developing and implementing a preferential procurement policy?   | Yes                  | Department has SCM Policy and<br>Professional Service Providers Rotation<br>Policy that are in line with the objectives of<br>the PPPFA |
| Determining qualification criteria for the sale of stateowned enterprises?   | No                   | This is not applicable to the Department  |
| Developing criteria for entering into partnerships with the private sector?  | Yes                  | Bids are invited with prequalification criteria.  |
| Determining criteria for the awarding of incentives, grants and investment schemes in support of Broad Based Black Economic Empowerment?                 | Yes                  | Preferential point system is considered in the awarding of bids and quotations  |

### PART D: HUMAN RESOURCE MANAGEMENT

### **D 1. INTRODUCTION**

The information contained in this part of the annual report has been prescribed by the Minister for the Public Service and Administration for all departments in the public service.

### D 2. OVERVIEW OF HUMAN RESOURCES

### 2.1 Status of Human Resources in the Department

The Filling of vacant posts and the overall turnaround time to fill vacancies is affected by the moratorium on the filling of non-critical posts in the Province, where approval to fill critical posts is first obtained from the Premier of the Province. The vacancy rate of the Department has increased to 17.20% in comparison to 14.80% as per the 2018/2019 vacancy rate. The Department still faces challenges in terms of attracting and employing people with disabilities and females at SMS level into the permanent structure, however there has been improvement in both areas with Women at SMS at 42% and People with disabilities at 1.80%.

### 2.2 Human Resource priorities for the year under review

Enhanced and improved employee engagement – through effective climate surveys; leadership impact analysis; effective exit interview analysis.

Skill and Talent attraction – prioritizing the recruitment of critical core posts and ensuring the correct alignment of competence profile and qualification requirements to the needs of the Department.

Talent Retention – reduction in turnover rate; improvement of management capability through leadership impact analysis; greater focus on career management strategies

Integrated Human Resource Information sessions and Business Unit engagements – improve levels of compliance; increase HR knowledge base of all employees; reduction in number of grievances received.

### 2.3 Workforce Planning and key strategies to attract and recruit skilled and capable workforce

The Department has an approved MTEF HR Plan for the period April 2018 to March 2023 has been endorsed by the Executing Authority of the Department. All vacancies in the Department were advertised to encourage fair and transparent competition. In respect of scarce skilled posts partnerships were developed with Professional Associations like SAICA and Institute of Internal Auditors to place advertisements within professional magazines to attract correctly skilled applicants. Succession Planning is in place for all key critical posts of the Department ensuring a pool of competent empowered staff who will compete for these positions when they are vacated. The HR Development Committee scrutinizes Bursary applications ensuring

qualifications that are funded are in line with the critical needs of the Department and support upward mobility of staff.

### 2.4 Employee Performance Management

The Department obtained 100% compliance in respect of the signing of SMS Performance Agreements, and 97% in respect of those at levels 1 to 12. Non-compliant staff were excluded from the receipt of any performance incentives and stringent monitoring mechanisms, including the disciplining of supervisors and Line Managers for non-compliant staff have been put in place to ensure 100% compliance at all levels going forward. The 18/19 assessments were finalized and paid out during the 2nd quarter of the 19/20 assessment year. No grievances were received regarding the outcome of the 18/19 performance assessments. The 18/19 assessment of the Head of Department, was also timeously finalized by the Human Resources Directorate.

### 2.5 Employee Health and Wellness Program

The Employee Health and Wellness Section within HRM continues to make a visible impact on the lives of employees by increasing the number of Wellness Clinics per month within the Department, with noticeable improvements in the number of voluntary on-site testing. Monthly articles instilling responsible life style disease management as well as encouraging physical fitness and awareness are distributed throughout the Organization and have been extremely well received. The Work and Play policy was actively implemented during this year with the introduction of Yoga and Aerobics during Office hours, as approved by the Head of Department

### 2.6 Achievements and Challenges faced by the Department

- During 2019/2020, the Human Resource Management Directorate fulfilled all of its legislative mandates and delivered an efficient and professional Human Resources function to the Department, with no audit findings.
- The unit has successfully implemented all planned Human Resource Planning and WSP priority strategies for the year, thereby ensuring a well capacitated and healthy workforce that is appropriately skilled and empowered.
- The unit has exceeded its requirements in terms of empowering the organisation as a whole on all Human Resource related knowledge and information in terms of the number of policies that were developed and work-shopped. The organisation as a whole is 100 per cent compliant to all requirements of the performance management and development system. There has been a significant reduction in the number of grievances and misconduct cases within the Department which is largely attributed to

- the monthly articles that stem from the Labour Desk of the Directorate. Leadership impact surveys have also contributed positively in this area.
- The Unit continues with strategies to implement the Head of Department's commitment to improving EE targets of women in management and people with disabilities, and the purchase of assistive devises and Office configuration for people with disabilities were also undertaken. Integrated efforts of the sections within HRM during the year has ensured a strong drive for policy compliance, eradication of fraud and corruption, responsible sick leave management, well aligned Departmental structures, adequately skilled employees and a healthy and well informed workforce.
- Youth development initiatives are a priority for the Unit. Provincial Treasury's partnership with SAICA on the Thuthuka Bursary Fund, where Treasury is currently sponsoring 52 previously disadvantaged students studying towards becoming Chartered Accountants is in its 7th year since inception. The partnership has further resulted in the Department receiving SAICA accreditation as a Training Office during December 2015, and the Department has received its 5<sup>th</sup>allocation of three Trainee Accountants as at January 2020 making it a total of eight (11) trainees who are currently undergoing training towards becoming chartered accountants.

### 2.7 Future Human Resource Plans/Goals

- Improved Employee engagement initiatives
- Talent management, acquisition and retention.
- Strategic partnering with Line Management to improve Business understanding of HR prescripts and mandates; as well as buy in of HR strategies in respect of work force planning.
- Strong drive for continued excellence and legislative compliance.

Table 3.3.4 Reasons for not having complied with the filling of funded vacant SMS - Advertised within 6 months and filled within 12 months after becoming vacant for the period 1 April 2019 and 31 March 2020

## Reasons for vacancies not advertised within six months

There are SMS vacancies that are affected by the reviewing of the structure where the content or placement of post changes after the approval of the proposed structure, therefore such posts cannot be advertised and filled until the proposed structure is concurred by the DPSA and thereafter approved by the EA of the Department

## Reasons for vacancies not filled within six months

There is a Provincial moratorium on the filling of all posts where authority to fill critical posts is approved by the Premier of the Province which can add a further 30 days These challenges make it difficult to fill a post with an incumbent within 6 months of the SMS post becoming vacant. All attempts are made to fast track processes and to the entire recruitment process. A further challenge is the entire pre-employment screening process which can take approximately 2 months in itself to be finalized. endeavour to meet the 6 month time frame.

Table 3.3.5 Disciplinary steps taken for not complying with the prescribed timeframes for filling SMS posts within 12 months for the period 1 April 2019 to 31 March 2020

## Reasons for vacancies not advertised within six months

Reasons for delays as contained above in 3.3.5 are beyond the control of Human Resource Directorate and disciplinary action is therefore not warranted.

## Reasons for vacancies not filled within six months

Reasons for delays as contained in 3.3.4 above are beyond the control of Human Resource Directorate and disciplinary action is therefore not warranted.

# 3.11 HIV/AIDS & Health Promotions Programmes

TABLE 3.11.1 - Steps taken to reduce the risk of occupational exposure

| Units/categories of employees identified to be at high risk of contracting HIV & related | Key steps taken to reduce the risk |
|--|------------------------------------|
| diseases (if any)  |                                    |
| Nil  | n/a                                |
|  |                                    |

TABLE 3.11.2 - Details of Health Promotion and HIV/AIDS Programmes [tick Yes/No and provide required information]

| Details, if yes | Mrs. Kogie Chetty: Director : HRM   | The Department has a dedicated EHWP Sub Directorate, that reports directly to the Director: HRM. The Unit comprises of two employees, a Deputy Director (SL11) and Practitioner (SL7).  The annual EHWP budget is <b>R300 000</b> , for the implementation of Wellness programmes. | Assessment of cases, & Professional Counselling services is rendered to cases and cases are externally referred for extensive intervention if necessary. Wellness Clinic services are offered to employees twice a month which is aimed at managing Chronic Diseases to ensure health and productivity. Healthy lifestyle promotions through articles with educational information and fitness sessions are also arranged. | The Department has an established Consultative Forum which serves as the committee to monitor, discuss and evaluate all HR processes including the Employee Health and Wellness Program. The Committee is chaired by the Director: HRM and has representatives from all business Units in the Department and also comprises of relevant stakeholders viz Organized labour representatives. | All HR policies are reviewed annually to ensure that there are no elements of discrimination in the policies. The Department has an approved HIV/AIDS & TB Management Policy to address issues of Human Rights and Discrimination in the workplace. The Recruitment and Selection policy for the Department has been reviewed and all other relevant policies on an annual basis to ensure that there is no unfair discrimination against any employee during the processes of recruitment and selection which includes employees who are HIV positive. |
|-----------------|---|--|--|--|---|
| No              |   |  |  |  |   |
| Yes             | ×   | ×  | ×  | ×  | ×   |
| Question        | 1. Has the department designated a member of the SMS to implement the provisions contained in Part VI E of Chapter 1 of the Public Service Regulations, 2001? If so, provide her/his name and position. | 2. Does the department have a dedicated unit or have you designated specific staff members to promote health and wellbeing of your employees? ### 3.14 Injuries

TABLE 3.14.1 - Injury on Duty for the period 01 April 2019 to 31 March 2020

| Nature of injury on duty              | Number | % of total |
|---------------------------------------|--------|------------|
| Required basic medical attention only | 1      | 20.00      |
| Temporary Total Disablement           | 2      | 80.00      |
| Permanent Disablement                 | 0      | 0.00       |
| Fatal                                 | 0      | 00.00      |
| TOTAL                                 | 9      | 100.0      |

### D 4. Utilisation of Consultants

The following tables relate information on the utilisation of consultants in the department. In terms of the Public Service Regulations "consultant' means a natural or juristic person or a partnership who or which provides in terms of a specific contract on an ad hoc basis any of the following professional services to a department against remuneration received from any source:

- (a) The rendering of expert advice;
- (b) The drafting of proposals for the execution of specific tasks; and

The execution of a specific task which is of a technical or intellectual nature, but excludes an employee of a department.

Table 3.15.1 Report on consultant appointments using appropriated funds for the period 1 April 2019 and 31 March 2020

# 3.2 Prevention of Irregular expenditure and SCM challenges

The Department has policies and practice notes that should be followed in executing SCM functions to avoid irregular expenditure. There were no serious challenges encountered in the SCM area that threatened the smooth functioning of the unit.

### PART E: FINANCIAL INFORMATION

### E1 Report of the Auditor-General to the KwaZulu-Natal Provincial Legislature on vote no. 6: Provincial Treasury

Report on the audit of the financial statements

### **Opinion**

- I have audited the financial statements of Provincial Treasury set out on pages 210 to 267, which comprise the appropriation statement, statement of financial position as at 31 March 2020, statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.
- 2. In my opinion, the financial statements present fairly, in all material respects, the financial position of Provincial Treasury as at 31 March 2020, and its financial performance and cash flows for the year then ended in accordance with the Modified Cash Standard (MCS) prescribed by National Treasury and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA) and Division of Revenue Act of South Africa, 2019 (Act No.16 of 2019) (Dora).

### **Basis for opinion**

- I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditorgeneral's responsibilities for the audit of the financial statements section of this auditor's report.
- 4. I am independent of Provincial Treasury in accordance with sections 290 and 291 of the Code of ethics for professional accountants and parts 1 and 3 of the International Code of ethics for professional accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (IESBA codes) as well as the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA codes.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Emphasis of matter**

6. I draw attention to the matter below. My opinion is not modified in respect of this matter.

### Material underspending of the budget

7. As disclosed in the appropriation statement, Provincial Treasury materially underspent on programme 1- administration by R33,68 million due to delays in implementing

certain projects, delays in filling of vacant funded posts and cost-cutting measures that had to be implemented.

### Other matter

8. I draw attention to the matter below. My opinion is not modified in respect of this matter

### Unaudited supplementary schedules

9. The supplementary information set out on pages 268 to 279 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

### Responsibilities of accounting officer for the financial statements

- 10. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance the MCS and the requirements of the PFMA and Dora, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 11. In preparing the financial statements, the accounting officer is responsible for assessing Provincial Treasury's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate Provincial Treasury or to cease operations, or has no realistic alternative but to do so.

### Auditor-general's responsibilities for the audit of the financial statements

- 12. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 13. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

### Introduction and scope

- 14. In accordance with the Public Audit Act of South Africa 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for the selected programme presented in the annual performance report. I performed procedures to identify material findings but not to gather evidence to express assurance.
- 15. My procedures address the usefulness and reliability of the reported performance information, which must be based on the approved performance planning documents of Provincial Treasury. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by Provincial Treasury enabled service delivery. My procedures also do not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
- 16. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for programme 3: financial governance, as presented in the annual performance report of Provincial Treasury for the year ended 31 March 2020.
- 17. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 18. I did not raise any material findings on the usefulness and reliability of the reported performance information for the selected programme.

### Other matters

19. I draw attention to the matters below.

### Achievement of planned targets

20. The annual performance report on page(s) 100 to 140 includes information on the achievement of planned targets for the year and explanations are provided for the under/overachievement of a significant number of targets.

### Adjustment of material misstatements

21. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were in the reported performance information on the financial governance programme. As management subsequently corrected the misstatements, I did not raise any material findings on the usefulness and reliability of the reported performance information.

Report on the audit of compliance with legislation

### Introduction and scope

- 22. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the Provincial Treasury's compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
- 23. I did not identify any material findings on compliance with the specific matters in key legislation set out in the general notice issued in terms of the PAA.

### Other information

- 24. The accounting officer is responsible for the other information. The other information does not include the financial statements, the auditor's report and the selected programme presented in the annual performance report that has been specifically reported in this auditor's report.
- 25. My opinion on the financial statements, reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.
- 26. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected programme presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
- 27. The other information I obtained prior to the date of this auditor's report is the report of the accounting officer and the report of the member of the executive committee. If, based on the work I have performed, I conclude that there is a material misstatement in this other information, I am required to report that fact. I have nothing to report in this regard.
- 28. When I do receive and read the report of the audit committee, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those

charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and reissue an amended report as appropriate. However, if it is corrected this will not be necessary.

### Internal control deficiencies

29. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. I did not identify any significant deficiencies in internal control.

### Other reports

- 30. I draw attention to the following engagements, which had, or could have, an impact on the matters reported in Provincial Treasury's financial statements, reported performance information, compliance with applicable legislation and other related matters. These reports did not form part of my opinion on the financial statements or my findings on the reported performance information or compliance with legislation.
- 31. Three investigations into allegations relating to fraud and improper conduct in supply chain management were completed at year-end and recommendations needed to be implemented.
- 32. The Special Investigating Unit of South Africa is investigating into allegations of misconduct within Provincial Treasury. These investigations were still in progress at

30 September 2020

### Notes to the Appropriation Statement

### 1. Detail of transfers and subsidies as per Appropriation Act (after Virement):

Detail of these transactions can be viewed in the note on Transfers and subsidies, disclosure notes and Annexure 1 (A-H) to the Annual Financial Statements.

### 2. Detail of specifically and exclusively appropriated amounts voted (after Virement):

Detail of these transactions can be viewed in note 1 (Annual Appropriation) to the Annual Financial Statements.

### 3. Detail on payments for financial assets

Detail of these transactions per programme can be viewed in the note on Payments for financial assets to the Annual Financial Statements.

### 4. Explanations of material variances from Amounts Voted (after Virement):

| 4.1 | Per programme  | Final                | Actual      | Variance | Variance as a        |
|-----|----------------|----------------------|-------------|----------|----------------------|
|     |                | <b>Appropriation</b> | Expenditure | R'000    | % of Final           |
|     |                |                      |             |          | <b>Appropriation</b> |
|     | Administration | 237 636              | 204 269     | 33 367   | 14.0%                |

Under-expenditure is mainly due to the delays in the appointment of Resources in respect of irregular Expenditure project of (R13m), and slow spending on the health/ Treasury Assistant project of (R7.9m). Savings were also realised due to no purchasing of motor vehicles during the year of (R6.2m), as savings due to the delays in filling of vacant funded posts mainly from the office of the MEC of (R2.2m), office of the HOD of (R2.3m) and Corporate Services of (R1.4m) due to lengthy recruitment process. The adherence to cost cutting measures resulted in savings on Subsistence and Travel and other operational items.

Sustainable Resource Management 44 641 40 980 3 661 8.2%

Under-expenditure is mainly due to the slow spending in the Infrastructure Crack team of (R1.5m) with regard to infrastructure support offered by the unit which is mainly driven on a needs basis of departments/ municipalities. Moreover, Savings were realized via an IDA claims in relations to the appointment of the DDG as Acting HOD of DARD and the director: Provincial Own Revenue post which was vacated during the year of (R1.1m). Further savings were realised on S&T of (R281 000), Training & Development of (R119 000) and the balance is savings on the operating costs. The department has payment vouchers to the value of R59 million for expenditure that was incurred on behalf of department of health for storm damage project in relation to the renovations of 4 hospitals that were damaged due to storm damages. This expenditure was recovered from the department of Health via IDA claim.

### Notes to the Appropriation Statement

Financial Governance 210 917 205 764 5 153 2.4%

Savings of (R1.1m) were realised from bank charges being lower than budget, Advertising of (R523 000) was lower than anticipated, S&T of (R850 000). Further savings were realised on Training of (R235 000), Computer of (R260 000), Communication of (R206 000), and Stationery of (R118 000) being lower due to adherence to the cost cutting measures. An under-expenditure of (R1.2m) relates mainly to the late filing of vacant funded posts mainly under Assets & Liabilities as well as PPP. The balance is savings on the operating costs.

Internal Audit 174 595 162 584 12 011 6.9%

An under-expenditure of (R6.1m) relating mainly to orders that were not issued in 2019/20 in respect of planned Risk Management projects such as Risk Maturity reviews. Risk management unit brought forward incomplete projects from previous financial years. Savings of (R3.8m) were realised on Compensation of Employees due to delays in the filling of vacant funded posts within this programme. Further savings were also realised from S&T of (R542 000), Computers of (R656 000), Stationery of (R164 000), Training of (R149 000), and Communication of (R122 000) and the balance from other operational items.

Municipal Finance Management 59 865 58 418 1 447 2.4%

The Under-expenditure of (R750 000) is mainly due to the delays in the filling of vacant funded posts. Total savings of (R140 000) were also realised on S&T, and well as other operating expenditure due to cost cutting measures, as well as Computers of (R278 000).

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

### **PART A: ACCOUNTING POLICIES**

### Summary of significant accounting policies

The financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

| Regul | lations issued in terms of the PFMA and the annual Division of Revenue Act.  |  |  |  |
|-------|--|--|--|--|
| 1     | Basis of preparation  The financial statements have been prepared in accordance with the Modified Cash   |  |  |  |
|       | Standard.  |  |  |  |
| 2     | Going concern  |  |  |  |
|       | The financial statements have been prepared on a going concern basis.  |  |  |  |
| 3     | Presentation currency  |  |  |  |
|       | Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.   |  |  |  |
| 4     | Rounding   |  |  |  |
|       | Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand (R'000).  |  |  |  |
| 5     | Foreign currency translation   |  |  |  |
|       | Cash flows arising from foreign currency transactions are translated into South African Rands using the spot exchange rates prevailing at the date of payment / receipt.   |  |  |  |
| 6     | Comparative information  |  |  |  |
| 6.1   | Prior period comparative information   |  |  |  |
|       | Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements. |  |  |  |
| 6.2   | Current year comparison with budget  |  |  |  |
|       | A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.  |  |  |  |
| 7     | Revenue  |  |  |  |
| 7.1   | Appropriated funds   |  |  |  |
|       | Appropriated funds comprises of departmental allocations as well as direct charges against   |  |  |  |

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

the revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

### 7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

### 7.3 Accrued departmental revenue

Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the financial statements when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and
- the amount of revenue can be measured reliably.

The accrued revenue is measured at the fair value of the consideration receivable.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

Write-offs are made according to the department's debt write-off policy

### 8 Expenditure

### 8.1 Compensation of employees

### 8.1.1 | Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

### 8.1.2 | Social contributions

Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

### 8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

### 8.3 Accruals and payables not recognised

Accruals and payables not recognised are recorded in the notes to the financial statements at cost at the reporting date.

| 8.4   | Leases   |
|-------|--|
| 8.4.1 | Operating leases   |
|       | Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment.  |
|       | The operating lease commitments are recorded in the notes to the financial statements.   |
| 8.4.2 | Finance leases   |
|       | Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment.  |
|       | The finance lease commitments are recorded in the notes to the financial statements and are not apportioned between the capital and interest portions.   |
|       | Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of:  |
|       | cost, being the fair value of the asset; or  |
|       | <ul> <li>the sum of the minimum lease payments made, including any payments made to acquire<br/>ownership at the end of the lease term, excluding interest.</li> </ul>   |
| 9     | Aid Assistance   |
| 9.1   | Aid assistance received  |
|       | Aid assistance received in cash is recognised in the statement of financial performance when received. In-kind aid assistance is recorded in the notes to the financial statements on the date of receipt and is measured at fair value. |
|       | Aid assistance not spent for the intended purpose and any unutilised funds from aid assistance that are required to be refunded to the donor are recognised as a payable in the statement of financial position.                         |
| 9.2   | Aid assistance paid  |
|       | Aid assistance paid is recognised in the statement of financial performance on the date of payment. Aid assistance payments made prior to the receipt of funds are recognised as a receivable in the statement of financial position.    |
| 10    | Cash and cash equivalents  |
|       | Cash and cash equivalents are stated at cost in the statement of financial position.   |
|       | Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.  |
|       | For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.   |
| 11    | Prepayments and advances   |
|       | Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash.   |
|       | Prepayments and advances are initially and subsequently measured at cost.  |
| 12    | Loans and receivables  |

|      | Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the department's write-off policy.   |
|------|--|
| 13   | Investments  |
|      | Investments are recognised in the statement of financial position at cost.   |
| 14   | Financial assets   |
| 14.1 | Financial assets (not covered elsewhere)   |
|      | A financial asset is recognised initially at its cost plus transaction costs that are directly attributable to the acquisition or issue of the financial asset.  |
|      | At the reporting date, a department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.  |
| 14.2 | Impairment of financial assets   |
|      | Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the financial statements.  |
| 15   | Payables   |
|      | Payables recognised in the statement of financial position are recognised at cost.   |
| 16   | Capital Assets   |
| 16.1 | Immovable capital assets   |
|      | Immovable assets reflected in the asset register of the department are recorded in the notes to the financial statements at cost or fair value where the cost cannot be determined reliably. Immovable assets acquired in a non-exchange transaction are recorded at fair value at the date of acquisition. Immovable assets are subsequently carried in the asset register at cost and are not currently subject to depreciation or impairment. |
|      | Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.  |
|      | Additional information on immovable assets not reflected in the assets register is provided in the notes to financial statements.  |
| 16.2 | Movable capital assets   |
|      | Movable capital assets are initially recorded in the notes to the financial statements at cost. Movable capital assets acquired through a non-exchange transaction is measured at fair value as at the date of acquisition.  |
|      | Where the cost of movable capital assets cannot be determined reliably, the movable capital assets are measured at fair value and where fair value cannot be determined; the movable assets are measured at R1.  |
|      | All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.  |
|      |  |

### NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Movable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.

Biological assets are subsequently carried at fair value.

Subsequent expenditure that is of a capital nature forms part of the cost of the existing asset when ready for use.

### 16.3 Intangible assets

Intangible assets are initially recorded in the notes to the financial statements at cost. Intangible assets acquired through a non-exchange transaction are measured at fair value as at the date of acquisition.

Internally generated intangible assets are recorded in the notes to the financial statements when the department commences the development phase of the project.

Where the cost of intangible assets cannot be determined reliably, the intangible capital assets are measured at fair value and where fair value cannot be determined; the intangible assets are measured at R1.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Intangible assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.

### 16.4 Project Costs: Work-in-progress

Expenditure of a capital nature is initially recognised in the statement of financial performance at cost when paid.

Amounts paid towards capital projects are separated from the amounts recognised and accumulated in work-in-progress until the underlying asset is ready for use. Once ready for use, the total accumulated payments are recorded in an asset register. Subsequent payments to complete the project are added to the capital asset in the asset register.

Where the department is not the custodian of the completed project asset, the asset is transferred to the custodian subsequent to completion.

### 17 Provisions and Contingents

### 17.1 Provisions

Provisions are recorded in the notes to the financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured as the best estimate of the funds required to settle the present obligation at the reporting date.

### 17.2 | Contingent liabilities

Contingent liabilities are recorded in the notes to the financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department or when there is a present obligation that is not recognised because

|      | it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.  |
|------|---|
| 17.3 | Contingent assets   |
|      | Contingent assets are recorded in the notes to the financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department.             |
| 17.4 | Capital commitments   |
|      | Capital commitments are recorded at cost in the notes to the financial statements.  |
| 18   | Unauthorised expenditure  |
|      | Unauthorised expenditure is recognised in the statement of financial position until such time as the expenditure is either:   |
|      | approved by Parliament or the Provincial Legislature with funding and the related funds are received; or  |
|      | approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial performance; or   |
|      | Transferred to receivables for recovery.  |
|      | Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.   |
| 19   | Fruitless and wasteful expenditure  |
|      | Fruitless and wasteful expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the total value of the fruitless and or wasteful expenditure incurred.  |
|      | Fruitless and wasteful expenditure is removed from the notes to the financial statements when it is resolved or transferred to receivables or written off.  |
|      | Fruitless and wasteful expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.   |
| 20   | Irregular expenditure   |
|      | Irregular expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred unless it is impracticable to determine, in which case reasons therefor are provided in the note.                  |
|      | Irregular expenditure is removed from the note when it is either condoned by the relevant authority, transferred to receivables for recovery, not condoned and removed or written-off.  |
|      | Irregular expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.  |
| 21   | Changes in accounting estimates and errors  |
|      | Changes in accounting estimates are applied prospectively in accordance with MCS requirements.  |
|      | Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department |

|    | shall restate the opening balances of assets, liabilities and net assets for the earliest period  |
|----|---|
|    | for which retrospective restatement is practicable.   |
| 22 | Events after the reporting date   |
|    | Events after the reporting date that are classified as adjusting events have been accounted for in the financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the financial statements.   |
| 23 | Capitalisation reserve  |
|    | The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlying asset is disposed and the related funds are received. |
| 24 | Recoverable revenue   |
|    | Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.  |
| 25 | Related party transactions  |
|    | Related party transactions within the Minister/MEC's portfolio are recorded in the notes to the financial statements when the transaction is not at arm's length.   |
|    | The number of individuals and the full compensation of key management personnel is recorded in the notes to the financial statements.   |
| 26 | Inventories   |
|    | At the date of acquisition, inventories are recognised at cost in the statement of financial performance.   |
|    | Where inventories are acquired as part of a non-exchange transaction, the inventories are measured at fair value as at the date of acquisition.   |
|    | Inventories are subsequently measured at the lower of cost and net realisable value or where intended for distribution (or consumed in the production of goods for distribution) at no or a nominal charge, the lower of cost and current replacement value.  |
|    | The cost of inventories is assigned by using the weighted average cost basis.   |
| 27 | Public-Private Partnerships   |
|    | Public Private Partnerships are accounted for based on the nature and or the substance of the partnership. The transaction is accounted for in accordance with the relevant accounting policies.  |
|    | A summary of the significant terms of the PPP agreement, the parties to the agreement, and the date of commencement thereof together with the description and nature of the concession fees received, the unitary fees paid, rights and obligations of the department are recorded in the notes to the financial statements.  |
| 28 | Employee benefits   |
|    |   |

|    | The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is disclosed in the Employee benefits note.                     |  |  |  |
|----|---|--|--|--|
| 29 | Transfers of functions  |  |  |  |
|    | Transfers of functions are accounted for by the acquirer by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of transfer. |  |  |  |
|    | Transfers of functions are accounted for by the transferor by derecognising or removing assets and liabilities at their carrying amounts at the date of transfer.               |  |  |  |
| 30 | Mergers   |  |  |  |
|    | Mergers are accounted for by the combined department by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of the merger.   |  |  |  |
|    | Mergers are accounted for by the combining departments by derecognising or removing assets and liabilities at their carrying amounts at the date of the merger.                 |  |  |  |

## NOTES TO THE ANNUAL FINANCIAL STATEMENTS for the year ended 31 March 2020

### 1. Annual Appropriation

### 1.1 Annual Appropriation

Included are funds appropriated in terms of the Appropriation Act (and the Adjustments Appropriation Act) for National Departments (Voted funds) and Provincial Departments:

|                                   |                            | 2019/20 2018/19             |   |                            |                            |   |

| Penalties in respect of Legal fees | No                                | 10      |  |

| Total | 10 |
|-------|----|
|       |    |

### 25. Key management personnel

|   | No. of<br>Individuals | 2019/20 | 2018/19 |
|---|-----------------------|---------|---------|
|   |                       | R'000   | R'000   |
| Political office bearers (provide detail below) | 1                     | 4 003   | 1 978   |
| Officials:                                      |                       |         |         |
| Level 15 to 16                                  | 5                     | 9 461   | 9 057   |
| Level 14  | 14                    | 18 547  | 20 905  |
| Family members of key management personnel      |                       |         |         |
| Total   |                       | 32 011  | 31 940  |

### 26. Non-adjusting events after reporting date

| Nature of event | 2019/20<br>R'000 |
|-----------------|------------------|
| Covid 19        | 114 000          |
| Forensic Unit   | 38 733           |
| Total           | 152 733          |

This includes an outbreak of covid19 which resulted in estimated budget cut of R114 000 from baseline on the 2020/21 budget and the transfer of forensic unit to Office of the Premier (OTP) as from 01/08/2020. Initial budget was R38 733 and it was subsequently decreased by R10 239 to cater for the budget cut. The remaining budget as at 1 August 2020 that was transferred to OTP is R19 996.
