### **PROVINCIAL TREASURY CIRCULAR PT/MF 06 OF 2020/21**

#### **PREPARATION, SUBMISSION AND PUBLICATION OF THE 2020/21 MFMA SECTION 72 MID-YEAR BUDGET AND PERFORMANCE ASSESSMENT REPORT AND THE 2020/21 ADJUSTMENTS BUDGET**

The purpose of this circular is:

- To draw the attention of the Accounting Officers of municipalities and municipal entities to the legislative requirements regarding the preparation of the 2020/21 Mid-Year Budget and Performance Assessment Report as well as the 2020/21 Adjustments Budget. This circular is also intended to guide delegated municipalities on the approach to be followed in undertaking the two processes indicated above;
- To inform municipalities of Provincial Treasury's intention to engage the municipalities with respect to their 2020/21 Mid-Year Budget and Performance Assessment Reports with the aim of influencing/advising on the 2020/21 Adjustments Budget;
- To circulate the Provincial Gazette reflecting the adjusted allocations from the Provincial Government; and
- To inform municipalities that the adjusted allocations from the National Government through the Division of Revenue Amendment Bill (DoRB) will be published and made available by National Treasury.

**The following aspects are covered in this circular:**

- A. Separation of the tabling dates to Council for the 2020/21 Mid-Year Budget and Performance Assessment Report and the Adjustments Budget;
- B. Format of the 2020/21 Mid-Year Budget and Performance Assessment Report;
- C. Preparation of the 2020/21 Mid-Year Budget and Performance Assessment Report;

- D. Assessment of the 2020/21 Mid-Year Budget and Performance Assessment Report and engagements with municipalities;
- E. The 2020/21 Adjustments Budget Process;
- F. Importance of preparing a funded 2020/21 Adjustments Budget;
- G. Format for the 2020/21 Adjustments Budget;
- H. Impact of the mSCOA Regulations on the 2020/21 Adjustments Budget Process;
- I. Assessment of the 2020/21 Adjustments Budget;
- J. The 2020/21 Adjusted Allocations;
- K. Publication of the 2020/21 Mid-Year Budget and Performance Assessment Report and the Adjustments Budget; and
- L. Submission of the 2020/21 Mid-Year Budget and Performance Assessment Report and the Adjustments Budget.

**A. Separation of the tabling dates for the 2020/21 Mid-Year Budget and Performance Assessment Report and the Adjustments Budget**

Section 54(1)(f) of the Municipal Finance Management Act, Act No.56 of 2003 (MFMA) requires the Mayor to submit the Mid-Year Budget and Performance Assessment Report in terms of Section 72 of the MFMA to Council by 31 January of each year while Regulation 23(1) of the Municipal Budget and Reporting Regulations (MBRR) states that the Adjustments Budget may be tabled any time after the Mid-Year Budget and Performance Assessment Report but not later than 28 February of the current year.

In order for the Provincial Treasury to carry out its oversight responsibilities, **municipalities are discouraged from tabling their Adjustments Budgets together with their 2020/21 Mid-Year Budget and Performance Assessments Reports in January 2021.** This will allow the Provincial Treasury time to assess the 2020/21 Mid-Year Budget and Performance Assessment Reports and provide input to the municipalities' preparation of the 2020/21 Adjustments Budgets. In addition, for Provincial Treasury to effectively plan the assessments and the engagements with the delegated municipalities with respect to their 2020/21 Mid-Year Budget and Performance Assessment Reports, municipalities are required in terms of Section 74(1) of the MFMA to provide the proposed tabling dates to Council for both the 2020/21 Mid-Year Budget and Performance Assessment Report and the 2020/21 Adjustments Budget via the respective Budget Analysts to Provincial Treasury by no later than **11 January 2021.**

All municipalities must submit their 2020/21 Adjustments Budgets documentation together with the Budget Funding Plan (where applicable) to Provincial Treasury and upload their 2020/21 Adjustments Budget (ADJB) data strings to the National Treasury LG Portal by no later than **one week before tabling in Council** (or on an earlier date as agreed with the municipality) in order to enable Provincial Treasury to perform a preliminary funding assessment of the 2020/21 Adjustments Budget prior to its tabling in Council for approval.

**B. Format of the 2020/21 Mid-Year Budget and Performance Assessment Report**

Regulation 33 of the MBRR requires that a Mid-Year Budget and Performance Assessment Report must be in the format specified in Schedule C and include all the required tables, charts and explanatory information and any guideline issued by the Minister. It must be noted that in the 2019/20 financial year, two municipalities in the province did not submit their Mid-Year Budget and Performance Assessments Reports in the prescribed format of the MBRR. This was despite the ongoing support

provided by Provincial Treasury to all delegated municipalities to ensure compliance with the MFMA and the MBRR in all areas of reporting. Therefore, all municipalities are required to ensure that they comply in the current financial year and timeously request the support of Provincial Treasury, should it be required.

Some municipalities still do not populate or adequately populate Table SC1: *Material variance explanations* which requires a municipality to indicate the reasons for material variances as well as the remedial steps taken to address the material variances. **It is therefore compulsory for all municipalities to populate Table SC1: *Material variance explanations*. Municipalities should also use the narrative document to provide additional and detailed reasons for the variances.**

Some municipalities still do not accurately report on their cash flow Tables C7 where for instance, there are incorrect opening balances for Cash/cash equivalents in Table C7 and/or cash inflows significantly exceed the Year-To-Date billed revenue as per Table C4 which are not justified or which are not accompanied by a reason for the occurrence. The cash position is one of the most important indicators of the financial health of a municipality therefore the accuracy of the cash flow Tables C7 is imperative as it directly impacts on the funding position of a municipality. Over and above the accuracy of the aforementioned table and as per MFMA Circular No. 67, municipalities are also required to submit copies of supporting documents to Provincial Treasury such as the Bank reconciliations, Bank statements, Investments registers, Grants registers as well as the Trial balances as at 31 December 2020. This will assist Provincial Treasury in conducting the assessment of the municipalities' cash position as at 31 December 2020 as well as verifying the accuracy of figures reported in the Schedule C.

Please note that **Version 6.4 of the Schedule C - new DM codes MSCOA (the Excel Formats) must be used for the compilation of the 2020/21 Mid-Year Budget and Performance Assessment Reports.** This version can be downloaded from the National Treasury's website on the following link:

<http://mfma.treasury.gov.za/RegulationsandGazettes/Pages/default.aspx>

Refer to **Annexure A** for a summary of the requirements for the preparation of the Mid-Year Budget and Performance Assessment Report.

**Failure to submit the MFMA Section 72 Report in the correct format constitutes a contravention of Regulation 33 of the MBRR promulgated through Section 168 of the MFMA. Thus, non-compliance with Regulation 33 of the MBRR can be construed as financial misconduct in terms of Section 171(1)(a) of the MFMA which states that *the Accounting Officer of a municipality commits an act of financial misconduct if that Accounting Officer deliberately or negligently contravenes a provision of this Act.* In such instances, Provincial Treasury may not be able to provide any comments on the municipalities' Mid-Year Budget and Performance Assessment Report.**

### **C. Preparation of the 2020/21 Mid-Year Budget and Performance Assessment Report**

Section 72(1)(a) of the MFMA states that *the Accounting Officer of a municipality must by 25 January of each year assess the performance of the municipality during the first half of the financial year.* The MFMA requires the Accounting Officer to consider the following amongst others when compiling the Mid-Year Budget and Performance Assessment Report:

- The monthly MFMA Section 71 reports;
- The service delivery performance during the first half of the financial year;
- The past year's annual report; and
- The performance of every municipal entity during the first half of the financial year.

National Treasury uses the monthly MFMA Section 71 reports as submitted by municipalities for the first six months as the basis for their annual 2<sup>nd</sup> Quarter MFMA Section 71 publication.

- **Municipalities must therefore ensure that there is perfect alignment between the figures reflected in the MFMA Section 71 data strings for the first six months of the financial year and the MFMA Section 72 Mid-Year Report.** In this regard, Provincial Treasury hereby noted with concern that in the 2019/20 financial year, all delegated municipalities submitted the **MFMA Section 72 Mid-Year Budget and Performance Assessment Reports which were not aligned to their MFMA Section 71 data strings.**
- **Municipalities are required to ensure that the Schedule C utilised for their Mid-Year Budget and Performance Assessment Report is generated directly from their financial system which will ensure full alignment between the mSCOA data string and the Mid-Year Budget and Performance Assessment Report.**
- Municipalities are therefore urged to strive to improve the quality of the reports for their Mid-Year Budget and Performance Assessment Reports and MFMA Section 71 reports. **This could be achieved by amongst others, timeous preparation of monthly Schedule C reports and timely submission of the reports to Council, National and Provincial Treasuries.** The municipalities must also address all the concerns raised by Provincial Treasuries in the In-Year Monitoring (IYM) assessments (including all feedback provided by the Provincial Treasury mSCOA advisors) and consider the implementation of proposed recommendations.
- The municipalities must also timely upload to the National Treasury's LG Upload Portal, the monthly data strings for MFMA Section 71 reports which are comprised of In-Year Monthly, Creditors and Debtors. **The municipalities are not allowed to restate the mSCOA data string submitted on a monthly basis. This is due to the fact that once the month is closed on the system, the municipalities are unable to go back into the period to edit information already submitted. Therefore, the correction of segment validation errors must be made immediately after being identified and not retrospectively.**
- Since National Treasury has discontinued the use of returns as a form of reporting from the beginning of the 2019/20 financial year, information is sourced directly from the mSCOA data strings to publish all budget related and MFMA Section 71 information. This has therefore placed an emphasis on the municipalities to strive to upload accurate mSCOA data strings timeously.

Failure by municipalities to ensure timeous and successful uploading of accurate information to the LG Upload Portal will negatively affect the alignment between the data strings and Schedule C report.

Should the municipality report different figures to National Treasury via their MFMA Section 71 Reports as compared to the figures reported to Council in the Mid-Year Budget and Performance Assessment Report in terms of Section 72 of the MFMA, this will be construed as financial misconduct in terms of Section 171(1)(d)(i) of the MFMA, which states that *the Accounting Officer of a municipality commits an act of financial misconduct if that Accounting Officer deliberately or negligently provides incorrect or misleading information in any document which in terms of a requirement of this Act must be submitted to the Mayor or Council of the municipality, or to the Auditor-General, the National Treasury or other organ of state.*

**Provincial Treasury will thus consider this as non-compliance and consequently may not assess the municipalities' 2020/21 Mid-Year Budget and Performance Assessment Report.**

In the preparation of their Mid-Year Budget and Performance Assessment Reports, municipalities are strongly encouraged to refer to their prior years' assessments and comments provided by Provincial Treasury and the assessment feedback provided on the IYM by Provincial Treasury to date for the 2020/21 financial year. This will assist in rectifying some errors and weaknesses identified and present an improved quality of information on the 2020/21 Mid-Year Budget and Performance Assessment Report.

#### **D. Assessment of the 2020/21 Mid-Year Budget and Performance Assessment Report and engagements with municipalities**

Provincial Treasury will undertake an assessment of the municipalities' 2020/21 Mid-Year Budget and Performance Assessment Report and intends to constructively engage all delegated municipalities on their Mid-Year Budget and Performance Assessment Reports prior to issuing a final feedback report to the municipalities. This is in line with Provincial Treasury's monitoring and oversight role.

Municipalities should note that the Mid-Year assessments will be based on MFMA Section 71 data strings that are uploaded to the National Treasury LG Upload Portal as the data string reflects the figures that the municipality has on their financial system and should be the same as the figures in the MFMA Section 72 report as detailed above.

It should be noted that due to the COVID-19 pandemic, municipalities will be engaged virtually provided that there are no changes in the current circumstances. The engagements will include discussions on amongst others:

- Performance against the Operating and Capital Budgets, Integrated Development Plan (IDP) and the Service Delivery and Budget Implementation Plan (SDBIP);
- Spending on Infrastructure delivery;
- Steps to address electricity and water losses;
- Special Adjustments Budget in terms of Section 32 of the MFMA;
- Progress on spending against national and provincial conditional grants;
- Preparation of the Adjustments Budget;
- Cash position at Mid-Year;
- Importance of tabling a funded Adjustments Budget;
- Status of the 2021/22 Budget preparation process;
- mSCOA Reporting requirements and challenges;
- mSCOA Modules implemented and in use by the municipality;
- Cash flow budgeting and transacting requirements;
- mSCOA Road map in terms of MFMA Circular No. 98;
- Supply Chain Management (SCM) related issues; and
- Internal Audit related issues.

These engagements will ensure that the responses and comments of the municipalities are considered and incorporated into Provincial Treasury's final feedback reports to be shared with municipalities. While the engagements will assist in identifying the challenges faced by municipalities, it will also assist in identifying critical areas in which municipalities require support. The outcome of the engagements as well as the final feedback reports on the Mid-Year Budget and Performance Assessment The feedback reports will then guide the preparation of the 2020/21 Adjustments Budgets. This is an attempt by Provincial Treasury to strengthen the quality and oversight of municipal budgeting and performance reporting.

With respect to these engagements, municipalities are required to prepare presentations which must cover the following at a minimum:

- Actual 2020/21 Mid-Year results;
- Reasons for material variances;

- Infrastructure delivery achievements for the 2020/21 financial year to date;
- 2020/21 Adjustments Budget and funding position thereof;
- Status of the 2021/22 Budget preparation;
- mSCOA Budgeting and reporting requirements and challenges; mSCOA Modules implemented and in use by the municipality;
- Cash flow budgeting and transacting requirements;
- mSCOA Road map in terms of MFMA Circular No. 98;
- mSCOA Budget alignment of Schedules A, B and C;
- SCM related issues; and
- Internal Audit related issues.

A template to guide municipalities with the preparation of the presentation will be sent in due course by your designated Budget Analyst. Municipalities should submit the presentations to Provincial Treasury at **least three working days prior to the scheduled engagement** to ensure that the information is disseminated timeously to all participants.

To ensure that all relevant role players in the budget and reporting process of the municipality are represented at the engagement, Provincial Treasury requires that **the Municipal Manager, the Chief Financial Officer and the Senior Managers** responsible for at least the three largest votes in the municipality, the manager responsible for budgeting, planning and any technical experts on infrastructure be available for the engagement. Furthermore, the mSCOA champion and the SCM and Internal Audit representatives should be in attendance at the engagement. The municipality is also encouraged to invite the Budget Steering Committee or Finance Committee Chairperson as the councillor responsible for financial matters to be part of the Mid-Year engagement meeting.

The designated Budget Analyst within Provincial Treasury will contact you in due course to arrange a date and time for the engagement.

**All 51 delegated municipalities in the province are required to table the feedback reports from Provincial Treasury on their Mid-Year Budget and Performance Assessments to their Municipal Council and include a paragraph in their Council resolutions as proof that this request was adhered to.** Provincial Treasury firmly believes that the tabling of the feedback reports from Provincial Treasury on the Mid-Year Budget and Performance Assessment Report will not only bring the issues raised by Provincial Treasury to the attention of Council. This will also empower the entire Council and administration on the collective approach to be followed by municipalities in implementing the recommendations as well as addressing all weaknesses identified with the intention of having an informed and funded Adjustments Budget.

#### **E. 2020/21 Adjustments Budget Process**

Section 72(3) of the MFMA requires that the accounting officer must as part of the (mid-year) review-

- make recommendations as to whether an adjustments budget is necessary; and*
- recommend revised projections for revenue and expenditure to the extent that this may be necessary.*

Regulation 23(3) of the MBRR requires that *if a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available Council meeting, but within 60 days of the approval of the relevant national or provincial Adjustments Budgets, table an Adjustments Budget referred to in Section 28(2)(b) of the MFMA in the municipal Council to appropriate these additional revenues.*

In terms of Section 28(2) of the MFMA, an Adjustments Budget -

- a) *must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;*
- b) *may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;*
- c) *may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;*
- d) *may authorise the utilisation of projected savings in one vote towards spending under another vote;*
- e) *may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council;*
- f) *may correct any errors in the annual budget; and*
- g) *may provide for any other expenditure within a prescribed framework.*

#### **F. Importance of preparing a funded 2020/21 Adjustments Budget**

**The importance of approving a funded budget by the municipalities in terms of Section 18(1) of the MFMA has always been emphasised by the National and Provincial Treasuries at every available opportunity. Similar to the 2020/21 Approved (Original) Budget process, all municipalities are expected to adopt a funded adjustments Budget in terms of Regulation 22(1) of the MBRR. Furthermore, Regulation 22(2) of the MBRR states that the supporting documentation to accompany an adjustments budget in terms of Section 28(5) of the Act must contain an explanation of how the adjustments budget is funded.**

This follows a resolution by the National Budget Forum that all the municipalities in the country are required to adopt funded budgets since unfunded budgets are no longer accepted. An unfunded budget suggests that the municipality's financial plan is unable to give effect to priorities identified by the municipalities in a particular financial year. Unfunded budgets are also a strong indication of impending financial distress about to occur at the municipality.

It must be brought to the attention of all the municipalities in the province that the 18 delegated municipalities with unfunded 2020/21 Approved (Original) Budgets as per the Provincial Treasury assessments were required by National Treasury to review and re-table funded Special Adjustments Budget. On 18 September 2020 National Treasury issued a letter indicating that the adjusted national allocations had been issued in terms of Sections 26 and 30(2)(c) of the Division of Revenue Act, 2020. All adjusted national allocations earmarked for municipalities were published in Government Gazette No. 43660 on 28 August 2020. The Special Adjustments Budget process thus affected all municipalities within the province as all Equitable share allocations were adjusted upwards to allow municipalities to fund expenditure which had to be incurred to combat the COVID-19 pandemic. Those municipalities whose budgets could still not achieve a funded position were required to also table a Budget funding plan indicating how and by when the budget would improve from an unfunded to a funded position.

**It must also be brought to the attention of all the municipalities that at the time of preparing this circular, the Equitable share tranche due to municipalities in December 2020 was withheld for certain the non-compliant municipalities which did not fully comply with the requirements as prescribed by National Treasury during the Special Adjustments Budget process.**

**It is therefore extremely important that all municipalities which adopted funded 2020/21 Approved (Original) Budgets and 2020/21 Special Adjustments Budgets continue to maintain the funding position in their 2020/21 Adjustments Budget. On the other hand, all the municipalities which approved unfunded 2020/21 Original and/or Special Adjustments Budgets must table the**

**2020/21 Adjustments Budgets which are not only aligned to the approved Budget funding plans but also demonstrate a positive progress in line with these Budget funding plans.**

Municipalities whose 2020/21 Special Adjustments Budgets were assessed by Provincial Treasury as unfunded must use the opportunity to correct their budgets through this process to ensure that their Adjustments Budgets that are to be tabled by 28 February 2021 are funded. An unfunded budget position is indicative that a municipality will not have adequate resources to fund its operational expenditure and to meet all their current liabilities over the MTREF.

Municipalities with unfunded 2020/21 Adjustments Budgets must follow one of the two options below:

### **Option 1**

Municipal Councils **must not approve** unfunded Adjustments Budgets. All the unfunded Adjustments Budgets must be revised until a funded position is achieved by;

- Calculating realistic anticipated revenue. The collection rate must be conservative considering the negative effects of COVID-19.
- Reducing expenditure in line with the realistic anticipated revenue.
- Adjust internal contributions to the capital programme in line with affordability or remove internal contributions from the budget if necessary.

Once a funded position has been achieved, table the 2020/21 Adjustments Budget to Council **on or before 28 February 2021** for approval and implementation.

### **Option 2**

Where a funded position cannot be achieved in the 2020/21 Adjustments Budget, the municipality must prepare a Budget funding plan as per MFMA Circular No. 93 which shows how the municipality intends to move from an unfunded to a funded position by reflecting a reduction in the budgeted Shortfall in Table B8 in 2020/21. The Budget funding plan must also clearly reflect the financial year in which the budget will move to a Surplus position on Table B8.

Where a municipality submitted a Budget funding plan with their 2020/21 Special Adjustments Budget, the Municipal Manager is required to table a revised Budget funding plan with the Adjustments Budget on or before **28 February 2021**, taking into account the revised National and Provincial Allocations for 2020/21 where applicable.

The Budget funding plan must include amongst others:

- Realistic anticipated revenue. The collection rate must be conservative considering the negative effects of COVID-19.
- Reduced expenditure in line with the realistic anticipated revenue.
- Adjusted internal contributions to the capital programme to be line with affordability on Table B7 or the internal contributions to the capital programme should be removed from the budget if necessary.
- A cash flow which presents a positive Cash and cash equivalents at year-end balance on Table B7 for the current year – including fixed cost obligations (Bulk suppliers –current account).
- A gradual improvement of Operating surpluses that will be used for the repayment of arrear obligations.

Municipalities are strongly encouraged to interact with their relevant Provincial Treasury officials well in advance of the tabling date of their Adjustments Budget. The purpose of this interaction is to provide

the Provincial Treasury officials sufficient time to review the draft Adjustments Budget and advise accordingly on the areas to be improved upon prior to the tabling of the 2020/21 Adjustments Budget in Council for approval. This is an attempt by Provincial Treasury to assist the municipalities to approve a funded 2020/21 Adjustments Budget. Regarding the municipalities with approved Budget funding plans as a result of the 2020/21 Special Adjustments Budget process, the interaction will assist in ensuring that these municipalities approve their 2020/21 Adjustments Budgets that are aligned to the plans as well as reflecting the positive progress in line with approved Budget funding plans and that there is no regression against the plans.

**Municipalities are also reminded to ensure that in the process of preparing their Adjustments Budgets, they do not increase the municipal taxes and tariffs during a financial year as per the requirement of Section 28(6) of the MFMA.**

#### **G. Format for the 2020/21 Adjustments Budget**

Regulation 21 of the MBRR states that *an Adjustments Budget and supporting documentation of a municipality must be in the format specified in Schedule B and include all the tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of Section 168(1) of the Act.*

It must be noted that the **Schedule B - mSCOA Version 6.4 - new DM codes MSCOA must be used for the compilation of the 2020/21 Adjustments Budget.** This version can be downloaded from the National Treasury's website on the following link:

<http://mfma.treasury.gov.za/RegulationsandGazettes/Pages/default.aspx>

Some municipalities still table in Council their Adjustments Budget in their own format and thereafter populate and submit the Schedule B. **This practice is illegal.** Regulation 14(1)(a) of the MBRR specifies that *an annual budget and supporting documentation tabled in a municipal Council in terms of Sections 16(2) and 17(3) of the Act must be in the format in which it will eventually be approved by the Council.*

Municipalities must therefore table in Council, their Adjustments Budgets in the prescribed format as set out in Schedule B of the MBRR and submit the pdf copies to the National and Provincial Treasuries. The mSCOA data string (ADJB) and the Project Detail Adjustments Budget (PRAD) must be uploaded to the LG Database portal. Refer to **Annexure B** for a summary of the requirements.

When processing virements in the annual budget, the municipalities must consider MFMA Circular No. 51 and MFMA mSCOA Circular No. 8, ensure that the virements are made in accordance with the municipality's approved virements policy and ensure that the principles contained in MFMA Circular No. 51 and MFMA mSCOA Circular No. 8 are adhered to.

Municipalities are again reminded that in terms of Regulation 23 of the MBRR, they must table the *adjustments budget referred to in Section 28(2)(b), (d) and (f) of the MFMA in the municipal council at any time after the mid-year budget and performance assessment is tabled in council, but not later than 28 February of the current year.*

#### **H. Impact of the mSCOA Regulations on the 2020/21 Adjustments Budget Process**

The introduction of the mSCOA framework necessitates municipalities to update their virements policy. MFMA Circular No. 89 indicated that the principles of MFMA Circular No. 51 are still applicable and relevant. The only difference is that a transaction in mSCOA relates to six regulated segments therefore all segments must be considered when making a virement. Municipalities are urged to review their virements policy and update references to "Vote" to align to the function segment and indicate the funding applicable to the item being transferred in relation to the funding segment. Therefore, with the implementation of mSCOA, virements can only take place within a function or sub-function and the same source of funding. The creation of new projects or savings across functions can only take place

through an Adjustments Budget. **A change in the funding, function or project segment constitutes an Adjustments Budget as per Section 28(2) of the MFMA. Restrictions and/or limitations within MFMA Circular No. 51 and MFMA mSCOA Circular No. 8 must be adhered to when aligning the virement policy to the requirements of mSCOA.**

During the verification of the 2020/21 Approved Budget mSCOA data string (ORGB) to the Council Approved Budget (Schedule A), it was noted that no municipalities within the province had perfect alignment of the mSCOA data string (ORGB) to the Council approved Schedule A. Municipalities are urged to understand the errors in the mSCOA data string (ORGB) and to correct them accordingly in the 2020/21 Adjustments Budget. Some of the reasons for the differences are attributable to the errors in Schedule A's which were approved in Council. The other reason is due to the fact that the approved Schedule A was not extracted or prepared directly from the financial system of the municipality.

The Adjustments Budget process must therefore be used to correct all errors identified in the past six months and ensure that the Adjustments Budget (Schedule B) presented to Council for adoption is free from all errors.

Municipalities must further ensure that the Schedule B and the Adjustments Budget mSCOA data string (ADJB) are both produced from the financial system to eliminate the possibility of any differences and/or misalignments. Refer to **Annexure C** for further guidance on the preparation of the budget on the financial system.

Municipalities are encouraged to begin the Adjustments Budget process timeously in order to ensure that amongst others, the information in the Schedule B to be presented to Council is accurate and perfectly aligns to the mSCOA data string (ADJB). In this regard, municipalities may send the Schedule B to Provincial Treasury and upload the draft mSCOA data string (ADJB) to the LG Database portal at least three days before tabling to Council. Provincial Treasury will thereafter review the Schedule B against the data string and provide feedback to the municipality for further correction before the Schedule B is adopted in Council.

Municipalities must notify Bronwyn Govender ([Bronwyn.govender@kzntreasury.gov.za](mailto:Bronwyn.govender@kzntreasury.gov.za)) (033 897 4200/ 082 957 7110) or your respective Budget Analyst at Provincial Treasury when the draft mSCOA data string (ADJB) is uploaded and send the proposed Schedule B to the same officials at Provincial Treasury in order for the differences between these two sources to be identified and communicated to the municipality timeously.

Municipalities must ensure that the **PRAD** is aligned to the financial data contained in the Adjustments Budget. That is, municipalities must ensure that the IDP contains all projects from the strategic initiative of the municipality and that projects are aligned to the Adjustments Budget.

**Municipalities are reminded of the requirement of MFMA Circular No. 72 to capture and 'lock' the Council approved budget on the financial system to enable municipalities to manage their revenue and expenditure in line with the Approved Adjustments Budget. Differences and/or misalignments between the Adjustments Budget mSCOA data string (ADJB) and the Council approved Adjustments Budget indicates that the municipality is NOT transacting against the legally adopted Adjustments Budget approved by Council in terms of Section 28 of the MFMA.**

## **I. Assessment of the 2020/21 Adjustments Budget**

Municipalities should note that the funding position for the 2020/21 Adjustments Budgets will be determined based on the ADJB data strings that must be submitted by municipalities with the 2020/21 Adjustments Budgets. The ADJB data string reflects the figures that the municipality has on its financial system. The assessment will consider the cash flow impact of budgeted Operating revenue and expenditure (Table B4) as well as Capital expenditure (Table B5) as reflected in the ADJB data string. For instance, municipalities should note that if the amounts reflected in the ADJB data string for Table B5 (Capital expenditure) are incorrect, the incorrect amounts will be carried forward to Table B7 when assessing the Adjustments Budget.

Municipalities should also note that incorrect figures reflected in the 2020/21 ADJB data strings not only impact the funding position of the 2020/21 Adjustments Budget but also have a significant impact on the assessment of the 2021/22 budget, an example being on the 2021/22 opening Cash and cash equivalent balance. Thus, the poor quality of the data strings will have a negative impact on a municipality's cash flow position, which could cause the municipality's budget to be assessed as unfunded and the municipality could face the risk of National Treasury withholding the municipality's Equitable share in terms of Section 38 of the MFMA.

#### **J. The 2020/21 Adjusted Allocations**

Regulation 23(3) of the MBRR states that *if a national or provincial adjustments budget allocates or transfer additional revenue to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.*

Based on Regulation 23(3) of the MBRR as described above, the municipalities must note the following regarding the 2020/21 adjusted allocations in order to meet the requirements of the regulation:

- The Provincial Gazette which was published on 10 December 2020 attached as **Annexure D**.
- The adjusted allocations from National Government through the Division of Revenue Amendment Bill (DoRB) will be published and made available by National Treasury. Once they are available, the adjustments allocations can also be found using the following link:

<http://mfma.treasury.gov.za/RegulationsandGazettes/Pages/default.aspx>

#### **K. Publication of the 2020/21 Mid-Year Budget and Performance Assessment Report and Adjustments Budget**

Municipalities must comply with Regulation 34 of the MBRR which requires that *within five working days of 25 January each year the municipal manager must make the Mid-Year Budget and Performance Assessment public by placing it on their website.*

Regulation 26 of the MBRR prescribes the timeframe for the publication of the approved Adjustments Budget. Regulation 26 of MBRR states that *within ten working days after the Municipal Council has approved an adjustments budget, the municipal manager must in accordance with Section 21A of the Municipal Systems Act make public the approved Adjustments Budget and supporting documentation including the resolutions referred to in Regulation 25(3).* The Adjustments Budget must also be placed on the municipal website within five days after tabling in Council as per Section 75(1) and (2) of the MFMA.

#### **L. Submission of the 2020/21 Mid-Year Budget and Performance Assessment Report and Adjustments Budget**

Section 72(1)(b) of the MFMA requires that a report on the performance of the municipality (Mid-Year Budget and Performance Assessment Report) be submitted to the Mayor, Provincial Treasury and National Treasury. Submission of the Adjustments Budget to National and Provincial Treasuries is required by Section 28(7) of the MFMA.

Municipalities are urged to ensure compliance with the following submission dates of both the pdf format;

- Mid-Year Budget and Performance Assessment Reports must be submitted on or before **25 January 2021** to the Mayor and the National and Provincial Treasuries as per Regulation 35(a) of the MBRR;

- The monthly data strings must be uploaded to the LG Database portal on or before **15 January 2021** as per Section 71 of the MFMA;
- 2020/21 Adjustments Budget must be submitted **within ten working days after** the municipal Council has approved the Adjustments Budget to National and Provincial Treasuries as per Regulation 24(1) of the MBRR; and
- Furthermore, the 2020/21 Adjustments Budget mSCOA data string (ADJB) and the Project Detail Adjustments Budget (PRAD) must be uploaded to the LG Database portal **within ten working days after** the municipal Council has approved the Adjustments Budget.

Please note that failure to adhere to the submission requirements as indicated above may lead to the Mid-Year Budget and Performance Assessment Reports and 2020/21 Adjustments Budgets of the municipalities not being assessed and the municipality not receiving valued comments thereon from Provincial Treasury.

Accounting Officers are urged to submit the Adjustments Budgets tabled to Council in the Schedule B format (Version 6.4) to the Provincial Treasury by the next working day following day of approval in order to allow the Provincial Treasury to commence with the assessments timeously.

The Accounting Officer must also, as per the above-mentioned deadlines, submit the relevant budget documents **in pdf format** to the National and Provincial Treasuries as set out in:

- Schedule C of the MBRR - 2020/21 Mid-Year Budget and Performance Assessment Report; and
- Schedule B of the MBRR - 2020/21 Adjustments Budget.

The contact details are as follows:

#### **National Treasury**

#### **Provincial Treasury**

Electronic copies of the required documents must be e-mailed to [mfma@kzntreasury.gov.za](mailto:mfma@kzntreasury.gov.za).

Municipalities are urged to comply with the above sections as it is a vital step in the 2020/21 Mid-Year Budget and Performance Assessment and Adjustments Budget processes.

The onus rests on the Accounting Officer to ensure that the municipality fully complies with all the reporting requirements, however, Mayors are urged to ensure that their respective municipalities adhere to the requirements of this Circular.

## ANNEXURE C

### Guidance on the preparation of the Budget on the financial system

#### Project segment:

- All capital and operational projects are broken down, with the exception of municipal running costs and linked to the IDP.
- Municipal running cost is only for the items required for the organisation to function (critical to running the municipality) e.g. payment of water, electricity, rental of building, salaries, telephone etc.).
- Typical work streams must be utilised fully in the municipality.
- All projects must be on the IDP. (i.e. Project capital, Project operational and Operational default)
- Repairs and Maintenance must be broken down to lowest project and NOT linked to municipal running costs.
- Travel subsistence must be linked to specific projects (typical work streams and not municipal running cost).
- Where inventory is being utilised for an operating maintenance project, allocate budget as per the GRAP 12 requirements. Bulk purchases - water must be treated as water inventory (Additions/Acquisitions, Issues) in line with the requirements of GRAP 12.
- Verify that existing (asset that currently exists) and new (never existed before) infrastructure and non-infrastructure have been classified correctly.
- For existing infrastructure and non-infrastructure, verify that upgrading (additional usage or functionality) and renewal (restoring the asset to previous condition) is correctly applied.
- Validate that both preventative and corrective maintenance has been budgeted and transacted against correctly, including emergency maintenance.
- Operational infrastructure and non-infrastructure projects are budgeted for in accordance with GRAP (assessment of the SLA undertaken to ensure that the asset is not under the control of the municipality and definition of asset is not met).
- Default on projects is only applied to items: revenue, current assets, liabilities (exceptions per validation rules are acceptable), net assets, gains and losses including opening balances.

#### Function Segment:

- Core and non-core functions have been determined as per constitutional mandate.
- Salaries should be allocated to predominant function and may not be posting to a one-line item. Section 57 employees must be correctly allocated per function
- Function must have direct relation to service being provided

#### Item Segment:

- Salaries for senior management must be specified as per the mSCOA chart (breakdown based on benefits).
- Councillors remuneration and boards of entities must be specified as per chart (breakdown based on benefits).
- Revenue items must be against the relevant Function e.g. Refuse Removal Fees => Function: Waste. Revenue should match the function and funding source.
- Travel and Subsistence items must be broken down into accommodation, transport with/without operator etc.
- Revenue forgone must have the correct segmentation based on the raising of the debtor classification (net revenue effect); Municipalities must raise the billing and then the rebate/revenue foregone against the correct Project Operational: Typical workstream.

- Garnishing of wages should not be separately budgeted for as this is included in the gross salary cost/budget.
- Transfers and subsidies – in kind (asset or good received) and monetary allocations (physical cash) must be correctly applied.
- Contract workers should be allocated to basic salaries (employee costs e.g. EPWP).
- Outsourced services (should have capacity to perform function internally), consultants and professional services (specialised skill) and contractors (not in the business of the municipality) should be correctly classified.
- Depreciation should be budgeted for by class of asset, both on Item: Expenditure and Item: asset. Project segment will be municipal running cost.
- Balance sheet items (movement) must be budgeted for e.g. payment on long term loan, collection of revenue from debtors, payment of creditors etc.
- Conditional Grants must first be allocated to unspent liabilities and then recognised (transfer to revenue/capital expenditure) as the expenditure is being incurred. (Match the income to the expenditure).
- The municipality must budget for the business process (The accrual of revenue/expenditure and the cash movement collection/payment thereby accounting for Balance Sheet budgeting as well as double entry principle)
- The municipality to separately account for Debt impairment (Provisioning) and Bad debt write off per the position paper of Debt impairment and Debt write off.

#### **Fund segment:**

- Funding source must be allocated to all cash movements (from the initiation of the process until to payment/collection) linked to the bank account (deposit and withdrawal separately) – This will correctly generate the cash flow if proper movement accounting is used.
- Non-cash movements such as depreciation, write-offs, impairment, billing of debtors should be indicated as non-funding transactions including opening balances.
- Grants that are unspent should be cash backed.
- Collection of revenue via a category of debtor accounts should be linked to the same funding source.
- Payments of balance sheet items such as loans and creditors must be linked to a funding source.
- Grant funding should balance i.e. Grant income = Grant expenditure plus VAT.
- Municipalities are to consider the MFMA Circular 10 and 11 of the mSCOA Regulations.

#### **Regional Segment:**

- Verify that the correct level of the Regional Ward level is used for locals and district.
- Whole of municipality is used where the entire municipal jurisdiction benefits from the service.
- Admin and Head Office is used for internal functions that has no direct impact on community.

## HIGH ALERT: SCAM WARNING!!!

### TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

[PROCUREMENT@GPW-GOV.ORG](mailto:PROCUREMENT@GPW-GOV.ORG)

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

*GPW* has an official email with the domain as [@gpw.gov.za](mailto:@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

*GPW* will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

*Government Printing Works* gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

## Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

### How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [www.gpwonline.co.za](http://www.gpwonline.co.za)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.
